By Omar Abdullah Awal

For Moslems who are soldiers, the world can become a very dangerous place, with trials and hardship in every corner, but for those who have Faith in Allah, and those who adhere to the commandments of Islam, and believe in the truth of the Holy Koran, they will find in this book, a compilation of some powerful verses in the Moslem holy which, which Allah has taught us, so that we may find peace, love, safety and success in them. In this book, we will list the Koran verse with translation, transliteration and some explanation, and also explore the factors which determine success in war by studying notes and experiences from hundreds of lived examples and lists the rules which have proven to result in military success over time and clime.

By highlighting the fine lines and rules which determine a nation's success, this book will glean noteworthy comparisons from ancient battles to today and set the rule for total victory in war for all Moslem soldiers and offer detailed explanation on

how to be victorious for the Moslem commanders.

Historically, Moslem-majority nations have been great nations, and they have had many enemies, who wanted to destroy the Islamic civilisation and are still targeting many aspects of morality. In order to maintain this civilisation, and this religious morality and ancient traditions, Moslems must become proactive and try to be utterly careful in their daily affairs. There are several powerful organisations that have targeted Moslems in recent years, and have been framing the religious people for various crimes, and is trying to incite the world population to rally against Moslem government, but should the Moslem soldiers adhere to the military rules in this booklet, then they will be saved from permanent annihilation.

There is no way a Moslem will lose a war if he or she follow recites these prayers from the Koran, and adheres to these rules!

win battles and achieve victory**

PART 1

Prayers for winning war useful to any military commander, civilian or soldier:

Whenever under bomb attack, recite the Koran
verse 39:53 abundantly until succour is
delivered:

Verse in Arabic:

39:53 سورة الزمر - (The Troops) - Surat Az-Zumar

لَا تَقْنَطُوا مِنْ رَحْمَةِ اللَّهِ ۚ إِنَّ اللَّهَ يَغْفِرُ الذُّنُوبَ جَمِيعًا إِنَّهُ هُوَ الْغَفُورُ الرَّحِيمُ

Sahih International
Say, "O My servants who have transgressed against themselves [by sinning], do not
despair of the mercy of Allah . Indeed, Allah forgives all sins. Indeed, it is He who is
the Forgiving, the Merciful."

**Translation: In the verse 53 of Chapter 39 of
the Koran, God declares to mankind, "Do not
despair of the mercy of Allah. Indeed, Allah
(God) forgives all sins. Indeed, it is He who is
the Forgiving, the Merciful."**

**Transliteration: La taqnatu mirrahmatillah
inallaha yaghfiruzzunuba jameea-inna huu
huwal ghafooruraheem**

**For winning a war or battle, every
fighting man or woman, from foot
soldier and commanders should read
this verse continuously while waging
battle, and they are sure to be
victorious:**

The first verse of Chapter Victory (48:1):

إِنَّا فَتَحْنَا لَكَ فَتْحًا مُّبِينًا ﴿١﴾

**Translation: Indeed, We have given you a clear
conquest.**

**Transliteration: Inna fathahnalaka
fathammubeenaa**

The verse 61:13 of the Koran:

نَصْرٌ مِّنَ اللَّهِ وَفَتْحٌ قَرِيبٌ
"Help from Allah and a near victory".

Translation: Help and victory from God is near!

Transliteration: Nasrumminallahi wafathun
qareeb

Verse 35:1 of the Koran:

إِنَّ اللَّهَ عَلَى كُلِّ شَيْءٍ قَدِيرٌ
”بے شک اللہ ہر چیز پر قادر ہے“

Translation: Verily, God has power over all things.

Transliteration: Innallaha ala kulli shayin
qadeer

Verse 67:1 of the Koran:

In the name of Allah, the Entirely Merciful, the Especially Merciful.

تَبَارَكَ الَّذِي بِيَدِهِ الْمُلْكُ وَهُوَ عَلَى كُلِّ شَيْءٍ قَدِيرٌ

Tabaaraka lazee biyadihil mulku wa huwa 'alaa kulli shai-in qadeer

Translation: Blessed is He in whose hand is the dominion, and He is over all things competent.

Transliteration: Tabarakallazee biyadihil mulku wahuwa alakulli shayin qadeer

Verse to be recited when aboard a vehicle, plane or tanks:

Every single soldier should read these verses constantly after getting on a vehicle:

Read the 67th verse of Chapter 39 of the Holy Koran:

Transliteration: Wa maa qadarul laaha haqqa qadrihee wal ardu jamee ‘an qabdatuhoo Yawmal Qiyaamati wassamaawaatu matwiyyaatum biyameenih; Subhaanahoo wa Ta’aalaa ‘amma yushrikoon

English translation: “And in no way did they estimate Allah His true estimate; and the earth all together will be His grasp on the Day of the Resurrection, and the heavens will be folded in His Right Hand. All Extolment be to Him, and Supremely Exalted be He above whatever they associate (with Him)!” (Koran, 39:67)

If someone recites these verses upon entering a vehicle, no matter how damaged the car is, or how severely the vehicle is bombed, it will not injure or harm the occupant of the vehicle.

There have been many cases of people reporting that even after their car skidded off the road and rolled over cliffs, the people inside did not suffer any injury and did not have to go to hospitals. This verse’s miraculous powers have been confirmed many times, and

any reader who utters this with faith, purity and sincerity will be safe from car accidents and harm.

Prayers for Journeys and Travelling:

Read verse 14 of Chapter 43 of the Holy Koran:

سُبْحَانَ الَّذِي سَخَّرَ لَنَا هَذَا وَمَا كُنَّا لَهُ مُقْرِنِينَ وَإِنَّا إِلَىٰ رَبِّنَا لَمُنْقَلِبُونَ

Subhanallazi Sakhkhara lana haza wama kunna,
lahoo muqrineen, wa inna ila Rabbina
Lamunqalibun

**Transliteration: Subhan Alladhi Sakh-khara
Lana Hadha Wa Ma Kunna Lahu Muqrinin. Wa
Inna Ila Rabbina Lamunqalibun**

English translation: “Exalted is He who has subjected this to us, and we could not have [otherwise] subdued it. And indeed we, to our Lord, will [surely] return.” (Koran, 43:14)

Read the above verse of the Holy Koran immediately upon entering a vehicle, plane or ship, and God willing, the passenger will be safe from accidents, death, or injury.

While there are thousands of verses in the Holy Koran which provide the solution to all ailment, troubles and suffering in the world, there are certain pre-requisites to have any prayer accepted by Allah.

God is pure and only accepts good deeds from pure people who keeps their heart, mind and body clean.

Cleanliness and celibacy are considered to be part of Faith, and therefore, no prayer or verse in the Koran and no litany in Islam will be valid or acceptable if the reciter is ritually impure or does not have faith.

Be Ritually Pure:

What makes a person impure?

In order to read every prayer in this booklet, and every verse in the Koran, one is required to be pure.

It is obligatory to be clean, both mentally and physically before reading or touching the Holy Koran.

While most people have an idea of what it means to have a clean body, in Islam, one can only be considered clean if the heart and mind is equally pure, meaning if anyone thinks of a lustful action, or even dreams of having carnal desires, or glances lustfully at any graphic image, or looks at the body parts of people of the opposite gender, the person immediately becomes unclean, and must take a full immersive bath or shower where every hair follicle of the body must be moist, to ritually clean the body and pray for the heart's filth to be removed. Only then will one be permitted to recite the verses of the Koran.

For anyone who is not ritually clean, reading or touching the Koran is a grave sin and completely forbidden, and reciting all the powerful verses in the filthy condition will not come to any use, and will not benefit the user.

So, in order to make sure you get results from reading these verses, you must be ritually pure, and have a clean heart and pure mind, which is free from slavery, disbelief, doubts or desires.

TORTURE:

In war, there are many instances in which soldiers get captured by the enemy, and in most cases, the captors do not adhere strictly to international laws.

Ideally, all prisoners of war should and must be treated according to the standards set by international laws, but there are times when this is not the case, and thousands of men who were imprisoned by their enemy suffered brutal pain and suffering.

During the second world war, the German army was suffering from hunger, illness and lack of supplies because their government was failing, and the Allies, particularly the American troops, encouraged the German men to give up their arms and surrender to the US forces, promising to treat them with kindness and uphold the standard set by the Geneva Convention, but after the Germans surrendered, they were immediately shipped off to open air camps near the Rhine river and millions of prisoners were kept in the open field without any food, water or shelter, or any roof over their head. Many suffered painful deaths.

If prisoners find themselves in difficult situation, then they should read the following verses.

Prayers to be read to escape TORTURE:

When cornered by the enemy or if one is being tortured, and you find no way out, recite these prayers nonstop, and utter them repeatedly in any dire desperate situation where the enemy has you surrounded.

Recite these verses with passion:

Chapter 9, Verse 79:

سَخِرَ اللَّهُ مِنْهُمْ وَلَهُمْ عَذَابٌ أَلِيمٌ

Translation: God will cause their scoffing to rebound on themselves, and grievous suffering awaits them. (9.79)

Transliteration: Sakirallahu Minhum- walahum azaabun aleem

The last verse of Chapter 9:

حَسْبِيَ اللَّهُ لَا إِلَهَ إِلَّا هُوَ عَلَيْهِ تَوَكَّلْتُ وَهُوَ رَبُّ الْعَرْشِ الْعَظِيمِ

Transliteration: HasbiyAllahu laa ilaaha illa huwa alayhi tawakkaltu wa huwa Rabbul arshil adheem.

Translation: “Sufficient for me is Allah; there is no deity except Him. On Him I have relied, and He is the Lord of the Great Throne.” (The Koran 9:129)

Transliteration: HasbiyAllahu laa ilaaha illa huwa alayhi tawakkaltu wa huwa Rabbul arshil adheem.

**When under severe attack,
read the following verses
from the Holy Koran at least
a hundred times:**

Verse 21 of Chapter 28:

Translation: “My Lord! Deliver me from the wrongdoing people.” (Koran, 28:21)

This line was earnestly spoken by the noble Prophet of God, Moses, who beseeched to his Lord upon being hunted by the enemy, and God answered his prayers and saved him from the terror of the Pharoah and his pagan people. Whoever recites this verse from the Koran will be doubtlessly assisted by God in the same manner, provided it is read with sincerity and hope.

Transliteration: rabbi najjini minal qaumizalimeen.

Reading the thirtieth verse of the 29th chapter of the Koran is extremely helpful in warding off the vile plans of the enemy, because it is the prayer which the Prophet Lot had uttered when he felt utterly helpless against the mischief of his people, and as soon as he

prayer thus to God, he was saved from the calamity.

رَبِّ أَنْصُرْنِي عَلَى الْقَوْمِ الْمُفْسِدِينَ ،

Rabbin surnee 'alal qawmil mufsideen

Translation: “My Lord! Help me against the people of corruption.” (Koran, 29:30)

Transliteration: Rabbin surni alal qaamil mufsideen.

Reading the verse 286 of the second chapter of the Koran is also helpful in solving any problems:

رَبَّنَا وَلَا تُحَمِّلْنَا مَا لَا طَاقَةَ لَنَا بِهِ ۖ وَاعْفُ عَنَّا وَارْحَمْنَا ۖ أَنْتَ مَوْلَانَا فَانصُرْنَا عَلَى الْقَوْمِ الْكَافِرِينَ

Rabbana wa laa tuhammilnaa ma laa taqata lanaa bihi; wa'fu 'annaa waghfir lanaa warhamnaa; Anta mawlaanaa fansurnaa 'alal aawmil kaafireen.

Translation: “Our Lord, do not impose blame upon us if we have forgotten or erred. Our Lord, and lay not upon us a burden like that which You laid upon those before us. Our Lord, and burden us not with that which we have no ability to bear. And pardon us; and forgive us; and have mercy upon us. You are our protector, so give us victory over the disbelieving people.” (Koran 2:286)

Transliteration: Rabbana la tu akhithnaa innaseenaa aw akhtaana. Rabbana walatuhammilna mala taqatalama bih wafu anna waghfirlana warhamma anta maulana fansurna alal qawmil kafiireen

When you start losing a battle, or find that a defeat is imminent, whether you are a foot soldier, or a commander responsible for a division, recite the tenth verse from

the 54th chapter of the Holy Koran abundantly.

Should you read this, you will find that difficulty removed immediately. This is a powerful verse because the prophet Noah had called unto his Lord using these lines, and he was aided with many miracles:

**Translation: Then he called on his Lord: "I am one overcome: do Thou then help (me)!"
(Chapter Qamar, verse: 10)**

Transliteration: Rabbi anni maghlubun fantasir.

Include the 40th verse of Chapter Abraham from the Holy Koran every time you invoke for God's help.

Recite these three verses together, and God willing, you will find your difficulty leaving you.

Translation: “Our Lord, and accept my supplication.” (Koran 14: 40)

Transliteration: Rabana wataqabbal duaa.

Reciting verse 101 from Chapter Joseph of the Holy Koran can ease any hardship, and the reciter will also gain knowledge.

﴿ رَبِّ قَدْ آتَيْتَنِي مِنَ الْمُلْكِ وَعَلَّمْتَنِي مِنْ تَأْوِيلِ الْأَحَادِيثِ فَاطِرَ السَّمَاوَاتِ وَالْأَرْضِ أَنْتَ وَلِيِّ فِي الدُّنْيَا وَالْآخِرَةِ تَوَفَّنِي مُسْلِمًا وَأَلْحِقْنِي بِالصَّالِحِينَ ﴾

[يوسف: 101]

Rabbi qad ataytanee mina almulki waAaallamtanee min ta'weeli al-ahadeethi fatira

Translation: “My Lord, You have given me [something] of sovereignty and taught me of the interpretation of dreams. Creator of the heavens and earth, You are my protector in this world and in the Hereafter. Cause me to die a Muslim and join me with the righteous.” (Koran, 12:101)

**Transliteration: Rabbi qad ataitani minal mulki waallam tani min taweel ahaadeeth,

**walakhirah tawaffani muslimay waaljiqni

Repeatedly.

**When situation becomes extremely difficult
and confusing and hardship upon hardship
comes your way, begin reciting several of the
most concise but powerful chapters of the
Koran.**

The chapters are listed below:

Chapter 94:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
 أَلَمْ نَشْرَحْ لَكَ صَدْرَكَ ۖ وَوَضَعْنَا عَنْكَ وِزْرَكَ ۚ
 الَّذِي أَنْقَضَ ظَهْرَكَ ۖ وَرَفَعْنَا لَكَ ذِكْرَكَ ۚ فَإِنَّ
 مَعَ الْعُسْرِ يُسْرًا ۖ إِنَّ مَعَ الْعُسْرِ يُسْرًا ۖ فَإِذَا
 فَرَغْتَ فَانصَبْ ۖ وَإِلَىٰ رَبِّكَ فَارْغَبْ ۝

Translation: In the name of Allah, the Most Gracious, the Most Merciful.

“Did We not expand for you, your breast? And We removed from you your burden, Which had weighed upon your back, And raised high for you your repute. For indeed, with hardship [will be] ease. Indeed, with hardship [will be] ease. So, when you have finished [your duties], then stand up [for worship]. And to your Lord direct [your] longing.”

Transliteration: Bismillaahir Rahmaanir Raheem

 Wa ilaa rabbika far ghab.

Chapter 106:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

لَا يَلْفُفُ قُرَيْشٌ ۖ (١) إِلَّا فِيهِمْ رِحْلَةَ الْشَتَاءِ وَالصَّيْفِ
فَلْيَعْبُدُوا رَبَّ هَذَا الْبَيْتِ ۖ (٢) الَّذِي أَطْعَمَهُمْ
مِّنْ جُوعٍ وَآمَنَهُمْ مِّنْ خَوْفٍ ۖ (٣)

Translation: “In the name of Allah, the Entirely Merciful, the Especially Merciful.

For the accustomed security of the Quraysh – Their accustomed security [in] the caravan of winter and summer - Let them worship the Lord of this House. Who has fed them, [saving them] from hunger and made them safe, [saving them] from fear.”

Transliteration: Bismillaahir Rahmaanir Raheem

Alam yaj'al kaidahum fee tadleel
Wa arsala 'alaihim tairan abaabeel
Tarmeehim bihijaaratim min sijjeel
Faja 'alahum ka'asfim m'akool.

In addition to these two chapters, recite the fifth verse of the first chapter of the Koran.

Since the first chapter of the Koran begins this great scripture, the verse within is exceptionally powerful and provide protection against all foes. Indeed, the Quran is a cure for the ailments of the heart and soul. If one is sad and depressed, merely reciting verses of the Quran can lift one's spirit.

In the Koran, there are solutions for all ailments, pertaining to his world and the Hereafter. Specifically, the Chapter Fatiha, which is also known as al-Shifa (healing), can be recited if one is sick. If you recite the first chapter of the Koran to a sick person, God willing, he will be cured.

Translation: It is You we worship and You we ask for help. (Koran, 1:5)

**Transliteration: Iyyakana abudu
waiyyakanastaeen.**

When under most severe attacks from enemy bombing or mortar shelling, then read aloud repeatedly the last two verse of chapter Hashr, or the 22nd verse of the 59th chapter of the Koran.

هُوَ اللَّهُ الَّذِي لَا إِلَهَ إِلَّا هُوَ عِلْمُ الْغَيْبِ وَالشَّهَادَةِ هُوَ الرَّحْمَنُ الرَّحِيمُ
 (22) هُوَ اللَّهُ الَّذِي لَا إِلَهَ إِلَّا هُوَ الْمَلِكُ الْقُدُّوسُ السَّلَامُ الْمُؤْمِنُ
 الْمُهَيِّمُ الْعَزِيزُ الْجَبَّارُ الْمُتَكَبِّرُ سُبْحَانَ اللَّهِ عَمَّا يُشْرِكُونَ (23)
 هُوَ اللَّهُ الْخَلِيقُ الْبَارِئُ الْمُصَوِّرُ لَهُ الْأَسْمَاءُ الْحُسْنَى يُسَبِّحُ لَهُ مَا فِي
 السَّمَوَاتِ وَالْأَرْضِ وَهُوَ الْعَزِيزُ الْحَكِيمُ (24)

Translation: "He is Allah, other than whom there is no deity, Knower of the unseen and the witnessed. He is the Entirely Merciful, the Especially Merciful. He is Allah, other than whom there is no deity, the Sovereign, the Pure, the Perfection, the Bestower of Faith, the Overseer, the Exalted in Might, the Compeller, the Superior. Exalted is Allah above whatever they associate with Him. He is Allah, the Creator, the Inventor, the Fashioner; to Him belong the best names. Whatever is in the heavens and earth is exalting Him. And He is the Exalted in Might, the Wise." (Koran, 59:22)

Transliteration: Huwal-laahul-lazee laaa Ilaaha illaa Huwa 'Aalimul Ghaibi wash-shahaada; Huwar Rahmanur-Raheem. Huwal-laahul-lazee laaa Ilaaha illaa Huwal-Malikul Quddoosus-Salaamul Muminul Muhaiminul-'aAzeezul Jabbaarul-Mutakabbir; Subhaanal laahi 'Ammay yushrikoon. Huwal Laahul Khaaliqul Baari 'ul Musawwir; lahu Asmaa'ul Husnaa; yusabbihu lahu maa fis samaawaati wal ardi wa Huwal 'Azeezul Hakeem.

When food becomes scarce and starvation comes over a nation, group or a platoon of soldiers, recite following verses to gain sufficient sustenance:

اللَّهُمَّ رَبَّنَا أَنْزِلْ عَلَيْنَا مَائِدَةً مِنَ السَّمَاءِ تَكُونُ
لَنَا عِيدًا لِأَوَّلِنَا وَآخِرِنَا وَآيَةً مِنْكَ وَارْزُقْنَا
وَأَنْتَ خَيْرُ الرَّازِقِينَ

Allahuma Rabbana Anzil Alaina Mai'datam
Minas Samai Takunu Lana idal li awwalina wa
Aakhirina wa ayat minka wa Rzuqna wa Anta
Khayru-Raziqueen

Translation: Jesus, son of Mary, prayed, “O Allah, our Lord! Send us from heaven a table spread with food as a feast for us—the first and last of us—and as a sign from You. Provide for us! You are indeed the Best Provider.” (Koran, 5:114)

Transliteration: Allahumma rabbana anzil alaina maaidatamminassamaa itakunulana eedalli awwalina wa akhirina. Warzuqna wa anta khairur raziqueen.

Early Christians often asked prophet Jesus to pray for them, and bring them food from heaven and so, Jesus prayed to God and asked for nourishments, and they were showered with bounties from Allah, so when in any difficulty or facing starvation, read the above

verse abundantly, and you will have plenty of food as a result.

Reading the second and third verse of Chapter 65 of the Koran is also very beneficial, and will give the reader instant food, medicine and any form of sustenance he or she may require. This verse offers hope, healing and literally a way all troubles. The premise is simple — have faith and hope in God and read the following verse and you will find a way out of every problem.

وَمَنْ يَتَّقِ اللَّهَ يَجْعَلْ لَهُ مَخْرَجًا (٢) وَيَرْزُقْهُ مِنْ حَيْثُ لَا يَحْتَسِبُ
وَمَنْ يَتَوَكَّلْ عَلَى اللَّهِ فَهُوَ حَسْبُهُ إِنَّ اللَّهَ بَالِغُ أَمْرِهِ قَدْ جَعَلَ اللَّهُ لِكُلِّ شَيْءٍ قَدْرًا (٣)

Translation: And whosoever fears Allah and keeps his duty to Him, He will make a way for him to get out (from every difficulty). And will provide for him from where he does not expect. And whoever relies upon Allah – then He is sufficient for him. Indeed, Allah will accomplish His purpose. Allah has already set for everything a [decreed] extent. (Koran, 65:2, 3)

Transliteration: Wa mayyttaqillaha yajallahu
makhrajaa. Wa yarzuqhu min haisu laa
yahtasib; wa many yatawakkal ‘alal laahi
fahuwa husbuh; innal laaha baalighu amrih;
qad ja’alal laahu likulli shai’in qadraa.

**Recite the Prayer of Moses, which is the 24th
verse of Chapter 28:**

رَبِّ اِنِّى لِمَا اَنْزَلْتَ اِلَى مِنْ خَيْرٍ فَقِيْرٌ

Transliteration Rabbi inni lima anzalta ilayya min khairin faqir

Translation: "My Lord! Truly, I am in need of
whatever good that You bestow on me!"
(Koran, 28:24)

Transliteration: Rabbi inni lima anzalta ilayya
min khayrin faqir.

**Prophet Moses had recited this line and prayed
to God to complain about the dire situation he
was in after fleeing the persecution of the
Pharaoh, and as a result of his prayer, God
opened many doors for him, and made him the
leader of his people. He was initially in need of
food, water, shelter, a family, and safety. With
one prayer he was granted all of that.**

**"Just that you do the right thing.
The rest doesn't matter."**

- Marcus Aurelius

**A similarly powerful verse is the 19th verse of
Chapter 42:**

﴿اللَّهُ لَطِيفٌ بِعِبَادِهِ يَرْزُقُ مَنْ يَشَاءُ وَهُوَ الْقَوِيُّ الْعَزِيزُ﴾

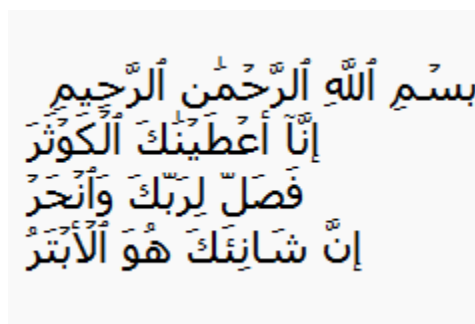

**Translation: Allah is Kind with His servants; He
gives provisions to whom He wills. And He is
the Powerful, the Exalted in Might. (Koran,
42:19)**

**Transliteration: Allahu lateefun biAAaibadihi
yarzuqu man yashao wahuwa alqawiiyyu
alAAazeez.**

**In addition to the above verses, make it a part
of your daily habit to read Chapter Kawthar,
chapter Kuraish, and Chapter Alamnashrah, or
Chapters 94, 106 and 108 a hundred times**

each preferably for wealth, health and bounties.

The translation and transliteration of the chapters 94 and 106 has been given above, so here is the text of Chapter 108:

Translation: In the name of Allah, the Entirely Merciful, the Especially Merciful. Indeed, We have granted you, abundance. So pray to your Lord and sacrifice [to Him alone]. Indeed, your enemy is the one cut off. (Koran, Chapter 108)

Transliteration: Bismillah hir rahman nir Raheem. Innaaa a'tainaa kal kauthar. Fasalli li rabbika wanhar. Inna shaani'aka huwal abtar.

When vehicle is on fire or building is on fire or a platform is shaking, cry out aloud, several verses from the Koran, and summon Allah as the greatest.

Translation: Allah is the greatest, Allah is the greatest. There is no deity (no god) besides Allah and Allah is the greatest. Allah is the greatest and to Allah all praises belong.

Transliteration: Allahu Akbar. Lailahaillahu wallahuakbar Allahu akbar wa lillahil hamd.

Read verse number 69 from the Chapter Prophets in the Holy Koran, because it is the verse in which God instruct the fire to become cool and comfortable for His beloved Apostle Abraham, after Abraham was tossed into a blazing fire by the pagans for rejecting their gods.

﴿قُلْنَا يَا نَارُ كُونِي بَرْدًا وَسَلَامًا عَلَىٰ إِبْرَاهِيمَ﴾

[الأنبياء : 69]

Translation: God said, "O fire! Be thou cool,
and [a source of] inner peace for Abraham!"
(Koran, 21:69)

Transliteration: yā nāru kunī bardaw wa
salāman 'alā ibrahīm

If soldiers are trapped in the desert lands, and
suffer from heat, then reading this line would
help them find shade and coolness.

**If you fear the enemy will
find your location, read this
many times.**

Or if you feel an enemy is watching you or
finding out your position, everyone in the army

**platoon should recite non-stop the ninth verse
of Chapter Yasin:**

وَجَعَلْنَا مِنْ بَيْنِ أَيْدِيهِمْ سَدًّا وَمِنْ خَلْفِهِمْ سَدًّا فَأَغْشَيْنَاهُمْ فَهُمْ لَا
يُبْصِرُونَ ﴿٩﴾

and have placed a barrier before them and a barrier behind them and covered them "all" up, so they fail to see

**Translation: And We have put a barrier before
them and a barrier behind them, and have
covered them up, so they are unable to see.
(Koran, 36:9)**

**Transliteration: Wajaalna mim bayni aideehem
saddawa wamin khalfihim saddan fa
aghshainahum fahum la yubsiroon.**

**When injured, recite Chapter Fatiha, or the first
chapter of the Holy Koran 70 times after every**

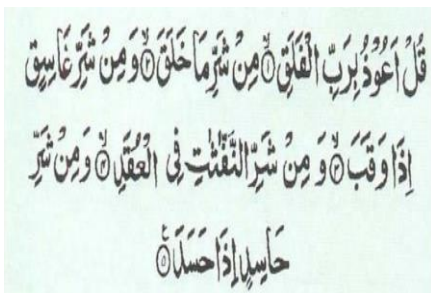

prayer and blow on water and on the injured body part, and soon, you will recover.

Since the first chapter of the Koran is known to most people, I will add the text briefly below:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Guide us to the straight path -

1:7

The path of those upon whom You have bestowed favour, not of those who have evoked [Your] anger or of those who are astray.

Fatiha is the first chapter of the holy Koran, and is known as the opening lines. Every verse within the chapter contains unlimited power and benefits for the reader, and offers a path to salvation for anyone in any extenuating circumstances.

يَا حَفِيزُ / **Ya Hafeezu**

Call Allah by His special names, Ya Hafeezu, 12000 times because this word means that Allah is the Protector who will protect man. Ya Hafeezu literally means O, the Protector or Preserver). The base word Al-Hafiz means the Guarding One, or the Protector, and the One who Preserves what He created. Allah is the guardian and protector of everything. He preserves all creations and remembers all that has ever been and all that is. He is the protector of The Koran and vowed to safeguard it from being changed or perverted, as was the case with previous scriptures.

Along with addressing Allah Ya Hafeezu, add Ya salaamu 12000 times and blow on injured part of body and on water and drink it, and do not stop reciting these prayers every day and do not stop this routine even if it takes six months to completely heal the injury. Indeed, this is one of the most powerful Allah's names for health and safety.

One of
Allah's Names

الْبَارِيُّ

Al-Bāri'
(The Designer)

Read also Allah's beautiful name, Ya Bariu, Ya Allah, also one thousand times and blow on body. The name, Al Baariu means the Evolver, or the Maker and The Creator who has the Power to turn the entities. Al-Baari is the one who decreed things to exist out of nothing in a specific manner. Creates shape from nothing that has no model or similarity. This attribute demonstrates that God manifests His creations in perfect harmony and in perfect proportions without any faults.

يَا قُدُّوسُ

Ya Quddus

Read Ya Quddusu and Ya Hayyu for long life 1000 times and blow on body. This prevents diseases from inhibiting in the body. Al-Quddus means one Who is the Apparent – free from every defect and shortcoming, and is

beyond thought forms or the grasp of the mind.

Hayyu means ever-living, and is one of the names of Allah, which we find in the Koran. The 65th verse of Chapter 40 of the Koran discusses about God's ever-living attribute: 'He is the Ever-Living; there is no deity except Him, so call upon Him, [being] sincere to Him in religion. [All] praise is [due] to Allah, Lord of the worlds.' (Koran 40:65) God is known as Hayy, because He is the one responsible for all creation. There would be no life without His willingness to allow it. So, we recognise Him as being the only source we should turn to and rely upon for our sustenance. So, whenever you feel ill or stressed, call upon God with the two names, Ya Hayyu, Ya Quddusu.

**“No one is hated
more than an honest
man.”**

— Plato

**Read Chapter Quraish (chapter number 106)
360 times and blow on body for good health.
(The translation and transliteration of this
chapter is given above.)**

PRAYERS FOR HEALTH:

**Read the verses of kursi 70 times and blow on
body and water flask.**

**The verses of Kursi are the 255th verse of the
second chapter of the Koran, and are given
below:**

اللَّهُ لَا إِلَهَ إِلَّا هُوَ الْحَيُّ الْقَيُّومُ لَا تَأْخُذُهُ سِنَّةٌ وَلَا نَوْمٌ لَهُ مَا فِي
 السَّمَوَاتِ وَمَا فِي الْأَرْضِ مَنْ ذَا الَّذِي يَشْفَعُ عِنْدَهُ إِلَّا بِإِذْنِهِ يَعْلَمُ مَا بَيْنَ
 أَيْدِيهِمْ وَمَا خَلْفَهُمْ وَلَا يُحِيطُونَ بِشَيْءٍ مِّنْ عِلْمِهِ إِلَّا بِمَا شَاءَ وَسِعَ
 كُرْسِيُّهُ السَّمَوَاتِ وَالْأَرْضَ وَلَا يَئُودُهُ حِفْظُهُمَا وَهُوَ الْعَلِيُّ الْعَظِيمُ

Allah! There is no god 'worthy of worship' except Him, the Ever-Living, All-Sustaining. Neither drowsiness nor sleep overtakes Him. To Him belongs whatever is in the heavens and whatever is on the earth. Who could possibly intercede with Him without His permission? He 'fully' knows what is ahead of them and what is behind them, but no one can grasp any of His knowledge—except what He wills 'to reveal'. His Seat¹ encompasses the heavens and the earth, and the preservation of both does not tire Him. For He is the Most High, the Greatest.²

English Translation: “And when I am ill, it is He Who cures me;” (Koran, 26:80)

Transliteration: Wa iza maridtu fahuwa yashfeen.

This is one of the supplications which Prophet Abraham used to recite as he declared the Oneness of God and attested that only Allah has the power to cure and save.

Read the verse 44 of the 41st chapter of the Holy Koran:

قُلْ هُوَ لِلَّذِينَ آمَنُوا هُدًى وَشِفَاءً

Translation: And declare that [the Quran] is a guidance and healing for the believers. (al-Fussilat, 41:44)

Transliteration: Qulhuwa lil-ladheena amanoo hudan wa shifa.

Inshallah, you will be cured.

When in a war-torn country, and you find yourself surrounded by uncertain adversities, then, for protection, read the following verses every day after every prayer and teach your children and family these verses as well:

Verses of Protection can be found in the following chapters, and can be read diligently by the commanders of the army for the protection of the entire platoon.

Rule number 1 to win wars:

NEVER ENGAGE IN SEXUAL ACTS!

In addition to reciting the following prayers, Moslem soldiers must remain chaste and never engage in sexual acts, even if it is with legal spouse, because when a person becomes indulgent in lust and desires, their heart becomes cold and unfeeling, and their prayers do not have any effect.

Don't ever rape or give food and rations to people in return for sex and sexual favours.

Never ever allow any sexual assault to take place in the Moslem army. Stop your comrades from all sexual sin.

Report your teammates secretly and move away from their vicinity when you see any of them committing a rape. Any country that gets involved in rape not only dies, but every

female member of his family is raped by enemy forces who take over their country. Whenever a country gets involved in rape or even gets a chance to rape, it is a tell-tale sign that country will most assuredly lose that war.

Even for food and ration, do not take any sexual favours from anyone. Every single German soldier of the Second World War that was sexually involved with girls and gave them rations and food coupons for sexual favours had their wives and girlfriends sexually assaulted by enemy forces when their country was taken over. For this research, several thousand journals and letters of German soldiers were read and their wives' letters were read and their daughters were interviewed and every single soldier's wives, daughters and sisters, without any exception, got sexually assaulted and the rest had to give sexual favours to every single Mongolian regiment soldier and Allied soldiers and other European soldiers for every scrap of food for the next 20 years. There was no exception.

Not a single exception.

Control yourself. Never think of lustful actions, or look at women. Think of your enemies enslaving your daughters and sleeping with your wives after killing you and giving birth to

their race, destroying your identity and nationality. That is what happened in Germany. Karma is so real that it starts to get scary. Every single soldier's family suffered for their sin, and the Moslem soldier will be even more greatly punished for his sins.

Every single soldier's every single female relatives in Germany were starving, and had to serve every single foreign soldiers sexually, for the next 20 years for every meal, and gave birth to millions of children born from a race that had brutally killed their husbands and fathers and brothers.

There are tens of thousands of evidences without any exception. Thousands of journals, letters and interviews of their children proves it over and over again.

Rule of Etiquette:

DO NOT take people's food.

Every Moslem soldier must remember never take food by force. Every single military unit in history that seized food and other products from innocent people or forcibly took items which belonged to the civilians, they all ended up in terrible situations. Study some of the

real-life events which took place in the second world war. Some German soldiers that faced acute starvation in the Eastern Front forcefully took food away from civilians in order to survive. Every last of those soldiers died and every last of those soldiers were tortured with starvation for months and years and survived on eating the dead rats and some of them were forced into cannibalism of their dead teammates.

Moslem soldiers must remember that the curses of the oppressed civilians come true. Never ever, no matter how severe the starvation, never take food by force. Trust me, that food won't save you and you will get diarrhoea or face starvation after getting captured or a million different kind of torture will come to you but you will never gain anything by stealing that food by forcefully taking it from civilians.

Every single one of the German soldiers that forcefully took livestock and food from the civilians and sometimes even threatened them with shooting, they all ended up dead anyway, but after inhumane suffering and torture and the kind of starvation that made them survive on rat and dead dogs.

If you are meant to survive, Allah will help you survive. You cannot prolong your life by stealing, or resorting to unjust means.

Don't fight fate by hurting others.

You will never live longer by hurting others.

You will live up to whichever time Allah has written in your fate to live up to, but the torture you do to civilians, even out of necessity, will make the rest of your living days more painful and agonising than the worst hell. Never does a man survive life by killing or looting and plundering.

Prayers to Defeat an Enemy:

For the destruction and surrender of your enemy read the following verses:

Read Chapter Fil (105th chapter of the Holy Koran) 360 times after Isha (night prayer) every day.

Surah Al-Fil

أَلَمْ تَرَ كَيْفَ فَعَلَ رَبُّكَ بِأَصْحَابِ الْفِيلِ

Tarmeehim bihijaaratom min sijjeel
Faja 'alahum ka'asfim m'akool

Your enemy will be destroyed the way the
army of elephants were destroyed during the
prophet's birth.

English Translation of the 105th chapter:

Seest thou not how thy Lord dealt with the
Companions of the Elephant?

Did He not make their treacherous plan go
astray?

And He sent against them Flights of Birds,
Striking them with stones of baked clay.

Then did He make them like an empty field of stalks and straw, (of which the corn) has been eaten up.

In addition to the 105th chapter, read Chapter Lahab 133 times after Isha (night prayer) every day for the enemy's might and power to be perished.

Chapter Lahab is the 111th chapter of the Holy Koran:

Bismillaahir Rahmaanir Raheem

Tab bal yadaa abee Lahabin-wa labb; Mlaa aghna 'anhu maaluhu wa ma kasab

Translation: “So, the wrongdoers were utterly uprooted. And all praise is for Allah—Lord of all worlds.” (Koran, 6:45)

Transliteration: faqutia dabirul qaumillazeena zalamu, walhamdulillahi rabbil allameen.

When you feel overwhelmed, your weapons and ammunition run out or you are under equipped, read the following verses:

Reading the 83rd verse of Chapter 21 is also very helpful in becoming free from pain and sorrow:

أَنِّي مَسْنِي الضُّرِّ وَأَنْتَ أَرْحَمُ الرَّاحِمِينَ

Translation: “AND [remember] Job, when he cried out to his Sustainer, “Affliction has befallen me: but Thou art the most merciful of the merciful!” [Chapter Prophets; 21:83]

**Transliteration: Rabbi anni massaniya l-ḍuru
wa-anta arḥamu l-rāḥimīn.**

Prophet Ayyub (Job) had uttered these profound words when he faced great affliction, and made a heartfelt supplication to his God, seeking relief from illness, distress, and adversity. This prayer is a beautiful expression of faith and love, acknowledging God's mercy and seeking His relief in times of hardship. Reciting this verse can bring comfort and solace during difficult times.

Read the 62nd verse of Chapter 27:

أَمَّنْ يُجِيبُ الْمُضْطَرَّ إِذَا دَعَاهُ وَيَكْشِفُ السُّوءَ وَيَجْعَلُكُمْ خُلَفَاءَ
الْأَرْضِ أَأَلَهُ مَعَهُ اللَّهُ قَلِيلًا مَا تَذَكَّرُونَ ﴿٦٢﴾

Translation: "Is He [not the best one] who responds to the desperate one when he calls upon Him, relieving 'their' affliction, and 'Who' makes you successors in the earth? Is it another god besides Allah? Yet you are hardly mindful!" (Koran, 27:62)

**Transliteration: Ammay yujeebul maddarra iza
daahu wayaqshissuu awayajalahu khulalfa
alard.**

Reading this verse many times grants instant relief and help from unexpected sources.

Read the 12th verse of Chapter 44 of the Noble Koran:

﴿رَبَّنَا اكْشِفْ عَنَّا الْعَذَابَ إِنَّا مُؤْمِنُونَ﴾

[الدخان : 12]

Rabbana ikshif AAanna alAAathaba inna mu'minoon

English translation: "Our Lord, remove from us the torment; indeed, we are believers." (Koran, 44:12)

Transliteration: Rabbanakshif annaladhaba inna muminoon

**When you are trapped between enemy lines,
and find no apparent means of getting away,
then read the following verses or if you are
terrified of the enemy's next plot and cannot
gauge their plan, then with sincere faith, read
the following two verses non-stop:**

Quran Chapter 3

وَمَكُرُوا وَمَكَرَ اللَّهُ وَاللَّهُ خَيْرُ الْمَكِرِينَ ﴿٥٤﴾

**English translation: "And they made a plan, but
Allah also planned—and Allah is the best of
planners." (Koran, 3:54)**

**Transliteration: Wamakuru wamkrallah
wallahu khairul makireen.**

**Read the 17th verse of Chapter 8 of the Holy
Koran:**

وَمَا رَمَيْتَ إِذْ رَمَيْتَ وَلَكِنَّ اللَّهَ رَمَى

**English translation: "When thou threwest it
was not thy act, but Allah's:" (Koran, 8:17)**

Transliteration: Wamaramayta izramayta wala kinnallaha rama.

The above two verses are very useful in war, because when you read this, your enemy will be destroyed with their own plots, or be impaled by their own swords, figuratively speaking.

Read these verses innumerable times and the enemy will be destroyed by their own plots.

If you fear getting captured, recite the following verses from the Holy Quran, and should you find yourself as a prisoner, reading the following lines will help you find freedom.

Read the 87th verse of Chapter Prophets:

لَا إِلَهَ إِلَّا أَنْتَ سُبْحَانَكَ إِنِّي كُنْتُ مِنَ الظَّالِمِينَ

Translation: “There is no deity except You; exalted are You. Indeed, I have been of the wrongdoers.” (Koran, 21:87)

Transliteration: Lailaha illa anta subhanaka inni kunti minalzalimeen.

Those who are familiar with the story of Prophet Yunus (Jonas) know that when Prophet Yunus decided to leave the city of Nineveh in hopes to find a city that would more readily accept him and the message of God, he was kicked off and abandoned by his ship members, and then swallowed by a whale, and left in darkness. At this moment he cried out remembering his Lord, praising Allah, admitting his faults in the matter by saying “Indeed, I have been of the wrongdoers.” God saw the genuine and sincere apology he made and helped him. This short verse also encompasses one of the most basic tenets of Islam, which is the unity of God.

**Reading the tenth verse of
Chapter 54 saves the reciter
from any calamity.**

رَبِّ أَنِّي مَغْلُوبٌ فَانتَصِرْ

Rabbi anni maghlubun fantasir.

**My Lord, Indeed, I am
overpowered, so help
(me).**

**Translation: “O Allah! I am overpowered,

Koran is also very helpful in escaping from
difficult circumstances.**

Translation: “Blessed is Allah, Lord of the worlds.” (Koran, 7:54)

Transliteration: tabaarakal laahu Rabbul ‘aalameen.

Read the 83rd verse of Chapter 26:

Quranic Dua

رَبِّ هَبْ لِي حُكْمًا وَأَلْحِقْنِي بِالصَّالِحِينَ

Translation: “My Lord! Bestow upon me wisdom, and join me with the righteous.” (Koran, 26:83)

Transliteration: Rabbi Habli Hukman Wa Alhiqni Bis Saliheen.

Prophet Abraham used to use these words to seek guidance from Allah, and every time he faced adversities, Allah helped him.

**If you get captured and are getting tortured,
then earnestly recite the following verses from
the Holy Koran:**

**Read the following verse which Prophet Musa
(Moses) often recited to seek aid from Allah.**

**Translation: "O my Lord! save me from the
wrongdoing people. (Chapter Al Qasas 28:21)**

**Transliteration: Rabbi najjini minal quw
mizzalemen.**

Read the following verse from Chapter Yusef of the Holy Koran, because it is very profound and powerful due to the fact it was recited by the father of Joseph when he heard his son was missing. God then sent knowledge and a path to the ailing and grief-stricken father and father and son was united.

انما اشكو بثي وحزني الى الله

INNAMA ASHKU BATHI
WA HUZNI ILA ALLAH

Translation: "I will address my sorrow and grief only to Allah." (Koran, 12:86)

حَسْبِيَ اللَّهُ لَا إِلَهَ إِلَّا هُوَ عَلَيْهِ تَوَكَّلْتُ
وَهُوَ رَبُّ الْعَرْشِ الْعَظِيمِ (١٢٩)

Translation: "Allah is sufficient for me. There is no god 'worthy of worship' except Him. In Him I put my trust. And He is the Lord of the Mighty Throne." (Koran, 9:129)

Transliteration: Hasbiyallahu lailalaha illahuwa alaihi tawakkaltu wahuwa rabbul arshil azeem.

The last verse of the ninth chapter of the Quran is a powerful reminder of the importance of seeking Allah's forgiveness and relying on Him for guidance and protection. In these verses, Allah describes Himself as the One who has power over everything and encourages believers to turn to Him with sincere repentance and to ask for His forgiveness. The verse also emphasises the importance of following the guidance of the Prophet Muhammad (peace be upon him) and striving to live a righteous and obedient life, free from sin and wrongdoing. The last two verses of Chapter Taubah remind us of Allah's mercy and the importance of seeking His forgiveness, especially during times of hardship or difficulty. Any prisoner who reads this regularly will definitely find a way to escape.

**Read the 88th verse of Chapter
Prophets as well to swiftly find a
solution to your problems.**

فَاللَّهُ خَيْرٌ حِفْظًا وَهُوَ أَرْحَمُ الرَّحِيمِينَ ٥

Translation: “But Allah’s Guardianship Is Best, And He is the Most Merciful of those Who Show Mercy.” (Koran, 12:64)

Transliteration: Fallahu khairan hafizaw wahuwau arhamur rahimeen.

This poignant line was uttered by the grieving father of Prophet Yusuf as he prayed to Allah and trusted in God to reunite him with his children.

“You are not defeated when you lose. You
are defeated when you quit.”

-Paulo Coelho

From the moment you enter into the battlefield read these surahs regularly: make sure that every single teammate also reads these verses from the Koran.

Read Chapter Quraish 360 times during the day for your safety.

The Verses of kursi 40 times every day and blow on yourself, or 70 times but it is best if the verse of kursi 360 are read times every day.

PROTECTION against DRONE attacks and enemies:

Read Chapter Fil 360 times after night prayers and Chapter Lahab 133 times every day after isha prayers for the absolute powerlessness of the enemies.

These 2 chapters of the Koran will destroy even your most powerful enemy, as this prayer in Chapter Fil is especially helpful against all drone attacks. When you read the chapter, you will notice Allah referring to mighty birds defeating an army, and the Ababeel bird is something of a modern-day drone, so whenever a drone attack takes place, recite surah Fil as many times as possible.

Also to destroy an enemy who is not Moslems, read the following verse 21 times after ever Fajr prayer and Asr prayer:

﴿وَرَدَّ اللَّهُ الَّذِينَ كَفَرُوا بِغَيْظِهِمْ لَمْ يَنَالُوا خَيْرًا وَكَفَى اللَّهُ الْمُؤْمِنِينَ الْقِتَالَ وَكَانَ اللَّهُ قَوِيًّا عَزِيزًا﴾

Waradda Allahu allatheena kafaroo bighaythihim lam yanaloo khayran wakafa Allahu
almu'mineena alqitala wakana Allahu qawiyyan AAazeeza

Translation: “And Allah repelled those who disbelieved, in their rage, not having obtained any good. And sufficient was Allah for the believers in battle, and ever is Allah Powerful and Exalted in Might.” (Koran, 33:25)

Transliteration: Waraddallahullazeena kafaroo bighaizihom lam yanalul khaira wakafallahul mumineenal qital wakanallahu qawiyyan azeezah. Make it a routine for the entire wartime, and never miss a single day of prayer.

If you want your prayer to have results, never even think of lustful things. Never sin if you want to benefit from these verses or else you yourself will be harmed by reading these verses, as these verses are a prayer against the sinners. In order to ensure your prayer gets accepted, you must become sinless.

A reminder of daily prayer routine for Army commanders:

Read Chapter fatihah 70 times after fajr Sunnah for good health. You must be able to

stay safe, sane and healthy if you want to success lead your men to victory.

Read chapters falaq and naas or the last two surah of the Koran, 70 times after fajr and maghrib prayers, every day for protection against all harms.

Special Prayers for Commanders to Make the Right Decisions:

Whenever you are confused over a decision, i.e. you don't know if your enemy has set a trap for you or which decision to take or which path to follow or which enemy Target to attack or to wait now or to attack later or not attack at all, but whenever you are confused, recite this prayer and tell everyone else to recite this prayer in this verse.

﴿وَبِالْحَقِّ أَنْزَلْنَاهُ وَبِالْحَقِّ نَزَلَ ۖ وَمَا أَرْسَلْنَاكَ إِلَّا مُبَشِّرًا وَنَذِيرًا﴾

[الإسراء: 105]

Translation: (Koran 17:105) We have sent down the Qur'an with the Truth, and it is with the Truth that it has descended. And We have not

sent you but to proclaim good news and to warn.

Transliteration: Wabilhaqqi anzalnahu
wabilhaqqi nazala wama arsalnaka illa
mubashshiran wanatheera.

You will figure out the right answer or decision
if you read this verse many times each day.
Whichever conclusion you arrive at after
reading this will not harm you or your men.

And also, this verse below should be read
many times, for being able to come to the right
conclusion or for generals in an army to make
the correct decision:

English translation: "Our Lord! Bestow on us
mercy from Yourself, and facilitate for us our
affair in the right way." (Koran, Chapter 18,
Verse 10)

The is a verse in which one asks Allah to grant
mercy and assistance, making things easy and

righteous in the course of one's life. It concise words, this verse seeks divine mercy and compassion as well as guidance and direction with ease and facilitation in all affairs. By reading this line, one acknowledges Allah's infinite mercy and reliance on His guidance, seeking His assistance in navigating life's challenges. Reciting this verse regularly can help cultivate a strong connection with Allah, seeking His mercy and guidance in all aspects of life, and ultimately making the right decision.

Transliteration: Rabbana atina milladunka rahmataw wahayyilana min amrina rashada.

This above two verses are a must for every general, major, colonel, Captain and president and politician, every single of their decision will either save them or destroy them. It is detrimentally important for them to read these verses every single day at least 40 x to ensure their decisions are correct.

Prayers for pilots and tank men and the AIR FORCE and NAVY:

Reading the 41st verse of Chapter 11 of the Holy Koran upon boarding an airplane or ship will ensure the reciter never drowns or has an accident.

Transliteration: Bismi Allahi majraha
wamursaha inna rabbee laghafoorun Raheem.

English translation: And [Noah] said, "Embark therein; in the name of Allah is its course and its anchorage. Indeed, my Lord is Forgiving and Merciful." Surah Hud (Koran, 11:41)

When convoys of soldiers cross bridges, there is a chance that the enemy will target you and try to attack you and drown you in the sea, and so, it is very important for all military personnel to recite this verse of the Koran with sincerity. God willing, the ship you are on will not sink, and the bridge you are crossing will not come under attack.

Most people are familiar with the story of Prophet Nuh, whose people were stricken by a phenomenal flood, and Noah and his followers were saved by the grace of Allah, and were able to embark safely from their Ark. This is the verse which Prophet Noah recited when he realised that God had saved them from the storm, and had delivered him and his people from the deluge. Noah knew that surviving the flood was not due to his own plans, measures and efforts but to the mercy and compassion of his Lord, who is most Forgiving, and so, any believer who recites this upon boarding a ship or plane will be saved from peril because upon reading this verse, one puts his trust in his Lord for their success, because he knows well that no measure can be adopted without His sanction, nor can it be put into practice nor can it achieve the required object unless it is helped by the compassion and favour of Allah.

In war, soldiers are often made to remain inside armoured vehicles like tanks and jeeps, and these vehicles come under attack from enemy drones, and burst into flames.

It is an agonising experience to be inside a burning vehicle, as we can see some of the Russian youths who are being forced to fight in

Ukraine since 2022, being targeted by stealth drones and when each of their tanks are hit, they suffer terribly and even try to exit the metal car, but are unable to save themselves.

Such horrors are a norm for the modern-day battlefield, and so, if any soldier wishes to avoid facing such acute pain, then he should read the above verse from the Holy Koran and teach it to his comrades as well.

Prayers for pilots and tank operators:

Reading the last four chapters of the Koran which begin with the word 'Qul' is also extremely beneficial when getting on a plane of ship, and everyone should recite the four small chapters upon entering a vehicle to prevent any untoward incident from taking place.

POWERFUL prayer to be saved from Enemy Gunfire:

Transliteration: "HA MEEM. LA YUN SAROON."

English translation: "They shall not be assisted."

While reading this verse, have conviction in your heart that God will not help the enemy who is harming you.

Liturgically, the phrases 'hameem' and 'layunsaroon' are present in the Koran in several verses, and it contains miraculous power to protect the reciter.

When saying the word HA-MEEM one should make the dua that the enemy fails hopelessly.

In view of the above verse, whenever one finds oneself in a dangerous situation where one is about to be attacked with any weapon, one should immediately recite the above line. By

the will of Allah, the enemy will fail hopelessly in his evil attempt.

Several of my acquaintances reported to me personally that they were held at gun point and nearly was shot, but the enemy missed or their guns jammed and he was able to escape.

On one occasion, an Islamic scholar in South Africa was surrounded by four men with guns, who demanded he hand over all his money to them. The scholar did not move, and simple looked straight at the muggers and said the verse: ‘Hameem. La yunsroon.’ The criminals were enraged and fired their guns, but all of their weapons jammed and refused to fire, and they ran away, fearing for their own lives.

This is just one example of how many times people told me about the miraculous benefit of reciting this verse at times of great fear and difficulty, provided the reader remains pure, avoids sin, and is chaste, and has firm faith in Allah.

Prayers for safety from any nuclear fallout or aftereffects:

Reading the verse 118 of Chapter Taha in the Quran is very helpful in protecting those who suffer from lack of food or water or does not have clothes.

20:118

إِنَّ لَكَ أَلَّا تَجُوعَ فِيهَا وَلَا تَعْرَىٰ

Here it is guaranteed that you will never go hungry or unclothed,

20:119

وَأَنَّكَ لَا تَظْمَأُ فِيهَا وَلَا تَصْحَىٰ

nor will you 'ever' suffer from thirst or 'the sun's' heat."¹

Allah assures believers in this passage that they will not be hungry, thirsty, or unclothed:

Transliteration: Innaa laka allaa tajoo'a feeha wa laa ta'raa. Wa annaka laa tazma'u feehaa wa laa tadhaa.

English translation: "There is therein (enough provision) for thee not to go hungry nor to go naked; And you (will) suffer not from thirst therein nor from the sun's heat." (Koran, 20:118)

Why is this verse so relevant in today's world?

We live in a world where nearly half the world's population belong to a country that possesses nuclear weapons, which are one of

the most petrifying invention man has ever made.

In cases of total war, it is inevitable that some madmen who achieves a powerful position will use his stockpile of weapons against the enemy, and millions of people would suffer as a result.

The horrifying reality of a Nuclear Warfare:

The Effects:

Although nuclear weapons and its usage in warfare have been the topic of debated worldwide, and tens of thousands of books, articles and papers have been written to highlight the inconceivable dangers and horrific aftereffects of such weapons.

Ever since the end of the Second World War, we have been told of the horrifying results which took place after the detonation of the two atomic bombs over the Japanese cities of Hiroshima and Nagasaki. However, while the terrible description is beyond the word of any human to articulate, the devastation in those fateful Japanese cities is only a miniscule fraction of what will befall us if even a

hundredth of the world's present nuclear stockpile is utilized for an enemy nation, because the atom bombs of today are nothing like that of the past, and even the smallest nuclear weapon today wields enough destructive power to pulverize the largest cities of our time. One example of how dangerous the radioactive and nuclear weapon of this day are can be seen in the side effect of the nuclear accident near the Ukrainian city of Chernobyl, which took place on April 1986. A reactor of the Chernobyl Nuclear Power Plant exploded, causing a core to meltdown, releasing destructive radioactive residue that was 400 times the strength of the bomb that was detonated over the Japanese city of Hiroshima. Over 184 million curies of radionuclides (radioactive forms of chemical elements) escaped into the atmosphere- much more radioactivity than that created by the atomic bombs dropped on Hiroshima and Nagasaki. This radioactivity was spread by the wind over Belarus, Russia, and Ukraine and soon reached as far west as France and Italy. The radiation travelled so far that millions of acres of forest and farmland were contaminated, and in subsequent years many livestock were born deformed, and among humans several thousand radiation-induced illnesses and

cancer deaths were expected in the long term. The Chernobyl disaster was far more dangerous than the actual atomic bomb detonations over Japan because the explosion in Chernobyl took place directly over the ground, while the World War Two atomic bombs were designed to explode in the air before hitting the ground.

What is war going to look like in this century?

In the past thousands of years, people fought battles with swords, sticks, arrows and stones, and during the two world wars, the use of guns and tanks were common, and it caused great destruction and death in Europe. But the war of this century will be a lot different for what we are accustomed to seeing, because when Europe and the UK was destroyed in the World War Two bombings, the locals were able to rebuild it spontaneously. There was no fear of contamination or radiation poisoning. Today's warfare will involve nuclear weapons. For those who are not aware of how deadly even one of those bombs could be we will give a brief overview of what takes place when a small or average sized nuclear bomb is detonated over a city.

If a small nuclear bomb is detonated over a city or accidentally explodes over the people of a town, then there will be no survivors in that disaster. Not only does the fire from the explosion kill millions instantly, but those who live miles away would be equally affected by the blast. Even the smaller nuclear weapons could temporarily blind people up to twenty kilometres away on a clear day and up to ninety kilometres away on a clear night. IN this modern era, survivors of a nuclear attack will have about 15 minutes before the grains of nuclear fallout reached the ground. Exposure to these particles could result in radiation poisoning, which can damage the body's cells and potentially be fatal.

Today, many people know the theoretical dangers of nuclear weapon, but only a few can claim to ever have witnessed the blast up close. A handful of those unfortunate residents of the Japanese cities of Hiroshima and Nagasaki still lives amongst us to recall the petrifying moment when an American pilot dropped a lethal atomic weapon over their heads early on the morning on August 1945. The blinding brightness, the force of the blast wave, the radiation damaging cells, the fire and heat that caused injury and destruction, the electromagnetic pulse that effectively

knocked out electronics, and the radioactive dirt and debris raining down along with all the horrors of fallout were the dangers a nuclear blast posed. The nuclear bomb explosion set off an immense flash of light and a giant orange fireball. But more people died in the hours following the blast. Fallout was the most dangerous in the first few hours after the detonation, when the explosion continued to give off the highest levels of radiation and therefore was the highest risk for the health of survivors. Those who were aware of the situation immediately covered their eyes to make sure they did not become temporarily blinded by the light. This blast was caused by an approximately 1-megaton bomb. Apart from the uncontrollable bouts of wailing, few people remember much about the first few moments following the detonation of the nuclear bomb.

On August 1945, the US military dropped deadly atomic bombs over the Japanese cities of Hiroshima and Nagasaki. The bomb that was dropped on Hiroshima was designed to detonate above the ground. The city had a population of over 350,000 people and the initial explosion killed nearly a hundred thousand people instantly. While the number is large and tragic, but survivors later would say the hundred thousand who perished initially had been the lucky ones, because the ones who survived the initial blast faced indescribably excruciating wounds and radiation effects. The horrors of the Hiroshima bomb have been well-documented, because survivors served as primary eyewitnesses and they later made artists rendition of what they really saw. Of all the nightmarish scenes the survivors had described, none was more grisly

than the walking dead scenarios, where men, women and children were burnt by the radiation, but marched on in a stricken daze of death.

Thousands of men and women who survived narrated their plight and parts of their terrifying experiences on that fateful morning. Akiko and her friend Asami were inside a bunker, just as when the atomic bomb went off, and although they were nearly at the hypo centre of the blast, the structure's sturdy granite walls and concrete foundation provided them with some degree of protection, and protected them from the deadly atomic rays and the advancing shockwaves. But nonetheless, when the shockwave hit, Akiko felt a sharp sensation in her lungs. Akiko felt as if her lungs were being crushed by a surge of dense air. Asami was buffeted and tossed, struck in the back by decorative cladding from a wall that compressed like accordion skin and then erupted as granite shrapnel. Only beyond the zone of instant vaporisation could people begin to wonder what had just occurred. Akiko, who had been nearest to the bomb, faded in and out of consciousness during the first three minutes. Her lungs ached from the sudden burst of compressed air, and from the

equally fierce decompression that immediately followed.

Every single survivor of the atomic bomb complained about an uncontrollable thirst they experienced, which increased by the minute, and the more water they drank, the more thirsty they became, as the heat in the air evaporated every drop of water from their bodies, and men and women were reduced to charred statues and walking skeletons.

One woman in Japan mentioned how she stood in the corner of the burning road, and heard a tapping sound, which became louder and louder, until she finally saw a man running blindly into the dust, and as he ran, the tapping increased, and she thought that he was hearing heeled shoes, but upon glancing at his feet, the woman said she was horrified to see that the man had no feet!

The blast from the nuclear bomb melted away the man's feet, and only the bone of his shins and leg were sticking out, but in his pain, the man was running blindly away into the centre of the blast.

Thousands of others who managed to survive the initial blast of the bomb were so injured and shocked that they walked like robots in a

straight line, following one another without realising what was happening, because the blast of the atomic bombs made their brain cells evaporated and cease to function properly, so they were technically alive, but could not comprehend what had happened or what was going on around them.

This is just a small and minor example of what the world will face soon, if any nation on earth decides to test a nuclear weapon over someone.

In such scenarios, one must read the verse 118 of Chapter 20 to prevent succumbing to heat, hunger and thirst.

Being a soldier of the Moslem army or leading men in to battle can be cumbersome, and so, it is useful to have a peace of mind, and remain confident.

Reciting Verse 201 of the second chapter of the Holy Koran guarantees the reader success in this life and in the hereafter.

يَا أَيُّهَا رَبَّنَا آتِنَا فِي الدُّنْيَا حَسَنَةً وَفِي الْآخِرَةِ حَسَنَةً وَقِنَا عَذَابَ النَّارِ

which is good, and save us from the torment of the Fire!” (Koran, 2:201)

Transliteration: Rabbana atina fiddunya hasana wa fil akhirati hasana waqina azabannaar.

Verses which ease fear:

The following verses of the Holy Koran can also be recited when one feels frightened or nervous in the battlefield.

The Arabic verses are given below. These lines from the Holy Koran can be recited when one feels frightened.

Brief translations are given below to allow the reader to comprehend the magnificence of the verses:

Transliteration: Wa kafa billaahi waliyya, Wa kafa billaahi naseera

English translation: “Allah is sufficient as a Guardian, and Allah is sufficient as a Supporter.” (Koran, 4:45)

Transliteration: Wakafa billahi haseeba.

English translation: “And sufficient is Allah as Accountant.” (Koran, Ahzab, Verse 39)

Transliteration: Wa kafâ birabbika hâdiyaw wa nasîrâ.

Transliteration: Wa kafal laahul mu’mineenal qitaal; wa kaanal laahu Qawiyyan ‘Azeezaa.

English translation: “And sufficient was Allah for the believers in battle, and ever is Allah Powerful and Exalted in Might.” (Koran, 33:25)

Reading these verses are very helpful for everyone, especially soldiers in the Moslem army, but one might wonder why this is so. This is powerful because Allah, the Creator of the heavens and earth, revealed this miraculous book unto mankind.

Some might actually wonder who is Allah.

For this question, it is wise to turn to the Koran and find out how the Koran describes Allah:

Who is Allah?

He is Allāh, none has the right to be worshipped but He; the All-Knower of the unseen and the seen (open). He is the Most Beneficent, the Most Merciful. He is Allāh none has the right to be worshipped but He; the King, the Holy, the One Free from all defects, the Giver of security, the Watcher over His creatures, the All-Mighty, the Compeller, the Supreme. Glory be to Allāh! (High is He) above all that they associate as partners with Him. He is Allāh, the Creator, the Inventor of all things, the Bestower of forms. To Him belong the Best Names. All that is in the heavens and the earth glorify Him. And He is the All-Mighty, the All-Wise. [Al-Hashr 59:22-24]

Rules of Deployment:

When heading to a new territory, or going to a new country, all soldiers must be extremely careful about what they eat. For example, some soldiers who invaded a neighbouring country in February 2022, were poisoned by the people of those country. When they purchased milk from local farmers, it was poisoned and many soldiers died. Then in the summer of 2023, those soldiers were facing water shortages, and became extremely thirsty in the heat and saw many big watermelons being sold in roadside stalls, and they used their own army salary to buy those fruits, but when they brought the watermelons and ate it, almost 200 soldiers died immediately and many more were hospitals, because some group amongst the locals were intentionally poisoning them.

In war, it is not unusual for soldiers to be poisoned by the enemy or even the civilian population.

When some beautiful girls invited those soldiers to restaurants to eat food and drinks, and they ate it, the girls of that country poisoned them to death by using syringes to

inject poisonous liquid in their drinks or food platter.

When they went to new village in that country, many old women gave them cakes and cookies and chocolate, and every single soldier that ate it died because all those meat pastries and cakes were filled with rat killing poison. As soon as those soldiers entered a city, every single package of rat poison would be sold out from the local supermarkets, as locals would buy them to bake special poisoned cakes and breads to kill the soldiers. So, a soldier must remember never to eat food if offered to them freely. In the country which became embroiled in a warfare in 2022, the soldiers saw that near their checkpoints, beautiful girls sold drinks and cold milk and when the soldiers came from the checkpoint duty to buy cold drinks and juice, they all died.

How can soldiers protect themselves from such brutal cases of poisonings?

Before eating any food, Moslem soldiers must recite these prayers and blow on that food so the harmful effects of that food go away and does not do any harm. In war, food often becomes scarce, and this means that when others, or locals in a nation, will offer you food, you will be tempted to taste it, but exercise

self-control in those situations and pray to God for protection before consuming anything.

Why should we read the Koran and seek help from Allah when we are in need of assistance?

Because the Koran instructs us to ask Allah for all our needs.

In the ninth verse of Chapter Anfal, let us look at what Allah remarks:

Protection from Poisoning:

Before eating any meal, read the following verses and blow on all your food and water:

Surah Quraish 11 times, or Chapter 106 of the Koran.

Surah falaq and surah naas 11 times. These are the last two chapters of the Holy Koran.

The Aytul kursi 11 times. These are the 255th verses of Chapter 2 of the Koran.

Fallahu khairan hafizau wahuwa arhamurrahemeen, 11 times. This is the 64th verse of Chapter Josef.

Wala ya uduhu hifzuhuma wahuwal aliyyul adheem 11 times. This is the verse 2:255 of the Koran.

Salamun ala nuhin fil alameen 11 times. (Verse of the Koran, 37:79 which translate into "Peace be upon Noah among all the nations.")

SALAAMUN QAULAM MIR RABBIR RAHIIM

And "Peace!" will be their greeting from the
Merciful Lord.

**Salamun qaulam mirrabirraheem 11 times.
(Verse 36:58 of the Quran)**

Read all of the above together and blow on every food item and drinks before every meal. After finishing the meal, read Chapter Quraish 11 times.

Make sure, with every morsel you eat recite bismillahirrahmamirraheem.

The food you eat after reciting these lines, even if it is poisoned, can never harm you if you read these verses before partaking every meal. And it is best that every soldier individually reads these duas and blows on that same food, because whoever recites these prayers will be saved and whoever doesn't, that same food may still harm them. So everyone should recite these verses before eating any meals whether it was donated by the enemy or if it was part of their ration, because sometimes in a nuclear world, radioactive and chemical substances may be

contaminated into the food supply of the army.
Even the most powerful poison cannot harm
you if you read these verses before eating any
food or drinks.

PRAYER to ESCAPE from a trapped situation:

During World War 2, the German soldiers who were sent into Russia to fight did not want to go to a vast wasteland of forests and snow. Most of them suffered terribly and many died in the freezing cold weather. They ran out of food, hot clothing, water and medicine. If they tried to sleep the cold, temperatures were so freezing that when they woke up, their noses and ears would freeze and fall off.

Everyone has to cut off their gangrene frostbite frozen feet because they had no warm boots. The weather was below -40 and sometimes -60° Celsius, meaning any exposed flesh, like the ears, and nose would freeze, and the skin would die and fall off.

The suffering they faced is indescribable.

They begged their generals to let them come back to Germany but they had no planes or

means of transport to bring them back to their homes.

The soldiers ran out of food and rations, and ate rats for months to survive. They ate meat of dead horses and even chewed on the leather of their boots, to appease the bitter hunger.

Their tanks and cars were all frozen in the mud that froze and their cars wouldn't start or work.

This is a reality of battle, and it may well happen again to soldiers of this century. In case any Muslim army is sent to a country where it's frozen cold or into another country, where it's endless deserts and no available water and so hot that everyone is suffering in the heat, then the best course of action would be to leave that place.

But what if you are not allowed to leave?

What if your government, or whoever is controlling your army, is forbidding all soldiers from leaving the battle field?

How can one save oneself from that terrible plight?

If any soldier is stuck in an enemy country and has no way of leaving or if soldiers or an army is blockaded and surrounded in a place where there is no water or food and no path to get out safely, then read this verse in thousands of times. Allah will most certainly show a path out.

Every single soldier must read this verse at least several thousand times per day until they find a path to leave with their lives intact.

رَبَّنَا أَخْرِجْنَا مِنْ هَذِهِ الْقَرْيَةِ الظَّالِمِ أَهْلُهَا وَاجْعَلْ لَنَا مِنْ لَدُنْكَ وَلِيًّا وَاجْعَلْ لَنَا مِنْ لَدُنْكَ نَصِيرًا.

Our Lord, take us out of this city of oppressive people and appoint for us from Yourself a protector and appoint for us from Yourself a helper?

Rabbana akhrijna min hadhihi iqaryati izzalimi ahliha wajal lana min ladunka waliyyan wajal lana min ladunka nasira.

Translation: “Our Lord, take us out of this city of oppressive people and appoint for us from Yourself a protector and appoint for us from Yourself a helper?” (Koran 4:75)

Transliteration: Rabbana akhrijna minhazihil qaryat izzalimi ahluha, wajallana milladunka waliyyau wajallana milladunka rahmah, innaka antal wahhab.

Do not Surrender:

Try not to surrender, no matter how deadly the situation is.

Have faith in God and do not surrender to your enemy, because you can never be certain if the enemy will treat you with honour, especially if they do not believe in Allah, or obey the Koran. So, keep faith in Allah, and remember, that by surrendering, you will not prolong your life by even one moment, as you will be able to stay alive only as long as your fate has been decreed to live.

Think of your wives and sisters and daughters and think of the enemies who may take over your country and harm them if you end up languishing in some unknown and unsympathetic enemy's prison camp for the next decade.

Have faith in God and do not surrender. And never think that killing someone else will save you. It may save you immediately, but you and your children will suffer immensely later for killing a person even if they are your enemy.

Try to win the war with least killing.

**Remember the most basic rule of warfare:
Killing never saves lives, and killing can never
make you win.**

**Now, this may sound counterproductive to a
soldier whose entire training is based on taking
out the enemy and executing the foe. But think
about wars in general. Why is it that in war,
where each party tries to slaughter the other
most earnestly, the greatest casualties of
history have taken place? Millions had died in
past wars, although each side was trying to kill
as many enemies as possible to save their own
lives, but in the end, they both perished.**

**Tens of millions of Germans died during the
Second World War, and those who killed them
also died in other wars. Do everything in your
power to not kill anyone even if they are
openly attacking you. Injure them if you are
under direct attack but do not kill, because for
every person you kill, your family and yourself
will suffer a lot in the future. I know if you do
not kill, you may die in their attack, but
remember the most fundamental article of
existence: that God controls your life and God
can keep you alive in the middle of a thousand
bombs and bullets. If you are 100% chaste and
celibate and never indulge in sexual
relationships with anyone and never allow a**

single sexual thought to come into your mind, then you will never die nor be tortured nor starve because God will become your friend and helper. Thousands of soldiers have been the physical testimony to this fact. There is no doubt about it, because every single soldier who died, or was tortured in battle had been sexually active in some way, and they all suffered terribly for that. It is really not worth a few moments of fleeting and degrading pleasure from a sexual act or thought just to end up dead in a ditch, or to lose a dear comrade in a fiery explosion, where every part of the body will be disintegrated like the dust. Remain chaste and you will be able to remain alive and safe.

Rules and regulations and the prerequisites for your prayers to get accepted:

These are some rules which must be followed because they are a precondition for any prayer to be accepted.

If followed a 100%, these rules will ensure 100% victory:

Stay in a state of purity at all times, meaning for Moslems, it is mandatory for all men and women to stay with wudhu constantly:

Every believer is acquainted with the 5 PILLARS OF PRACTICE in Orthodox Islam, the first of which requires Ablution, in order to observe Prayer, and Almsgiving, Fasting and Pilgrimage make up the five pillars of practice.

Once a person has a certain set of belief in tehri hearts, they are essentially Moslem:

1st Faith in God.

2nd Belief in Angels.

3rd Belief in the Holy Koran.

4th Belief in all of God's Prophets.

5th Belief in the resurrection and judgment.

6th Belief in the omniscience of God.

These are the points of belief upon which the Moslems are united, but no one is expected to believe these things until he has examined them and has become convinced through his reason that they are true.

Therefore, when one has studied and thought upon the subject, and has arrived at a belief in the Unity of God, he can readily make the declaration: “La, illaha illala, Mohammedur resoul Allah” (There is no God but one God; Mohammed is the Prophet of God). He then becomes a Moslem. If he really believes in the truth of this declaration, he will honestly endeavour to learn all about the religion of Islam, will take the teachings of the Holy Koran as his guide in life, and will follow the Five Pillars of Practice.

METHOD of becoming Pure:

And now let us consider the methods of purity briefly before we take up their practice in full detail.

Ablution as it is called, before prayer, has two purposes: one is to secure perfect physical cleanliness, and the other is to symbolise the washing away of all sinful impurities from the soul before presenting it in prayer to God. But physical cleanliness is carried even further than the ablution. Frequent full baths are taken by Moslems so that all parts of the body may be clean. A full bath is always taken after sexual intercourse, and becomes compulsory after impure thoughts and sexual acts, and in this bath, water being poured over the body from head to foot. When calls of nature are answered the parts are always washed carefully with running water. As before said, perfect physical cleanliness is the end desired.

For soldiers and those fighting for a cause, it is doubly important to remain in a state of purity at all times, and to never remain in a state of impurity for any reason. Being pure and clean is the most powerful weapons against the enemy, and every soldier and officer must try to remain pure, chaste and clean.

Stay with bath purity or ghusl 24 hours a day. DO NOT let one moment of the day pass in which you are not ritually clean. Never do or think or look or be involved even indirectly

into any act that may cause your purity state to break.

Pray all five daily obligatory prayers on time.

Make sure you pray Fajr before sunrise and not make it up at noon.

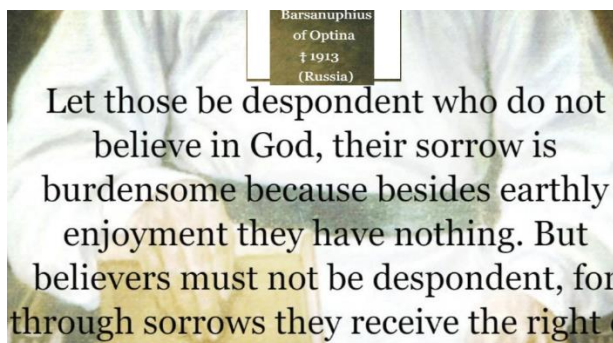

Try to incorporate these verses into every prayer, and read them in your sajdah and qiyaam. For example, you can recite each of these verses forty times in each sajdah of fajr sunnah. You can read another 8 new verses forty times in each sajdah of zuhr sunnah and another 4 verse forty times in each qiyaam after fatihah in zuhr sunnah, and maghrib sunnah and isha's nafl or optional prayers. That way all verses shall benefit you and when read those in prayers, it will benefit you ten times more than reading those outside the five times daily prayers.

Do not eat Haram, or impure food, or any meat unless you slaughter it yourself.

Avoid all outside food, because it may be drugged by your enemy, or it may be poisoned by your enemy. It may be Haram and all your prayers will stop being accepted. Eating halal is the only healthy option there is available in the world, because impure food like old wine, and non-slaughtered meat can cause dangerous illness as well.

Do not kill anyone.

Never execute or kill anyone even when under direct threat, but still try your best not to kill because killing never makes you win. It will only make someone else attack you or torture you by the curse of that person who is dying painfully in your hands. Your victim does not have to know your name, or see your face, but he or she will curse and condemn whoever killed them to the bitterest suffering, and you should know, that a dying man's wish is often accepted and comes true. So, never be the person who kills another human.

Do not torture your enemy.

Never torture anyone, whether they be enemy or friend, and no matter what, no matter what, do not even threaten to torture, as it will save you short term and, in the future, it will make you suffer and get tortured and killed by starvation and suffering. Curses get accepted even if they are from disbelievers.

If you are intelligent, and if you have the ability to analyse and think freely, then there is a huge possibility that if you try to enjoy life too much, you will inevitably face some great suffering as well, because to have a sound mind and an intelligent brain is already too much a blessing for someone to indulge in life's other pleasures on top of that, so if you are healthy, and have reasonable means of living,

and are intelligent enough to read and understand this book, you cannot afford to become overindulgent in anything, or in any pleasure, including food, sexual acts and companionship.

Fasting and abstain from food and lust:

Try to fast as much as you can, because when people fast, and refrain from food and water, their prayers get accepted and they are able to win wars easily.

Remaining in the cosy companionship of many happy family members is to much of a luxury for intelligent people like you, so the best way to prevent harm from befalling either yourself of your loved ones is to disconnect with all close family members immediately.

Distance from your family and friends:

Disconnect with your family and spouse as much as possible, or else their companionship

will distract you from your prayers, and other righteous developments.

Do not ever look at women, or any provocative images.

Never watch movies or even glance at pornographic material.

Discard all your phones, and electronic devices, because the phone will distract you, and give you misinformation and make you watch illicit things and no prayers will be accepted if you watch them and if you sin even a little, your prayers will work against you as you will fall in the group of the enemies of Allah against whom you are invoking supplications in your verses.

Sexual overindulgence and lustful pleasures kill the person who is lustful.

So, do not die or make your children orphan and you wife a widow and drive them to

become unchaste women just because you cannot control your lust and sexual desire.

Anyone who gets distracted by women or sexual thoughts can never focus on war. Research shows anyone who is extremely active sexually all die very quickly. If you want to be strong, and if you want to win this war, and if you want to return to your children, then control your desire and do not sin or get involved in lust because you will most certainly die if you do so. No one in the world was able to escape from this fate. Even non-Moslem soldiers like the Germans in World War One and Two or millions of Soviet citizens, died painful deaths.

The more sex someone has, the faster they die.

It is a tested fact that the more sexual thoughts someone has, the most faulty decisions they tend to make. So become crazily chaste from now, from today. Focus on your family and children and on your country and religion, and control your disgusting sexual desire, and think about your future that if you are paralysed, or became injured or were maimed and became legless and handless and your organs were all damaged and your kidney was not functioning,

then what will you gain by sinning for a short times in filthy pleasure and in return, suffer for the entirety of your life for that short term pleasure?

Will those sinful partners of your lust, and those porn-stars come and help you in the toilet when you become injured and paralysed and penniless and can't even move your hands or feet?

Who will help you if a bomb blast makes your brain injured and you keep forgetting all your memory, and even forget your own name? Who will take care of you then? Your wife? Will she have to become unchaste to feed her crippled and mentally impaired husband and children because her useless husband got injured because he was distracted by lust and sexual desires?

Be wise. Be proactive. Become chaste.

Stop every kind of sexual activities, relationship and thoughts even with your wife immediately.

Yes, you can go after war and have sexual relationships with your wife once or twice a year for children but never enjoy it, and take

every moment of it as torture because you will most certainly suffer because of those fleeting moments of pleasure.

Two Golden rules for Winning:

If two golden rules are followed, you shall never be killed, maimed, injured, tortured, starved or lose the battle.

But these two are the strictest rules that almost no one can follow. This is not needed for everyone but for any army commander and for every single politician, and generals, this is extremely important, because upon them is dependent the lives of millions of people. Therefore, it is their duty to humanity and to their nation to sacrifice their little comfort and control this little passion for the preservation of their community. How can a person upon whom the responsibility of so many thousands of lives are placed, become so cruel and selfish that they refuse to follow these basic two

rules? it is a must for them to follow these rules to ensure they shall never ever fail.

Number 1: Chastity, chastity, chastity.

Even if you are married, never have sexual relationships with your wife. Never, ever touch anyone sexually. Never watch anything sexually provocative. Never, ever allow a single sexual thought to come in your mind. Never ever watch any movie with any women in it. Never allow your mind to have even a fleeting sexual arousal even if not actively in the act of anything sexual.

Punish yourself mercilessly if you ever make a mistake, fast for 100 days in a row.

A man swore to himself and cursed himself that if he ever kisses a woman or thinks about a woman, he condemned himself with the most torturous death in loneliness, so in fear of his sad end, he hoped to stop himself from entertaining sexual thoughts.

One man swore to get cancer and die in starvation if he ever masturbates again since he couldn't control himself.

One man said every time he became sexually insane for someone or had some sexual idea, or when he couldn't control himself, he thought about those who hate him. He thought about his worst enemies, and the people who would do crimes and blame it on him, and people who would be extremely happy when he suffers and becomes poor, or people who wants their children to hate him, or people who have wealth but never shares it with him and wants to see him poor, and his enemies who will celebrate if he gets arrested and will give all false stories and evidence if they get a chance to frame him, and contemplating on these, he then said when he thought about his enemies' hate and vengeance towards him, and their happiness to see him suffer, it helped him to know if he ever indulges in any sexual thoughts or pleasures, then his enemies will win and he will lose. He will be defamed and they will be honoured. He knew that if he allows himself even the smallest sexual pleasure, he may eventually become hated by God and eventually many sufferings may happen in his life, and he may fall in some dreadful circumstance from where if he wanted to get out, he must kill or participate in a sin or do something bad and eventually those men who

hate him and wants to see him destroyed will stay sinless and go to heaven and he will go to eternal hellfire. And this thought made him hate sexual activities and he never ever allowed himself to take pleasure from any sexual acts.

Use your own intelligence to help yourself become chaste.

LUST:

How can you stay Chaste?

The best way to observe chastity is to control the eyesight, and never to glance at objects which Allah forbade mankind to look at.

Moslems soldiers must remind themselves of what Allah informs them about remaining pure, in the Koran verse 24:30, "Tell the believing men to lower their gaze and guard their chastity. That is purer for them. Surely Allah is All-Aware of what they do."

Never ever watch anything sexually provocative or sexually exciting or sexually alluring. Never ever masturbate.

Without any exception, every single soldier that was addicted to pornography and sexual thoughts and masturbation, all ended up injured and dead. This is not a mere prediction or a hypothesis, but actual data from real life experiences.

Several of the soldiers who were sexually indulgent survived, but were prisoners of war and tortured with unimaginable pain and suffering in World War II.

This research is not false research. This information has been taken from studying the diaries and the journals of several thousand soldiers from Germany, United Kingdom, United States, and Canada. Even though those youths were not Moslem, but they still suffered terribly for being sexually active. Imagine, how much more suffering Moslem young men will face if they try to marry lots of beautiful women and drown themselves in lust!

Several hundred volunteers read through every single of the letters and journals and diaries which Allied and German soldiers of World War Two had written, and the researchers found out that anyone who mentioned anything sexually provocative, ended up in a very dangerous situation, for which reason, we

will never know for certain but somehow, anything sexually exciting or inviting, causes the mind to become distracted from the mission and that is why they lose or they die, and all soldiers suffer whenever they become sexually active in any way possible.

For those who are religious, they can claim that it is because of the sin of sexual action for which they get punished for.

But that is not completely true, because even the soldiers who were legally married, and were extremely sexually active with their wives, all ended up injured dead, arrested, tortured and starved.

There are some things in the world which has no explanation. But there is also no doubt that as intelligent human beings, who have the sense to believe in Allah and to accept Islam as the only true and eternal religion of God, instead of worshipping multiple gods, or calling upon cows, elephants, sticks, trees or stones as deities, with all this knowledge and wisdom, you do not deserve to indulge in luxuries while

others in the world suffer from hardship. As a Moslem, you have been sent as the viceregent on earth to help and guide the blind ones to the right path, so instead of showing people the path to purity and truth, if you become obsessed with lust, food, sex and wealth, then Allah will be disappointed, and He will remove His protection from over you.

We learn from it by past experiences of previous people. We learned by studying the experience of people, and their suffering and what they did before they became successful, and what they did before they lost the war.

If 100 persons individually claim that after eating a particular type of leaf or berry, they all ended up dead, then I will believe that there is something in that leaf that causes people to die. Even if my medical lab claims that the leaf is not poisonous, I will choose experience over science.

If 100 soldiers claim that after going into the room, they got possessed by a ghost who haunted them, then I will blindly believe that something is wrong with that room, and I will not let anyone else go into that room, even if I never believe in ghosts (and I do not believe in ghosts) and I will never believe in ghosts. But sometimes when an information is proven over

and over again by multiple men from multiple race and nationality, across time and space, it would be extremely foolish and suicidal to not take that information to save yourself and to rather do the opposite of it because of your own anger and your own ego and your own selfish desires. The stupidest or the dumbest, and the most suicidal and vindictive person would only be the one to go on to fight that information, and be willing to kill themselves and sacrifice all their teammates for something so trivial and menial.

Based on this information, every single enlisted Moslem soldier should do everything in their power to avoid all kinds of sexual relationship and sexual activities.

You cannot stay chaste and celibate and pure if you don't constantly preach celibacy amongst your peers. Constantly preach chastity to your friends and teammates. You need every one of them to win this war. Everyone has a different skill set. Everyone is needed for this war to win.

If you want your best friend or your sibling to survive, then gently coerce or force them to become celibate and absolutely chaste. Tell

them about the importance of purity in Islam. In the last few decades, every single Moslem prisoner who were suspected of being terrorists of were somehow tortured in illegal ghost bases admitted that prior to their arrest and torture, they had taken second wives, or had become very active sexually, and began to enjoy lustful encounters, and as a result, they ended up imprisoned, humiliated and tortured for many years, until they repented and swore never to become promiscuous again.

European armies and other non-Moslem men who were sexually active also reported being tortured, killed or captured after they became sexually active in the battle field, either by forcing themselves upon some local women, or visiting public brothels. Every single Allied and German soldier who reported being involved in sexual thoughts like masturbation ended up severely tortured and dead or imprisoned in below freezing degrees until they could not even cry as their tears would freeze.

Nothing kills a soldier faster than masturbating.

Never allow a girl's picture to be in your proximity. Moslem commanders should raid your subordinate soldiers' lockers and check phones and pockets. Destroy and make them

burn or delete every sexually provocative novel and picture and video. Remember, Islam prohibits even glancing at women or men with lust or desire.

Why did the Americans win in World War Two, while the Germans lost? Because the US military was very traditional at that time, and American commanders forbade their soldiers to be sexually active, and military officers would distribute brochures discouraging men from visiting sex workers or going to brothels, and warned them they would die of fatal sexually transmitted diseases if they ever tried to sleep with prostitutes. Allied General Patton one day came to give a surprise visit to the American barracks and when he saw the picture of a girl pasted in a soldier's locker, he took his cane and almost broke the locker, screaming that this is not a brothel but the honourable United States army barracks.

Imagine the moral values of even the non-Moslem men of World War Two, who did not even know about Islam, but still understood the value of chastity. They were able to create a powerful nation whereas in this era, most men have become sex addicted, sick minded, weak maniacs who are going to hand over

their country to the communists in a hand basket.

Strong men create good times, and good times create weak men, and weak men create bad times.

Every Moslem soldier and commander must remember -

The Golden rules of War:

Rule ONE: The Army that kills the least, wins.

Rule TWO: The Army that tortures the least, wins with honour.

Rule THREE: The chaste army always wins, and the longer a soldier stays chaste, the longer he stays successful. Every day you stay in chastity, mentally and emotionally, you get to live one extra day.

Like a game, each day of sexual act will decrease your lifespan by one day. No matter how much unhealthy snacks you eat, you may have cancer, but you won't die because you will find cure. But with sexual acts, you will be marked for sure death.

Rule FOUR: Any soldier who sexually assaults women, his womenfolk, dead or alive, be it his sister, wife, daughter, mom or aunt, is always assaulted by the enemy.

Rule FIVE: Soldier who give food for sex or assaults women, their nation's people become enslaved and have to give sex for food.

Every sin you do when fighting a war, it will come back ten-fold upon you and your family and will affect all your loved ones.

There is no forgiveness in the world; only penance. This is the universal law. Even Allah accepts the prayers of the victims of any torture of suffering, be they pagans, or monotheists.

Rule SIX: If you save your enemy in war, your enemy will save you one day, such as a sniper who will desist from firing at you from a distance, even without your knowledge.

Rule SEVEN: Any army, who collectively does self-sacrifice, and prefers civilian life over themselves, gets world power.

Rule EIGHT: The more patient a soldier or his entire army is, whether it is enduring torture, insult and imprisonment, the faster they win and find happiness and peace and prosperity.

So, if you want ultimate success, be very patient when your enemy attacks or harms you. If they torture you, don't react. If they defame you, don't react. If they imprison you in slave labour camps, don't react. Patience is more than a virtue; it is an asset, and something the Russian soldiers have in high amount. Russian men were so patient when Germany attacked Russia in WW2, not only did Germany get destroyed, their blood line got destroyed, and until today, not a single Aryan race people exist. Not a word of complaint was uttered from Russian soldiers even as they were being tormented.

No matter how intelligent and trained you are, your skills can never help you win the war, or ever be successful in a single of your mission, and you will not even survive the war without either ending up dead, injured or prisoner of war, which will destroy your body, soul and spirit for the next 10 to 15 years, unless every Moslem soldier adhere to this rule as strictly and as humanly as possible.

And that rule is; NEVER EVER ALLOW YOURSELF OR YOUR TEAMMATES TO BE SEXUALLY ACTIVE IN ANY WAY!

In addition to every single Moslem prisoner I interacted with, who all admitted to being sexually active prior to their torture and imprisonment, even non-Moslems, starting from the American soldiers who were Vietnam veterans to present day mercenaries and private security ex Marines, every single soldier or agent that I have met who had suffered capture and torture in the hands of their enemies, reported that they were quite sexually active in their married life; there was not an exception.

Sometimes, you will see men in your vicinity being active womanisers but they still are able to lead happy and productive lives. Why is this the case, you will wonder? It is because those people are likely very passionate and not very wise and have only limited intelligence. Those childlike passionate races do not suffer nearly as much for their sexual activities in wars and warfare, because they are too simple hearted, and too childish to understand and gain pleasure from it, the way children do not suffer when they do a crime or even when they sin, they do not get punished for it. That is the same way, these passionate, childlike people do not suffer, nearly as much as men who are mature of understanding, intelligence and have extreme talent. To be Moslem, and capable of

believing in Allah and the unseen hereafter takes a lot of reasoning skills and intelligence, and any Moslem who has this much wisdom will not be able to escape the suffering which follows any and every sexual encounter.

Every single German soldier of World War Two who were sexually active, suffered unimaginable harm and pain and torture. Every single soldier, whose diaries mention sexual thoughts or sexual activities either with their wives, or with girls from the countries they invaded, every single soldier without any exception, goes on to the next page to write about the amount of starvation they faced, they go on for pages about how they starved in -30° freezing in ice, shivering in the cold and living on dead rats, because their military rations were finished. After every single journal of admitting to sexual thoughts or masturbation, the entries of the WW2 soldiers discuss the after effects, and they go on to write how they had to cut off their hands and their own feet after it became frozen and infected with gangrene. They write about their ears and their noses falling off after freezing and becoming complete ice. They write about every single soldier who on their way

retreating, fell down and starved and froze to death. They talk about how for months and almost a year, they had no food and used to, got one piece of bread in the whole week and instead of eating that crumbly ration, they use that mouldy rotten bread to trap a rat and eat that rat until there were no more rats in the entire vicinity.

Until that moment, those German youths did not even kill any civilians, because these diaries were being written around 1940. Their only sin was excessive sexual activities. Eventually, after sexually becoming active, they were also forced to kill civilians, or else they were shot dead by their superiors, and their family members were forced into concentration camps, if a single soldier deserted, or did not follow the order to kill or tried to surrender.

So, being sexually active in dangerous not only because it causes suffering to befall you, but it also forces you to become killers. So, a Moslem must be especially careful never to even dream of sex, or think of lustful acts, because you have a certain power in your minds, and if you dream or think long enough about something, that longing will be realised, and you will end up doing that act. And being sexually active

will be the death of you and the destruction of your country your family and your people, not to mention how your religion will be humiliated and cursed unspeakably by 8 billion people of the world, and you will be framed for crimes you never did.

For the German men who fought in WW2, their own government went against them. Their enemies were merciless towards them, and they had nothing. They had no friends and the whole world had become their enemies. The only thing that is obvious in their journals and diaries is that these men, handsome and tall as they were, were extremely sexually active wherever they went, because women came to them readily, left and right.

Since those men were highly trained and highly intelligent, they suffered most severely because of that sin of sexual actions or sexual thoughts or sexual relationships. If every single Moslem soldier stays sexually active, they will end up dying in the World War III that is coming up, and is going to start any moment, then there will be no religion, faith, love and freedom in the world left. There will be no more men to fight for honour and dignity in the world. Every country in the world will legalise homosexuality and incest like many

European and North American nations and women will be banned from covering their bodies and non-Moslem governments will imprison parents if they refuse to let their little children change their gender or be castrated. The communist China are going to take over the entire world like Genghis Khan, and will rule the entire civilised world like India, including the Middle East, and all of North America and Europe. Perhaps they will use the millions of African soldiers who are now working under the Chinese in their several hundred military bases in Africa. Perhaps they will use those African soldiers to take over Europe, and with Chinese bases that are now being opened up in South America, perhaps they will use South American soldiers from Haiti to Brazil to Central America, including criminals and cartels, to ravage and take over both Canada and North America, and along with their several billion population, the Chinese will successfully take over India, and whatever free world there is left of human feelings, of human freedom, of religion and mercy and respect and honour for women and children.

Why did Moslems suffer under the Mongol invasion of 1258?

If Moslems forget their honour, purity and chastity, then they will suffer once more the way the people of Baghdad were slaughtered under the Mongol invasion. We know how after the Mongol conquest of Baghdad in the year 1258, millions of Moslems died, and the streets of Iraq overflowed with blood, and every Moslem Emir, king and leader were brutally slaughtered, and the Mongol Chinese army laid planks over the bodies of thousands of Moslem officers and enjoyed feasts over the bodies, squashing them to death. Why did Moslems suffer so much at that time, when the Christians were spared by the Mongols?

Indeed, the Mongol hordes sent messages to all the Christians who lived in Arabia that they would be spared from all the bloodshed if they remained inside their churches, and only the Moslems suffered. Why? Because the Moslems of Baghdad were overindulgent in marrying many women and becoming lustful, and Allah's help was removed from them, and their souls became forgetful, and their prayers were unmindful and did not get accepted anymore. So, unless Moslems become very pious and

chaste today, they will face another volley of pain and tribulation.

If someone stays absolutely chaste and has full control over their sexual desire and does not become mad or insane for women and can and has the ability to control their emotions, then that person will never become sick and will never get killed and will never get captured or tortured and will win whichever way they are fighting, even if it takes a long time.

However, this rule is not for those who burn with maddening sexual needs, for them, it is their cure to get married, but only marry the most unattractive woman, choose the ugliest character, or a woman who is ugly in every way and whose behaviour is most cruel and harsh and only then you will never be punished for your sexual relationship but will be able to be cured of your crazy sexual urge and also have pious children.

Number 2: Never ever torture anyone physically or verbally or emotion.

In war, life often becomes unpredictable. Within the span of hours, entire armies may perish, and the enemy could suffer heavy losses and surrender to you. You may suddenly find yourself the captors of soldiers who have only minutes earlier, slaughtered your comrades and maybe, even tortured your peers, but as soon as you take prisoners, a huge responsibility falls on your shoulder. A Moslem army can never and must never torture its prisoners, and in fact, he must treat the prisoners extremely well, and provide prisoners of war with wholesome meals, including fresh food and water, even if it means skipping meals yourself, because once a group surrenders to you, they become your responsibility, and Allah will question you on this duty on the Day of Judgement, and you will have to answer to the Creator of the universe on how you treated those who were helpless and in your mercy. Do not take your prisoners as your sworn enemies, and even if they killed you, try to treat them with kindness, and treat them with extreme

kindness, because the enemy soldiers may be village boys who have been forced to get conscripted, so don't break their hearts with your evil and cruel behaviour. Treat them with decency and civilisation. You won't die if you treat prisoners with decency. Keep them in the prisoner of war camp and make sure they are taken care of and fed with better items than yourselves.

Don't start thinking you are better than them and become proud just because you gained the upper hand. Win hearts of even your enemies, and your enemies will want the Moslems to win and they will pray for you to win and they will want the Islamic civilisation to continue existing.

Don't get carried away by hate, or vengeful emotion, or take out your anger on the prisoners of war, even if they are American, Russian, European or Chinese, and even if they attacked and killed many of you and your friends.

DO NOT TORTURE:

Likewise, in war, many situations will come when you will become insanely angry at

someone, you will find one million evidences suggesting this person is responsible for every crime. That person may confess to killing a million people. You may find physical evidence on their person. You may find out that this person has planned to kill another 10 million people. You may think that this person has all the information which is needed for your country to survive. You may believe there is no way this person will talk unless you torture them uncontrollably, and then the information they will give will save you and your soldiers and your religion and your country.

But no matter how evil someone is or how much evidence you find that that person will destroy you and has already killed millions of people, never ever torture anyone. Even if they confess, even if you find a hundred evidence of his apparent guilt, that person may be innocent, or that person may be under duress. That person may have had their children kidnapped by your enemy who is forcing them to confess to you that they are destroying you and that they are killing you so that you torture them. That person could be the most innocent victim of the world. That person may be already suffering so much torture from his enemy who kidnapped his children and forced him to confess to you and get caught by your

investigators and so that you think that they are your enemy. That person's enemy wants you to torture that person. And if you, in that situation, torture that person thinking that person to be your enemy, then that person's pain and suffering will cause your utter destruction and annihilation. It takes one man's pain, and one man's crying, and one man's suffering and torture for your entire country and government to get destroyed.

Never ever torture anyone. If fate is written that you will be saved, then that person will be so happy that you did not torture them that that person, even if he is a real criminal, will abandon his plots to destroy you, and if he is framed, he would leave and do everything in his power to save your country and your nation. You will never be able to save yourself by torturing that person and finding out information from him. Yes, for a short while you will be saved. Perhaps you will find the bomb that was in your building, but for the torture that you have done on that person, and when that person cries and becomes angry, maybe that person's friend will take revenge on you and will attack and destroy your country and your family with 100 times more casualties and a much bigger attack. So never ever torture anyone. Remember everyone's

death is written, if this person cannot kill them, then they will die in a natural disaster. If this person has a nuke buried which will blow up and kill your people, and you torture that person, and are able you take the nuke out and you think you saved your nation, then your nation will face the greatest volcano or earthquake or tsunami and they will all die anyway. But if your nation is sinless and pious and God fearing, then they will be saved and even if this person tries to detonate a 100 nuke, and you do not torture that person, then somehow those nukes will malfunction and somehow none of those nukes will explode and everyone will be saved because death is not written for them in their fate. So no matter what, and no matter how angry you are and how crazy and desperate you are and how much you believe that you will be saved if you just tortured this person and find out the information about who sent him, never ever torture them. All your information will be false. They will mislead you to the wrong person. They will be framed or someone else will take another of your friend or country's identity and hire that person so when you torture him-he gives you the false information and leads you astray to the wrong enemy. And then if you get information out of someone

through torture, that information will harm you and will make you harm your friends thinking of them to be your enemy.

Remember this rule: Never ever torture anyone and you will be saved. You will never be tortured and your country will not be defamed or destroyed. Control your passion and have faith in God. Have faith in your own future and your written fate, that whatever is written for you will happen to you. If torture is written for you, then even if your torture and kill all your torturers, you would be stricken with the disease that will give you more pain than any human torture. So, have faith in your fate and never torture anyone.

If you come across information that a certain man is extremely evil, and is framing your religion and your country, then without any warning, if you find strong evidence and hundreds of people come and give you live evidence and testimony against that person, then you can legally execute that person very secretly or subtly. For example, you can inject that person with drug that will kill that person instantaneously and painlessly. Or you can make that person take a tablet which they will not know but will be chemical which will kill them painlessly in one second. But never

torture them. If they are truly cruel and evil who funded wars which killed millions of people and is destroying your nation, then you can justifiably kill them but do not torture them. And do not warn them before killing them, because real or mock execution causes a person great sorrow and stress. Make their execution painless and quick. Leave it to God for retribution. Let God take revenge for the harm they did to innocent civilians. Do not try to do God's job. You will never know who is truly innocent and truly evil.

KILLING CANNOT SAVE:

No matter how frequently you kill or how many people you execute, winning is never about killing; it is about mercy.

He who is the more merciful towards the enemies always wins.

And remember, you will survive by saving other, and by the order of Allah. Only who God decrees to live can survive the bitter future

that is coming ahead. Killing and torturing others will not help prolong your life span by one moment.

Never ever think that when you are under attack, if you kill the man shooting at you, you will win or be successful. Yes, you may win for five minutes but immediately some other attack may kill you because Allah has written your death date before you were born.

So never ever focus on killing.

At war, focus on how to survive without killing. The longer you can survive without killing anyone, the more chances you have at winning. The more likely it is you will never be tortured, captured or executed.

Whenever a soldier kills someone, his chances of survival lower drastically. Because the person you kill will be very hurt while dying, and he will have a very painful hurtful prayer against the man who shot him and whilst he is laying there bleeding to death, he will blame his shooter for his death and he will curse the killer for the suffering of his widow and his orphans who will never see him again and the weeping of his mother. Even if the victim never finds out who the killer is, and even if he never

sees his shooter physically, the results will be same, because the dying person will wish pain and eternal damnation to befall his executor. And that prayers of the oppressed always gets accepted by Allah very fast, no matter what religion, creed, race of nationality the person belongs to. By hurting him, your lifeline lowers significantly. So, never try to kill unless you have absolutely no choice. By Allah, your lifeline will never increase because you killed another creation of Allah. You have much more chance of survival if you never kill anyone.

Never kill civilians. Each German soldier of World War Two that killed a civilian suffered most violent deaths and such unimaginable and inhumane torture that are beyond words to say. Many of them were tortured, and I read some journals that were in German, and had it translated into English, and they were written approximately 70 years ago. In those journals, SS German forces speak of their suffering and say that they were tortured by enemy soldiers, (which country's mention I will avoid) in ways that are not utterable for human to see or imagine. Now if a German forces says that they were tortured in ways that no human being can even speak of it, and that they were trying to kill themselves madly, and biting their own wrists because of the maddening and

humiliating torture, and they could not believe that a human being could torture another human being so horrifyingly, and their women were not spared, one can only imagine what horror they faced. Not only did every single German woman give birth to the children of enemies from the race that the Germans considered extremely weak morale and extremely low IQ and extremely feminine, and the Germans despised that race believing that should that race mix with their race, then the next generation of Germans will become retarded criminals, but in spite of their fear, every single German and Austrian woman faced starvation and torture, and were assaulted indiscriminately for the next 2 to 5 years. And then they had to go into a relationship willingly with those men for food and survival, almost making the entire DNA of the German population change.

If Moslem soldiers kill civilians or soldiers of other nations, they will suffer bitter consequences, and their families will be the ultimate victims. The enemy will get power over your nation and will enslave your wives and children, the way millions of Moslems are now being enslaved in Communist China's Xinjiang prison camps, where Uyghur Moslems are suffering the most brutal punishments.

Remember! Not a single killing, goes unpunished even at war. The universe has the law and the system of justice, and no one is more entitled than the other person. Taking a life and hurting someone, whether the person is pagan, disbeliever or monotheist, and torturing someone even at war, puts you through a suffering, equal, or as 100 times worse.

Never bomb civilians, even if you are ordered from your headquarters to drop a bomb on a place where there are visible civilians around. Think of another option or give a warning or come up with an idea. Try to save civilians as much as you would save civilians and not kill them indiscriminately, if you were in your civilian life. A Moslem soldier must never let the uniform get into his head. This army uniform makes people think that they have the license to kill, and that's why every single soldier who hurts someone or killed someone suffer most violently, in the aftermath of that killing.

Do not under any circumstances become passionate or become angry and use that hate and rage to become uncontrollable in your vindictive revenge and vengeance, and go on

to kill civilians because every last murder will come back on you and your country and your family and your people and your nation. If you kill people, your Moslem wife and little children will pay the price for your sins.

Of course, at war, one has no choice sometimes, but never do it as your first option but exhaust all other possible option and try to find other ways to avoid killing your enemies and repent sincerely weep in repentance and cry to Allah for forgiveness whenever you are forced to injure or kill someone, so the dying man's curses does not destroy you or your nation.

Struggle of CHASTITY:

Most people are able to attain the state of chastity easily, but some people find it extremely difficult. It seems like for them dying, getting paralysed and injured is a lot more easier than staying chaste. They have absolutely no control over their sexual attraction and desire. No matter how much

they try to pray and fast, their sexual desires get worse and worse.

For them it is almost impossible to stay chaste. Many of these men's answer is getting married, but only marry someone who is extremely unattractive and extremely rude and harsh. Only then will you be able to control your sexual desire. Marrying beautiful women will give you happiness but it will make you lose all other blessings. If you enjoy sexual relationships with your wife, you will have to suffer tremendously in war. Because one cannot hope to gain both heaven and the worldly life's happiness together. The price of heaven is extremely high and extremely difficult. If one enjoys marital bliss with beautiful women, they lose all other benefits of their life. Sometimes they lose their lives and wealth and children in war but the most unlucky ones, the ones that enjoy sexual relationships most extremely- they lose their faith in God and becomes destined for eternal hellfire. Thousands of ex Muslims and atheists were asked the same question, that is what extra sin did you do before you started hating Islam and disbelief God and every single one of them replied that they became sexually active and suddenly and slowly they lost their faith in God, because apparently Allah didn't want

them in heaven due to their overindulgence in lust.

SO, being chaste not only allows you to live longer, but it also lets you remain in Islam and die with Iman, or keep steadfast faith in the Benevolent God who created the heavens and the earth.

BE KIND TO THE WEAKEST PERSON:

Always be extremely decent to the weakest soldier in your team. This is one of the most important rules you should follow without fail. The weakest soldier is most of the time the most lucky one in your unit.

So never ever scream or mistreat the most untalented and most coward soldiers in your team.

No matter how many times the weak soldiers put your entire team at risk, do not abandon him, and do not hurt his feelings, and do not express your frustration at him.

Never scream at him. Never misbehave with him. Never mistreat him, as they are the luckiest soldiers and if they are in your team, then you will win.

The most coward soldier is the always the most luckiest. Even if your whole platoon's life repeatedly falls into risk and you almost get shot, you will feel like screaming and hitting him for being so cowardly, but do not hit him. Control your anger. Control your passion and hate.

Remember, it is for him that your whole army will win.

This is the conclusion to the brief manual for all Moslem soldiers. Please laminate, and distribute this to all men under your command.

YOU MUST MAINTAIN CHASTITY:

In order to prevent your army from losing the war, make sure every soldier remains chaste. If they do not stay pure and chaste, they can never be successful in war or in peace.

Think about why the US forces in World War One and World War Two became victorious in every battle, while their enemies lost. From 1900, the US government enforced the most strict morality laws in the world, where they had banned women from wearing short skirts and bathing suits.

American servicemen were banned from visiting brothels, and even random women who went to restaurants at night were arrested by the American morality police, because the American leaders knew if the men and women of a nation became chaste, they would win any battle and be successful and powerful.

Look at how righteous Americans were in those years. That is why they were able to win in every war.

For many years, the American Plan was strictly implemented in the United States. The American Plan was a set of morality laws which the US government passed and delegated the police force to enforce. Under the American Plan, any woman who was dressed inappropriately or walked suspiciously, was arrested by police officers and were either imprisoned or fined, or were forced to undergo morality and modesty lessons as a condition for release. This law eventually began to face some criticism in the 1920s. Often, American morality police arrested women for walking down the street and many women were forcibly examined, and treated with arsenic under the same modesty law. That policy of the US government to ensure all American women remained chaste was known as the American Plan, where it gave the police morals squads legal right to take in suspicious women into custody. This law was well in practice until the end of 1970. During the first and second world wars, the American Plan deemed women a danger on par with the Germans. They believed that if women were harassed by the police for being promiscuous, they would

not agree to engage in sexual relationships with American men, and thus, the men of the nation would be able to stay chaste and celibate, and become successful in their battle. The common belief was women spread sexually transmitted diseases, the government declared, and police should arrest and isolate women to protect men from the dangers of STDs. But women didn't just face being taken in if a police officer decided they were suspicious or promiscuous. Women were forced to undergo invasive genital exams. Those found to have STDs were detained and treated with medicines.

1925 "Morality Police" Tried to Control Length of Women's Skirts

By Tasos Kokkinidis November 30, 2018

Police measuring the length of women's skirts

Even civilians were instructed to dress modestly under the American Plan, which police officers working in the morality squads maintained most strictly, and banned women in the United States from wearing short skirts.

Sample posters the US military printed during the world wars are shown here to give an example of how determined the American government was to ensure their men were chaste.

Propaganda poster and magazines were regularly distributed to American soldiers and they were told that in order to defeat the Axis powers in World War One and Two, they had to remain chaste. In order to stop Allied soldiers from having sexual relationships, the American generals insisted every soldier believed that having sexual adventure would cause death and deadly diseases. Until 1970, the US government maintained strict discipline in the military, and discouraged all forms of promiscuousness. In an effort to encourage American men to be celibate, the Army posted signs such as the ones below where

they encouraged soldiers to refrain from all forms of sexual activities. The US military officers believed that sexual abstinence increased a soldier's morale and made them better fighters. Under the American Plan, the US government applied many measures to make the GIs chaste and pious. Religion and spirituality were an integral part of the US army until 1970, and the military discouraged soldiers from indulging in sexual escapades.

Moral Superiority:

SCIENCE DISEASES / MEDICAL CONDITIONS

**An American Policy
Created Morals Squads To
Arrest 'Suspicious' Women
And The Law Still Exists
Today**

Today, some Moslem nation like Iran finds itself surrounded by enemies, and the whole world appears to have banded together in order to crush the Islamic civilisation for good, so that they can indulge in their sexual promiscuousness and lustful fantasies without

morality police observing their degeneration. As long as Moslems remain standing on a strong or firm pedestal of truth and morality, then the rest of the world will find that they have no choice but to maintain a semblance of humanity in their actions, and speech. For example, nearly every country in the world legalised and justified homosexuality and these very people are eager to become even more immoral in their sexual escapades but would prefer to call themselves civilised even while they make incestuous marriages legal, but with Islam's moral ground hovering over their heads, they find it imperative to first destroy Moslem morality and ethics, before descending to the level of beasts and fiends in their promiscuity.

Until 1970, the US government maintained strict discipline in the military, and discouraged all forms of promiscuousness.

Once, the western nations banned vulgar clothes and sexual acts, but now, homosexuality is not only lauded as a virtuous act in the West, but celebrated and honoured beyond words. The problem with sexual overindulgence is that once everyone in a nation or inside a continent becomes sexually promiscuous and homosexual, then people gradually seek other forms of more perverse pleasures such as incest and paedophilia, and ever since legalising homosexual marriages and relationships, the film industry of the West unceasingly published and produced books and films starring only gay couples, until they graduated into more perverted sexual practices in order to normalise sexual deviation like incest. For example, popular American television shows like the Game of Thrones constantly show incestuous relationships in their scenes, and display graphic sex scenes between uncles and nieces or siblings, but this much depravity was not enough to western film makers and so, more recently, the House of the Dragon show crossed an incestuous line even with long-time fans of the 'Game of Thrones' when it decided to show long and graphic nude mother-son sex scene in their latest episodes.

Propaganda poster and magazines were regularly distributed to American soldiers and they were told that in order to defeat the Axis powers in World War One and Two, they had to remain chaste.

The American Plan Remains Law In Nearly Every State

Long after the end of the wars that were used to justify the American Plan, the laws stayed on the books. In the 1980s and 1990s, during the fear over AIDS, public health officials quarantined people with HIV, pointing to the American Plan laws as precedent. A 1990 court decision even cited a 1919 ruling that quarantining a woman who had gonorrhea was a "reasonable and proper" action.

Under the American Plan, the US government applied many measures to make the GIs chaste and pious.

There is much to learn from these past American laws, which uphold chastity and forced soldiers to remain celibate, so Moslem commanders must ensure their men never indulge in any form sexual acts or even entertain dirty thoughts about sexuality and carnal desires.

NEVER Masturbate or think of Dirty Thoughts:

Every single Moslem commander must instruct their soldiers never to masturbate or think of anything filthy or lustful.

Do not care about being modest in this regard. It is your duty to make sure your men do not

become weak and sick minded, because if they practice masturbation, they will lose this war, and they will suffer, and the enemy will be able to take over your country and overpower all your women and enslave all your children. It is NOT worth it to think of some filthy thought or look at a vulgar image for the fleeting pleasure of a few seconds and destroy everything in your life.

Many soldiers in this modern era suffer from traumatic disorders, where their brain becomes irreparably damaged by explosion, or bomb blasts, and once the brain is damaged, they can never walk or talk again properly, so while you still have a sane mind, do not use it to think of filth and sex, and instead, think of Allah, the Merciful Creator, who made you and granted you the honour of having Faith.

Masturbation makes the heart sick and dirty, and in that heart, the love for Allah, or the love for the comrades or the affection for a country disappears. This earth is deceptive, and our heart may become addicted to relationships and our heart will become addicted to humans made of dirt. Our heart may become addicted to other humans, and while we are busy having all forms of pleasure, we might think we will become chaste when we are older, but

that day may never come. If Moslem soldiers do not become chaste or pious in youthhood, they cannot become pious after they are older. It is a fact. According to several research scientists, the people who are sexually active are prone to having cancer and other immune system disorders. Thinking constantly of sexual acts or obsessing over carnal lust can impair cognitive functions in men and women. Not only is thinking about anyone other than a Allah is a grave sin and folly in itself, there has been numerous researchers who discovered that anyone who has multiple sexual partners or has intimate thoughts or relations is susceptible to contracting terminal illnesses such as cancer or heart disease due to the body's inability to remain robust.

This is why masturbation is so dangerous. Not only does it kill the soul of human beings, but it causes terrible suffering both spiritually but also physically. Doctors suspect that cancer is taking place in young people due to their unusual or frequent sexual habits such as masturbation. Sexual indulgence such as masturbation is one of the worst act a human can do upon himself. It is the worst pain and torture that a human can inflict upon himself, because sexual indulgence not only make one

hate oneself, but it makes others hate that person too.

Of the many soldiers in modern wars such as the Ukraine-Russian conflict, or the fighting in the Middle East, everyone who suffered some sort of terrible injury admitted to being promiscuous. Nearly every single person I interviewed were addicted to pornography or masturbation and their lives ended horribly and they were very unsuccessful in job life. Several of them had already died and many of them were suffering from dire situations. Some were in prison and somewhere in broken relationships. Some of them had their children taken away from them while several of them had become homeless in the streets. This sort of sexual acts like masturbation degrades the body and makes oneself wither with self-loathe or hate or disgust. Those who are extremely active in sexually pleasing themselves become not only unsuccessful in this world but also unsuccessful in the afterlife. They lose their money, they lose their soul, they lose their heart, they lose their feelings, they lose their love for humanity, they lose their pride, and they lose everything that kept them human beings. Jealousy, anger self-loathe, and self-disgust manifests into the sexually addicted person until that person does

not consider themselves a human being, and on top of that, whenever they see someone decent or chaste around them, they become extremely envious of his or her chastity and get jealous of that person.

When Allah granted you hands and feet and a sound mind, do not use these to sexually abuse yourself and dishonour your Maker, because think of what would happen if all of a sudden, you lost the function of all your limbs, and became helpless. Would thinking of lustful ideas appeal to you then?

If your spine is destroyed, you will never be able to walk or talk again, and will be forced to live a pitiful life, where for every basic need, you will be dependent on the people around you for food and water. Why then would you ever want to use this health and sanity to defy Allah, and humiliate our own body by thinking of dirty and carnal thoughts?

People mistreat paralysed patients, because they cannot rise from their beds, or brush their own teeth, or change their own clothes. Some of the soldiers may have mothers who will take care of their helpless bodies, but after their mother passes away, there will be no one to look after them, and they will be horribly pained and depressed.

It is not fun to be wounded and lame. It is not a pleasant experience to be helpless and bed-ridden for fifty years. Think about the modern warfare and the deadly weapons being used in this century, and imagine if even one of those bombs struck you, and crippled you for life, how would you regret the moments spent in dirty thoughts? Since 2022, the Russian Federation sent nearly a million soldiers into Ukraine to fight an internal battle, and almost all of the Russian youths who were in the battle field suffered terrible injuries from modern drone attacks. In the past month alone, over 65,000 Russian soldiers died in the dragon drone attacks, which unfairly targets unsuspecting servicemen and drops grenades into the trenches. Tens of thousands more have been critically wounded in the attacks which were carried out by the most horrifying drones. The mercenaries fighting against Russia began using the Dragon drone, which burns the area underneath with thermite. Not only is it illegal to use the highly dangerous compound in warfare, using Thermite goes against all conventions of morality and humanity, because it uses molten metal to destroy the enemy, causing Russians to burn to death after being scorched by hot metal. Ukraine's 'dragon drones' regularly pour

molten metal on Russian positions in the latest terrifying battlefield innovation, and there are many videos on televisions and news media which show how the low-flying drones drop torrents of fire – actually molten metal – onto Russian-held positions in tree lines. The white-hot mixture of aluminium powder and iron oxide, called thermite, burns at temperatures up to 4,000 degrees Fahrenheit (2,200 degrees Celsius). It quickly burns off trees and vegetation giving cover to Russian troops, if not killing or disabling the troops outright. As it falls from the drone, the thermite resembles the fire coming from the mouth of the mythical dragon, giving the drones their nickname.

The reality is that in modern wars, molten leads are poured over the bodies of living teenage souls in Russia and the boys who fall victim to the metal liquid, boil to death instantly. Can you imagine the pain and suffering which these soldiers face? Unfortunately, many of the of the active military men admitted that prior to war, or during the battle, they often thought of lustful ideas and watched graphic or vulgar images of women in order to masturbate, and every time a soldier remotely tried to masturbate, he suffered most horrifyingly. They now have the enemy dropping thermit warhead on them.

Thermite, unlike conventional bombs that rely on a blast effect, generate intense heat so it is used in welding steel, iron, and railway tracks. The result of burning with thermite is catastrophic, with horrific injuries and loss of life. Since thermite is so hot, that it reaches 4000 degrees, the ignition of thermite is slow and requires very high temperature to ignite. When these molten leads are dropped on Russian held-territories, every tree bursts into flames.

Do NOT commit sins using the very boons which Allah has given you. When Allah granted you a sound mind and healthy body, why would you ever use this energy to think of the dirty body parts of another human being, who likely hates you and is disgusted of you?

The American Plan Targeted Women To Keep The US Military Healthy

The government called it the American Plan. During WWI, the government wanted to keep sailors and soldiers STD-free. Sex federal officials pushed for new laws targeting "promiscuous women."

One law outlawed sex workers within 5 miles of a military training camp. These "moral zones" were meant to stop the spread of syphilis and gonorrhea in the military by targeting women rather than the soldiers themselves.

Government officials also learned that most soldiers with STDs contracted them at home rather than on the military base. As a result, the federal government pushed for a much broader program that would target any woman suspected of having an STD.

In order to stop Allied soldiers from having sexual relationships, the American generals insisted every soldier believed that having sexual adventure would cause death and deadly diseases.

Even when non-Moslem men practice masturbation, they reported to have faced many pains and suffering, such as the soldiers of World War Two. Some Germans who fought in the Second World War admitted in their diaries that they often masturbated, and as a result, they said that they were captured and tortured most terribly. Many soldiers were stuck in the middle of snow and forests in the middle of Russia, and had to eat rats for months, until in the entire city of Stalingrad, not one rat could be found.

Some soldiers were so hungry that they ate their dead comrades due to extreme starvation. Others froze to death as soon as they fell asleep. Soldiers who exposed their nose in the wind for a few seconds immediately saw their noses freezing and falling off.

Sometimes, for the sin of one soldier, the entire army suffers. Because of the dirty thought of one man, one million soldiers may be defeated.

If Moslem soldiers cannot be victorious, the entire world would become pagan and Satan-worshippers, and everyone's religion will become sexuality and desires, as we are seeing in today's world where in Europe and America,

even children are forced to undergo sex-education, and are forcibly taken away from parents in order to be sexually groomed with mandatory drag shows and homosexuality lessons.

The government allows any child to cut off their reproductive organs without the permission or knowledge of their parents if the child wants to change his or her gender. They are now doing so in the name of freedom, and soon, will try to make the whole world follow their customs, so it is very important for Moslem soldiers to be chaste and pure, and achieve victory over the filth of lust and human slavery.

Yes, for some people, it will seem as though there is nothing in the world more difficult than being celibate and chaste, but think about the consequence of your actions, and think about the fact that because of one dirty and sexual thought in your mind, one million of your comrades will die, and one million of your women will become sexual slaves of the enemy. It is true that there is nothing in the world more difficult more hard and more unattainable than being celibate and chaste.

Almost no one in the world can almost attain this path, people become so mentally weak and so emotionally unstable and so hard-hearted that they cannot at any cost ever attain Chastity and purity of the mind.

The only way to attain this feat, the only way to gain absolute Chastity and to make your soul and your heart so free and pure, is to control your heart and your thoughts.

Stay away from masturbation.

The number one requirement for chastity is to never allow a single sexual thought to ever come in your mind. Never ever go near anything that is intoxicating, never allow yourself to read a single word or a single sentence that sexually makes you excited.

Never take drugs.

Never drink alcohol.

Never watch films which show women or nakedness.

Never ever watch a single movie that has a single sexual scene or even a kissing scene. Avoid sexual thoughts as you would avoid the bite of a scorpion or the bite of a venomous snake.

Moslems must remember that one sexual thought has the power to make you sexually active with a person who might absolutely destroy you and your family. One sexual thought has the power to make you get involved in a relationship with a person who might have a secret lover who will annihilate you and destroy you and frame your religion and destroy your country and burn down your family and torture you and frame someone else for it.

One sexual thought has the power to take away every goodness from your life.

If you had in your fate written to become successful and live a long life and to live cancer free and to have a loving family and to adopt children who would love you and to have your nieces and nephews who would love you, and to become a successful politician and to become a millionaire and to become a popular figure loved by all. Every time you allow a sexual thought to come into your mind and take pleasure from it, you are destroying each one of your blessing one by one. Every time you have a sexual thought, imagine yourself losing your long life. Every time you have a sexual thought or allow it or entertain it for

pleasure, imagine yourself losing the most beloved spouse and getting a spouse who will secretly hate you and will act on all-loving on the outside. With each sexual thought one of your blessings will get destroyed. Until no blessing is left and you start losing your afterlife and your virtue and your honour and your mercy.

Many people who entertain sexual thoughts eventually became irreligious and went on to become the enemy of God. There are many ex-Moslems who have dedicated their lives to eliminate religion from the world, and every one of them admitted to being sexually active, and used to masturbate a lot. They went on to destroy religion after religion and also frame religions and start civil wars in religious country and ended up being the reason for millions of deaths.

In order to become the most successful and the best version of yourself and to gain on the path of success, Moslem soldiers and their commanders must avoid sexual thoughts as you would avoid fire and acid. No human being in the world has the ability to understand the horrors of one sexual thought or the harms of one sexual idea or one sexual video or one sexual movie or book.

If the curse and the punishment for that sexual act comes in the form of physical ailment or paralysis or cancer, then you are very lucky. But most of the time it destroys the soul of the person who constantly indulges in it.

It makes the person mentally and emotionally weak and curses the person if they are intellectual and intelligent, it makes them cursed with harming people and hurting people.

One sexual thought and one sexual act has the power to stop you from becoming successful, it has the power to stop you from becoming powerful or successful and perhaps you were the only person who would be capable of saving your country and your religion and your family and your nation and your race. Now your entire country will go into shambles and get destroyed by your enemy because of your own sexual thought. Because of that one thought which destroyed your future and made you from deserving all the goodness in the world to deserving all the suffering in the world.

Every single soldier who had written in their diary that they were having sexual thoughts

because they were so depressed and lonely, every single of those soldiers died most gruesome deaths in World War II. They suffered terrible cold and hunger and they were forced to become cannibals to survive. Their countries got lost their wives and sisters were assaulted by their enemies and gave birth to a different race belonging to their killers. Their country was annihilated their ideology was banished and they were destroyed forever and ever.

For much of the 20th century in America, a government program known simply as the American Plan was formed to prevent sexual immorality in the country, and served as a

force to prevent the spread of sexually transmitted infections. But all of those morality police were disbanded by 1970.

Morality squads functioning under the American Plan continued to be actively enforced for over 40 years until the end of WWII, and these laws are still on the books in most states and cities. Beach cops were deployed all over the coastal areas in the United States to make sure a woman's skirts were not too short. Beach cops regularly measured the distance between a woman's knee and the bottom of her swimsuit in the 1900s, and even until the second world war, to ensure that it was not too short, in accordance with the rules of the time.

The American Plan was not some dark government secret known only to few elite insiders. It was widely reported and supported in newspapers and politicians of all bents, including Presidents, condoned it. Supporters – men and women alike – could be found across the political spectrum but there was particularly strong support among Progressives and liberals – the American Civil Liberties Union, the American Bar Association, Eleanor Roosevelt, Earl Warren (who would go on to become a liberal Chief Justice of the US

Supreme Court), the League of Women Voters, to name a few. Men like J. Edgar Hoover and the FBI supported these moral squads because they all thought they were doing good for society and helping people stay chaste.

The moral values of men in America and Europe were so strong, that they did not permit women to wear these bathing suits, unlike this sex addicted, weak maniacs who are only obsessed with gaining more rights to have sexual experiences

A source of consistent and significant financial support for many of the activities, beyond governments, was John D. Rockefeller, Jr., and the Rockefeller Foundation. This is how even

non-Moslem nations once maintained chastity in their countries, so Moslem commanders must not be hesitant in teaching their soldiers the importance of chastity and the dangers of masturbation. It is better to get married to someone who you're not attracted to than to ever allow a sexual thought to come into your mind. In fact, if someone finds oneself too weak emotionally and mentally, then that person should immediately get married to a person who they are extremely unattracted to and whose behaviour is extremely cold and cruel to control one's own passion and lust. And that person's marriage will bring them the most success because they will not be sexually indulging and destroying their future success and happiness. It is much more better to be married to someone who you are not attracted to and whose behaviour is very rude and cruel rather than allowing yourself to ever have a single sexual thought.

falling, but in rising every time we fall.*

CONFUCIUS

The Power of Bismillah:

As a basic precautionary prayer to save oneself from any unexpected harm, read the first verse of the Holy Koran 19 times each day.

It is a very practical and simple method to place oneself under the protection of Allah.

The first verse of the Koran is:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
== IN THE NAME OF ALLAH ==

Reading bismillahirrahmanirraheem 19 times each day after fajr (early morning) prayer and Maghreb, (sunset prayer) will ensure the reader's safety and success.

Why should one recite the verse 19 times?

There are exactly 19 letters in the Arabic word Bismillahirrhmanirraheem, and the number 19 was not accidental, but Allah had placed it as a sign for all those who have faith.

The number 19 consists of one of the mathematical miracles of the Koran.

The Koran has often been called a miracle because it has certain features which make it

unique and of inimitable quality. This inimitability is known as the 'miraculous nature' of the Koran.

It is impossible to be inimitable. In technical language, it means the inimitable and unique nature of the Koran which leaves its opponents powerless or incapable of meeting the challenge which the revelation poses to them.

So, what are the unique miracles of the Koran?

No one else apart from Allah, the Maker of the world, is able to do it.

In its fineness, it breaks the usual norms and differs from the laws of human nature.

The Koran serves as proof for the truth and claim of the messenger.

The revelation and Koranic events happen through the messenger and no one else.

This message of 19 was written in mathematics from the Creator of the Universe with the earthlings.

NINETEEN: God's Signature in Nature and Scripture: I often used code 19 as a philosophical argument for the existence of God. Some agnostic astronomers expressed doubts about such an inference, but after

studying the Miraculous Code 19 of the Quran, as it is every philosopher's prime dream to find mathematical evidence for God's existence.

Mathematics is considered a priori, knowledge gained independently of experience. Most of the philosophers highly relied on mathematics. Descartes who employed extreme doubt as a method to reach the knowledge (certainty) could not doubt from mathematics. The language of mathematics is universal.

The Koran and its Numbers and Computer Study:

In Koran 74: 30 the following verse has often perturbed the interpreters: "Over it are 19!" A computer study made in the U.S.A. by many scientists revealed that the figure 19 is of some significance to the composition of the text. The computer data reportedly revealed that the numbers of certain letters in various chapters are always multiples of 19, like the chapter Qaf, which contains the letter Qaf 57 times which is a multiple of 19 (3 times 19), and that the formula Bismillah is composed of 19 letters and that this formula occurs 114 times in the Koran which is 19 times 6 (namely in front of each Surah except Sura 9 (= 113) but one more

time in Chapter 27: 30 (= 113 plus 1)), and that each of the four words in the formula occurs in multiples of 19 in the Koran.

Here are some examples of this historical message:

- The first verse, i.e., the opening statement "BiSM ALLaH AL-RaĤMaN AL-RaĤYM", shortly "Bismillah," consists of 19 Arabic letters.
- The first word of Bismillah, Ism (name), without contraction, occurs in the Quran 19 times.
- The second word of Bismillah, Allah (God) occurs 2698 times, or 19×142 .
- The third word of Bismillah, RaĤMaN (Gracious) occurs 57 times, or 19×3 .
- The fourth word of Bismillah, RaĤYM (Compassionate) occurs 114 times, or 19×6 .
- The multiplication factors of the words of the Bismillah ($1+142+3+6$) add up to 152 or 19×8 .
- The Quran consists of 114 chapters, which is 19×6 .
- The total number of verses in the Quran including all unnumbered Bismillas is 6346, or

19x334. If you add the digits of that number, 6+3+4+6 equals 19.

- The Bismillah occurs 114 times, (despite its conspicuous absence from chapter 9, it occurs twice in chapter 27) and 114 is 19x6.
- From the missing Bismillah of chapter 9 to the extra Bismillah of chapter 27, there are precisely 19 chapters.
- The occurrence of the extra Bismillah is in 27:30. The number of the chapter and the verse add up to 57, or 19x3.
- Each letter of the Arabic alphabet corresponds to a number according to their original sequence in the alphabet. The Arabs were using this system for calculations. When the Quran was revealed 14 centuries ago, the numbers known today did not exist. A universal system was used where the letters of the Arabic, Hebrew, Aramaic, and Greek alphabets were used as numerals. The number assigned to each letter is its "Gematrical Value." The numerical values of the Arabic alphabet are shown below: [the table is omitted]
- There are exactly 114 (19x6) verses containing all these 14 letters.

- A study on the gematrical values of about 120 attributes of God which are mentioned in the Quran, shows that only four attributes have gematrical values which are multiples of 19. These are "Wahid" (One), "Zul Fadl al Azim" (Possessor of Infinite Grace), "Majid" (Glorious), "Jaami" (Summoner). Their gematrical value are 19, 2698, 57, and 114 respectively, which are all divisible by 19 and correspond exactly to the frequencies of occurrence of the Bismilla's four words.
- The total numbers of verses where the word "Allah" (God) occurs, add up to 118123, and is 19×6217 .
- The total occurrences of the word Allah (God) in all the verses whose numbers are multiples of 19 is 133, or 19×7 .
- The key commandment: "You shall devote your worship to God alone" (in Arabic "Wahdahu") occurs in 7:70; 39:45; 40:12,84; and 60:4. The total of these numbers adds up to 361, or 19×19 .
- The Quran is characterized by a unique phenomenon that is not found in any other book: 29 chapters are prefixed with "Quranic Initials" which remained mysterious for 1406 lunar years. With the discovery of the code 19,

we realized their major role in the Quran's mathematical structure. The initials occur in their respective chapters in multiples of 19. For example, Chapter 19 has five letters/numbers in its beginning, and the total occurrence of these letters in this chapter is 798, or 19×42 .

- For instance, seven chapters of the Quran starts with two letter/number combinations, $\text{H}8\text{M}40$, and the total occurrence of these letters in those chapters is 2347 (19×113). The details of the numerical patterns among the frequency of these two letters in the seven chapters they initialize follows a precise mathematical formula.

- To witness the details of the miracle of these initials, a short chapter which begins with one initial letter/number, Q100, will be a good example. The frequency of "Q" in chapter 50 is 57, or 19×3 . The letter "Q" occurs in the other Q-initialled chapter, i.e., chapter 42, exactly the same number of times, 57. The total occurrence of the letter "Q" in the two Q-initialled chapters is 114, which equals the number of chapters in the Quran. The description of the Quran as "Majid" (Glorious) is correlated with the frequency of occurrence of the letter "Q" in each of the Q-initialled chapters. The word "Majid" has a gematrical

value of 57. Chapter 42 consists of 53 verses, and $42+53$ is 95, or 19×5 . Chapter 50 consists of 45 verses, and $50+45$ is 95, or 19×5 .

- The Quran mentions 30 different cardinal numbers: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 19, 20, 30, 40, 50, 60, 70, 80, 99, 100, 200, 300, 1000, 2000, 3000, 5000, 50000, & 100000. The sum of these numbers is 162146, which equals 19×8534 . Interestingly, nineteen is mentioned the 30th verse of chapter 74 and the number 30 is 19th composite number.

- In addition to 30 cardinal numbers, the Quran contains 8 fractions: $1/10$, $1/8$, $1/6$, $1/5$, $1/4$, $1/3$, $1/2$, $2/3$. Thus, the Quran contains 38 (19×2) different numbers. The total of fractions is approximately 2.

- If we write down the number of each verse in the Quran, one next to the other, preceded by the number of verses in each chapter, the resulting long number consists of 12692 digits (19×668). Additionally, the huge number itself is also a multiple of 19.

The miracle of Bismillah are endless, so every time you recite this verse of the Koran, try to appreciate the significance of every syllable and word and know that not one word or

phrase in the Holy Koran is irrelevant and every word contains the power of Allah in it, and can benefit you greatly should you read it with faith, purity and conviction in Allah.

When you recite the above verses of the Koran, and find that your situation is not improving, then it will only mean that you have been unable to maintain purity or sufficient faith. The verses of the Koran is never inadequate, it is the reader who lacks faith and sincerity.

If reading a passage does not bear desired results, it is not the verse's fault. It is your fault.

The stronger your faith is, the more Koran's verses will be powerful when you read it.

And despite every precaution, purity and prayer, if you still suffer from pain and death, then you have to believe that Allah has a better plan for you, and will compensate you in some other way.

If you see your comrade read these verses of the Koran, and then find him lying injured or dead, do not lose hope in Allah, nor despair, because even in such distress, Allah can show a

way out. It is possible that a soldier around you suffered terrible injury, because Allah has plans to protect him from some greater danger, and will save him from being slaughtered in battle. There have been instances when a soldier was shot and left for dead in the field, and all his comrades were captured by the enemy and tortured to death, and only he survived. Sometimes, pain comes as a blessing, so whatever happens, a Moslem soldier must never lose hope or despair from the mercy of Allah.

Do not Curse God:

Every Moslem soldier and commander should keep in mind that no matter how difficult a situation becomes, and how many people in your unit die, you must never vent your anger by blaming Allah. Never curse your Lord for the suffering you earned through your own sin.

If you are facing pain and pestilence, then Allah is likely saving you from some future pain, or a greater disaster.

Being a believer is NOT easy.

It is not easy to be a Moslem nor should it be taken for granted that we can all stay in Islam,

because we live in a world where lust and luxury are abounded, and you will have to go through terrible pain and suffering to remain a believer in God. It will be easy to commit treacherous sin and become lustful slaves of human flesh, and it will be easy to give up humanity, mercy and faith, but it will never be easy to believe in Allah and remain pure with a chaste body and pure heart.

You will go through hell to stay in this faith so be prepared.

Everyone will want this religion to disappear, and there will be occult and satanic cults in every corner, promising you success and sex, but make sure you understand that this world is for a short period of time, and we will all have to leave to the eternal abode and meet Allah, and every suffering or joy you experienced in this life will be forgotten, so focus on the real success and stay steadfast in faith.

Consider yourself lucky that Allah allowed you to believe in Him, and remain in Islam, because had you been unfortunate, you would have been chosen to destroy this religion, instead of helping it.

Do not be afraid of pain, poverty or death.

There are worse things than death, and it is to be faithless.

To die faithless is the saddest thing that could ever happen to anyone, because it will cause the heart to be discontent.

How can you ensure you remain a good Moslem and have faith in Allah?

Always make sure to seek forgiveness from God.

Moslem commanders should try to gather their men every day and make collective prayer and beseech Allah for forgiveness, and make a habit of blaming yourself for the harms that are befalling you.

It is not God's fault that you are suffering, but it is for your own sins that you are being captured, tortured or killed.

In war, the enemy often tortured prisoners of war. If you find yourself in an enemy camp, remember that you may have to face terrible hardship and pain, but whatever happens, do not lose faith in Allah, and never get angry at your torturer for torturing you.

Rather than blaming him, blame yourself and tell yourself that if the enemy did not torture you, the same affliction or pain was written in your fate and you would have faced the same horror by some other means.

For example, if someone is tortured most horrifyingly by a prison guard, the victim would have faced the same pain and suffering due to some illness like cancer or meningitis.

The reason being angry at the torturer is dangerous is because anger leads to hate. If you are angry at someone for wronging you, then you are bound to hate that person, and hatred leads to every kind of evil and injustice.

If you hate your enemy, you will be inclined to blame everything on them, and forget your

own faults. You will not acknowledge that you are wrong or have made mistakes, and will be unable or unwilling to seek forgiveness from God, and since hate and anger prevents one from being repentant, it is dangerous and irresponsible to hate.

Why should you hate your torturer when it is not him who is hurting you? Rather the pain you are experiencing would have come your way in any case, regardless of whether you were captured or not.

Hate will only accomplish destroying your own soul because you will not feel enthusiastic about making sincere repentance, and repenting for one's sins is the most important act a believer can ever do.

But if you keep in mind the most essential rule of life, and that is, to be celibate and remain aloof from pleasures, and never be sexually active, then you will not suffer from pain and torture and will not be captured or killed by the enemy.

Aside from the above prayers to be read on specific occasions, there are several other chapters in the Holy Koran which can miraculously save those who are in trouble.

One such powerful chapter is Yasin, which is also known as the Heart of the Koran.

Chapter Yasin is the 36th chapter of the Koran, and in case of any hardship, fear or difficulty, Moslem commanders should gather all his men and make the soldiers read this chapter 41 times in one sitting, and pray to Allah to solve that dilemma.

Read 41 times Chapter Yasin individually or you may read it collectively for the same results.

Other chapters like Chapter Fath (or 48th chapter) and Chapter Toor (52nd chapter) should also be recited 41 times each.

Reading the 48th chapter of the Holy Koran will ensure that the Moslem army remains victors.

The 52nd chapter of the Koran will ensure that the army does not succumb to the enemy.

Reading these chapters and above verses of the Koran are very helpful, but the most important thing is for Moslem commanders to pray earnestly along with his men for fifty minutes to one hour each day, and beseech Allah to forgive the sins of all the sinners, and remove the suffering from all the sufferers.

HOW TO PROTECT THE WOMENFOLK IN WAR?

While these chapters and verses of the Holy Koran are very helpful in enabling the Moslem soldiers and commander gain victory in battle, you should also teach the prayers in this book to women in your household.

Whoever recites these will be able to protect themselves from harm, and for Moslem women, it is doubly necessary to be safe from the enemy's sight and knowledge.

However, the only way to ensure that your wives and daughters will be protected from the assaults and humiliation of the enemy, try to encourage them to wear veils and face covering. I know this idea may be terribly unpopular for many people who have been brainwashed to believe that remaining naked like wild beasts is freedom and covering oneself is a form of slavery, in reality, historical records show that whenever the women of a nation exposed their bodies, and wore short skirts, they were invaded by enemy forces and were horribly harassed and sexually assaulted, and so, if you want your womenfolk to be safe, then instruct them to not only wear headscarf, but also cover their faces complete, because

no woman who ever had her face covered was assaulted.

Verses which grant peace to the reader:

Verse 48 of Chapter Romans in the Noble Koran:

“It is Allah Who sends the winds, which then stir up ‘vapour, forming’ clouds, which He then

spreads out in the sky or piles up into masses as He wills, from which you see rain come forth. Then as soon as He causes it to fall on whoever He wills of His servants, they rejoice.” (Koran, 30:48)

These are the 40 powerful verses of the Koran, which should be recited at least once each day, preferably after the night (Isha) prayers. The leaders of Moslem nations and commanders of the army will find these verses exceptionally beneficial, as the reader's prayers are accepted. In addition to reading these lines personally, teach your wife and children these verses so they do not get attacked by enemy forces and can beseech Allah with forty of His verses from the Holy Quran.

The forty verses which begin with Allah's name is extremely powerful, and the reader will find all his or her prayers being accepted. Additionally, these along with the verses of protection given above should be recited by special operative, especially for spies and women.

If soldiers, and especially the officers of the army want 100% assurance that they will survive this war without pain, torture, injury and suffering, then let them become absolutely chaste. Chastity and purity are their insurance. Let them leave all sexual activities and sexual relationships and become absolutely chaste. Stay away even from your wife and protect yourself from every single sexual thought and glancing at sexual pictures and videos. Keep your heart pure and constantly pray and fast.

There is absolutely no doubt that the person who stays completely away from every kind of sexual relationship and sexual activities will definitely survive even if a nuclear bomb is detonated over their heads. Even if a hundred bullets are shot at him and even if their ships

drown in the middle of a turbulent ocean during a sea storm, they will be saved.

Two things will ensure a person's survival:

Number one is never to torture anyone physically or verbally. Never curse anyone and never scream at anyone even if they have almost killed you or your whole team and no matter how angry you are, never scream at anyone or curse anyone and never torture anyone and stay completely chaste and never allow a single sexual thought to come into your mind or heart, never look at women and immediately think how ugly she will be when she is old or if she dies and the corpse starts rotting.

Many men have successfully become celibate and none of their wives left them, especially since they already had children together. They reported that their wives actually respected them much more and loved them more sincerely after they became chaste and kept away from all sexual relationships and demeaning lustful activities.

But some men found it extremely difficult to remain in the state of celibacy, and were not able to stay chaste at all. Some men tried desperately to stay chaste but failed every time. Later, it was found out that those who have no control over their sexual urge have only one successful way of attaining complete chastity; and that is if they physically stay away from all sexually active people, including married people, such as friends and family who are not single.

This is not an easy task, and it will require one to disengage from all friendly companionships.

There are some points to observe about the observance of sexual chastity. Over and over again, thousands of men have given testimony claiming that one thing allowed one to be chaste. Only in one way can you ensure that you can become chaste. If you find yourself unbelievably addicted to sexual relationship and sexual activity, if you find yourself unimaginably attracted to sexual relationships, if you feel that you cannot survive one day or 1 hour without sexual thoughts or sexual images or sexual pleasures of any kind, then immediately do one thing: remove yourself from every person around you who is sexually

active. Never ever go in front of a single person who is sexually active whether it is your mother or your sister or your brother or your sister's husband or your uncle or your aunt or your neighbour or your best friend who sacrificed his or her life for you. Never ever live or be friends with anyone who is married-even your family. Only stay with fellow chaste people, and permit them to remain in your presence, and share your company.

This advice is extremely important for every single general, army commander, politician and minister and royal family members and businessmen. If all Moslem leaders do not become chaste, they may become doubled, captured, executed or forced to pass inhumane legislation, and their look alike body double may be put in their place to say and do and order horrible things for their own soldiers to do and get defeated.

Many foreign spy intelligence networks are placing body doubles and look alike characters in positions of power in Muslim-majority countries like Iran and Saudi Arabia and Afghanistan, and soon, these leaders will try to eliminate every sign of Islam from the world.

If all the Muslim leaders and generals and businessmen become completely celibate and chaste (stays away from all women even their wives) and never indulges in any sexual pleasure and avoids all sexual thoughts, then those chaste men can never be controlled by enemies or be killed or doubled, because it has been proven over and over again that when someone is chaste, and has self-control, he or she cannot be defeated.

Chastity is like a shield, and anyone who refrains from worshipping the filthy body parts of another human being, is able to focus more purely on God and on religion, and so, being celibate offers a huge protection for those who are pious, and this purity builds a barrier around anyone who is chaste, and renders his enemy to become powerless. Normally, people don't suffer for engaging in sexual relationships, especially if it is with their wives, but intelligent people who indulge in sexual activities and pleasures, even if it is with their wives, or legal spouse, suffer unimaginably for appeasing their lust, and thus, they do not have any protection from the enemy and are ultimately destroyed.

Follow these 3 rules and sacrifice some small pleasures of a few worldly days and bring back glory to your nation through adhering to these three rules.

Fast:

Fast every day or every other day of your life. Anyone who fasts is also gains huge protection from enemies.

Stay Pure:

Anyone who constantly stays in a state of ritual purity or with wudhu is also protected from enemies.

Stay in the state of wudhu constantly.

Pray sincerely and try to weep:

Pray and cry to Allah every day for 30 minutes, or at least 15 minutes in the morning and 15 minutes in the evening, and pray until your eyes get moistened with tears.

Pray for everyone who is suffering around the world. This prayer will make you extremely

powerful and will give your family or soldiers a lot of strength to fight this war.

Even when you are home with family, make sure you all pray together.

If you are in the army, make sure every single soldier prays together with their hands raised up in a sign of humility and unity and pray for victory and for protection from enemies and so that Allah saves you from killing other Moslems or be killed by them.

Be very Chaste:

All Moslem soldiers must stay extremely chaste. Do not wait to be conscripted into the army to start treading on the path of chastity. Become chaste immediately. Gradually, stop all sexual relationships with everyone and destroy all videos and pictures of women from your phone, of you are an army commander, forcefully take away every single soldier's phone and never allow them to have it except emergency calls to their family once a week.

Do not ever let your soldiers watch videos of women or keep pictures of women, or else

they will be forced to kill and as a result, the majority of them will die.

Build the spirituality of your soldiers, and tell them why it is necessary for everyone to be chaste.

Read stories from saints' and other pious predecessor's life every day to all soldiers for at least 20 minutes and end with 15 minutes of prayers. Beseaching God for love, hope and mercy not only benefits others, but makes the heart soft. Pray for those soldiers who died, and pray for each of their wives and mothers and make sure you do not cease the prayers and spiritual exercises until everyone is crying.

Firmly, give forceful and lengthy speeches on chastity and celibacy every single day until it is ingrained in the heart of every Moslem.

Tell soldiers how fighters who got captured and tortured all later said that they were extremely sexually involved with their wives before they got captured and tortured and starved to a state of insanity.

No soldier who was completely chaste was ever tortured or injured or starved in war.

Every single soldier who enjoyed sexual relationships with their wives and girlfriends, all became severely injured and tortured and most of them died. The only ones that survived wept uncontrollably and was spared because of their extreme feelings and because their sacrifice and helping others.

DO NOT BE AFRAID TO BE CELIBATE:

Soldiers may think that their wives will leave them if they become celibate and chaste, but if they are attacked and go to war and die in their own homes under enemy bombings, then their wives will surely remarry or will be forced to marry a foreign invading soldier. There will be no more happiness for the couple in those situations. So, before that terrible calamity befalls Islamic nations, Moslems must become chaste and refrain from being lustful at all.

So, the best thing for everyone is to attain celibacy as much as possible and fast almost every day and pray for 15 minutes and cry to

God for forgiveness and strength and for the protection of their country and families.

Never curse fellow Moslems.

Do not curse or hate others, especially fellow Moslem brothers or sisters, no matter how fiercely you are attacked from a Moslem country. Even if you see that a Moslem-majority nation is invading you, never curse any Moslem army.

In the end, even the worst of them are better than the best of the unbelievers, so even if a Moslem country wins over your nation remember it is far more better for a Moslem-majority country to rule your nation than a disbelieving nation who will claim to liberate your nation, but in reality, all they will do is make nudity mandatory, and strip naked all your daughters, wives and sisters, and enforce sexual education to your children if every school's curriculum to raise your children up as homosexuals and eventually will teach them incest and normalise sex change surgeries and teach them hatred for their parents and instruct children to cut off their male organs and become women and sex workers in order to experience true freedom.

Another reason why cursing Moslem nations is unhelpful:

You must realise that the majority of the wars that will take place between Moslem nations, will be given by non- Moslems who will threaten each Moslem country with nuclear bombs if they don't attack their neighbouring Moslem country. And this is not a hypothetical scenario either, as it has happened in the past and it may happen in the future, where one Middle Eastern Arab nation will be ordered by a non-Moslem criminal organisation who will tell them to drop bombs or send drones to another country, otherwise, their own nation will be pulverised by a chemical, nuclear or biological weapon.

For example, a non- Moslem foreigner spy will threaten Iran, and tell Iran to attack and invade and kill UAE or Saudi Arabia, and if Iran does not agree to kill Arabs, then that non-Moslem person or country will detonate multiple nuclear bombs on Iran and kill millions of Iranians. So, all Iranian leaders will be forced to agree to attack UAE or Qatar and Kuwait.

Because since some non-Moslem want to destroy all powerful Moslem countries together, their best plan is to force one Moslem-majority country to attack the other until all Islamic governments in the world get destroyed. Right now, they are trying to destroy Libya and Syria and Iran, but UAE is not allowing Libyans to stop fighting against terrorists who want to defame Islam and continue civil war in Moslem countries. So, any Moslem country might be forced or threatened to attack another Moslem country.

That is why never curse a Moslem leader or their country for attacking you, whether it is Shia or Sunni, both the groups are used by non- Moslems to make Moslems believe they hate each other so they agree to attack and kill each other. Do not play into their hands, and destroy each other in the process. It will be utterly foolish and vain. Moslems must not permit themselves to perish from the earth, because then there will be no morality, faith, honour, and justice left in the world for the women and children, who will all be forced to become naked sex workers, and every infant will be schooled in sexual educations only, and adolescents will be encouraged to undergo surgical and chemical castration and change their gender every month.

PRAYERS TO FIND SHELTER:

In war, soldiers often have to remain under the sky, and do not have any home or shelter to live in, or to protect themselves from heat and cold.

Even if soldiers surrender to the enemy, there is no guarantee they will be given shelter or food. The German army of World War Two found out this harsh truth the hard way, after they surrendered to the Americans who had promised to treat them with mercy, but after the Germans gave up their weapons, they were immediately placed in an open field surrounded by barbed wire.

Independent researchers estimated that nearly two million German prisoners in American custody were killed deliberately within the first six months. Out of the 2.5 million questionnaires which documented the prisoner's numbers, more than 1.5 million were destroyed, leading many reporters to believe that those were Germans who died in captivity and their records were quickly expunged to avoid Red Cross from prying. The prisoners were given neither food nor water or medicine, and they mostly died of illness and

starvation. If only the German prisoners had a roof over their heads, then they may have been able to live longer. The actual number of Germans who died in American camps is believed to have been at least two million, and those who perished in the months after due to succumbing to disease and hunger raises the death toll to three million.

While millions of German officers and patriotic men were starving to death in the Rhine death camps, they begged their captors for food or even a tent, but American GIs had orders to give them nothing, so when Red Cross donated blankets and tents and food, the US forces burned all piles of supplies in front of them. Indeed, in the Rhine Valley, the Allied troops were carrying out a genocide of unprecedented scale, one that the world had never before seen. None of the German prisoners could fathom the reason for their captors' cruelty towards ordinary German soldiers, and some wondered whether they should have surrendered to the Soviet Union, a nation which had suffered much greater losses in that war and had much more experience in organising concentration camps, but were remarkably lenient towards their German captives.

However, the reality for any soldier is that they may not find a place to shelter from the freezing cold or burning heat. For example, the Germans who surrendered to the Americans had no place to hide from the freezing German winter, and so, even the officers used their hand to dig holes in the ground, and bury themselves to stay warm.

At times, soldiers may have to reside inside cold and dark trenches for weeks or months, and in such scenarios, the most beneficial prayer to be read is a verse from the Holy Koran:

ANZILNI MUNZALAN DUA WITH ARABIC TEXT

this dua is written,

رَبِّ أَنْزِلْنِي مُنْزَلًا مُبَارَكًا وَأَنْتَ خَيْرُ الْمُنْزِلِينَ

Transliteration: Rabbi anzilni munzalan mubarokan wa anta khairul munzilin.

English translation: “My Lord! Cause me to land at a blessed landing-place, for Thou art Best of all who bring to land.” (Koran, 23:29)

In the wars of human history, soldiers have suffered from torment and starvation in war and after being captured, such as the Germans of World War 2, who began to suffer

unspeakably the day they had surrendered to the American GIs in 1945. Nearly six million German soldiers rushed to the American, French and British troops and gave up their weapons and surrendered their lives to the occupiers, but soon, they realised their mistake as thousands began to die in the open-air camps at the Rhine. Each day, tens of thousands of corpses were taken away by American military trucks which buried them in secret graves under the dark of the night. Those Germans in French custody were also dying of starvation but the high casualties in the French camps could have been attributed to the food crisis in France. By the autumn of 1945, the supply situation in France deteriorated so much that the International Committee of the Red Cross warned of the possible death of hundreds of thousands of German prisoners if the situation did not change. As part of the humanitarian aid operation, the Red Cross was able to secure American food and delivered it to French prisoner-of-war camps to raise food rations above the level of starvation and save some lives, but American soldiers, who were adhering to the policy of starving their German prisoners to death, were strictly abiding by the rules which prohibited them from giving any

food or medicine and even water to the Germans.

The casualties in American prisoner-of-war camps were dreadfully high even though the Americans had the best supply of all the Allied armies, and despite having mountains of food piled up in front of each prison camp, more prisoners died in the American camps because they were deliberately starved to death.

In cases of torture, starvation and lack of housing or shelter, the most useful verse of the Koran to be read is the above line from Chapter 23 of the Koran, because Moslem soldiers must remember that no matter what difficulty they may be in, the only way to escape horror and pain is to turn to Allah and seek His aid.

In the tenth verse of Chapter 8, the Koran mentions: "Victory cometh only by the help of Allah. Lo! Allah is Mighty, Wise."

If prisoners of war are suffering from cold or hunger, or even extreme heat, then reading the Koran verse 23:29 constantly will guarantee them shelter and ultimately freedom, or the prisoners will be transferred to some warm and comfortable place.

The German prisoners of World War Two did not know these prayers, and so, they suffered sadly until the very end, especially after they gave up themselves to the Americans and the US soldiers kept most of them in the open fenced camps throughout the winter, causing millions of deaths, because most of the prisoners had succumbed to the terrible cold and were given neither warm clothing nor any medical aid. German prisoners who managed to survive the ordeal discussed how they had to drink their own urine to stay alive, even though the rushing water of the Rhine River was only several metres away, but officially, the reason the US president insisted on keeping all German soldiers in the camps was to place them on trial for war crimes. This meant the prisoners of war captured by the Americans had to stay in the camps longer, and without any food or water, or even a shelter overhead, millions perished. Allied nations had agreed to use prisoners of war as free labour after the end of the war, and the British tried to treat them fairly and provided warm food and clothing to the vanquished Germans, while American occupying forces passed martial laws sentencing any German to death who was seen giving the prisoners any amount of food, and eyewitnesses today recall how young boys and

wives of some prisoners were shot by Allied guards when they tried to toss a loaf of bread to the starving German men. For many years after their surrender in 1945, German soldiers and officers were forced to work in hazardous places, and the French and the Dutch used them to clear minefields by marching over millions of mines. Thousands of German men became permanently maimed by stepping over these mines and many more died instantly.

In this generation, similar brutality may take place again, and Moslem soldiers must remember that the most dangerous thing someone could do was to surrender.

Verse of Entering and Exiting Battle Grounds Successfully:

However, war is also unpredictable, and no one can know for sure what will happen to them once they enter a battle field.

SO, for all Moslem Commanders, I would like to add a special verse that is to be read upon entering and exiting a town or locale. While marching in with your men, make sure every soldier reads this verse of the Holy Koran,

which will ensure that the mission is successful and your army will be able to enter in peace and safety and also return from battle with joy and peace.

This is the eightieth verse of Chapter Children of Israel in the Koran.

Transliteration: Rabbi adkhilnee mudkhala sidqinw wa akhrijnee mukhreja sidqinw waj'al lee milladunka sultaanan naseeraa.

Translation: "My Lord! Cause me to enter wherever it be, with Truth, and cause me to exit, wherever it be, with Truth, and support me with authority from Yourself." (Koran, 17:80)

16 VERSES with the mysterious letters:

Here, I will list several of the Koran's verses, which begin with disjoined or disconnected Arabic letters. These appear at the beginning of 29 out of the 114 chapters of the Koran, and form the opening verse of their respective passage.

The significance of the letters is endless and also unknown. Those who are expert in Islamic exegesis has interpreted them as abbreviations for either names or qualities of Allah, or for the names or content of the respective chapter, but the verses following those letters are also extremely powerful and contain secrets and success of both worlds.

Please try to read these verses at least once every day.

The Significance of Fasting:

**Generally, we consider fasting to be the
ritualistic act of abstaining from pleasure,
including food, water, and lust, but in reality,
fasting is beneficial for the human heart, body**

and soul because it allows a person to become confident, develop self-control, and most importantly, become and remain chaste.

How is chastity related to fasting? Because one cannot fast if one is not chaste. It is a basic and inherent rule of fasting that it will become null and void if the person who fasted entertains any dirty or sinful or lustful idea or thought.

Masturbating, and any lustful action breaks a fast, so for those who fast regularly, they are forced to remain chaste and thus, develop a pure heart.

It is necessary for Moslem commanders to remain in a state of purity at all times, so they must fast regularly and avoid any sinful or lustful intent.

Fasting and Chastity Can Save Lives, preserve Faith and Humanity:

The reason this book reiterated the notion of chastity several times, is because it is relevant in today's age, where promiscuousness is the norm, and Moslem youngsters are often

indulging in practices that are common to non-Moslems.

Why do we consider sexual activity so dangerous?

Let me share a brief research I and my peers had conducted as a side project. We informally interviewed several thousand ex-Muslims who were originally from Moslem majority nations, like India, Bangladesh, Pakistan, Iran, Morocco and Egypt and we wanted to know some details about their lifestyle hoping to find a common denominator in all their lifestyles. We hoped to find out what activity or action they were indulging in prior to leaving Islam, or what they experienced before they suddenly decided to hate Islam so violently that they cannot help but make hundreds of videos and write articles and books, cursing their former religion with passion and rage. In order to find out why they started hating Islam so madly, we spoke with them, and we found out that they all had quite a high IQ, or were educated or intelligent but most importantly, ALL of them were extremely sexually active. Most of them were married but were rigorously sexually active with their halal or legal spouses. And the ones that were unmarried were having a lot of sexual thoughts and were active sexually in

other ways, and many admitted to watching illicit movies and adult films occasionally. My friends and I were shocked to see the results of our research, as prior to this, I had no idea that those Moslems who were sexually active somehow ended up leaving Islam, and hating Allah, and preaching against Islamic laws. It was a frightening thought, because most Moslems erroneously believe or think that being sexually indulgent with a spouse is a good deed, but there had been no exception to my research. In the past few years, more than 10 million Moslems left the folds of Islam and almost all of them really hate Islam and are ferocious towards all Moslems. Every single one of them were lustfully active. We also saw some Moslems questioning Islam a lot on every YouTube video and blog so we extended this research online and we asked them couple of personal questions and we found out that they were also sexually active with their spouses and the single ones had provocative thoughts and fantasies and watched videos of opposite gender. So, we realised that anyone who is intelligent and emotional and becomes sexually active in this century gets very addicted and enslaved to their spouses and thus somehow gets angry at Allah when something bad happens to them and they start

hating God and then, Allah does not permit them to remain in Islam.

Why didn't the people of the past become ex-Moslems when they got married? Because the people of the previous century were in very precarious situation. They could not exactly enjoy sexual relationships freely, and most did not choose their spouse, and the majority of the world's population were in poverty, and nations were subject to brutal kings, and lawlessness was the norm, and with the absence of modern technology and electricity. People had to work very hard to gain little things, and so, sexual activities became a hazard, especially for women, who faced the huge possibility of child mortality and also having child birth complications, since there were not enough medical science and a lot of pregnancy related deaths. Women were oppressed and were forced to stay with their in-laws and had a lot of pain and suffering and had to work really hard for their food and did not have easy access to everything. Thus, they could not enjoy sexual activities the way this generation of people do. But since we are all smart and comfortable, I think sexual relationships is really bad for us. Being lustful is most detrimental to Moslem soldiers, who should remember that Paradise is not for free.

People around the world, such as refugees and other innocents are dying for no sin of theirs. If they go through so much pain for entry into paradise, then we must be really foolish to think that we will go to paradise without any suffering. Islam is not for free. The more we enjoy life, the more suffering we will have to go through to become deserving of paradise. It is the simple truth. Both we and non-Muslims cannot expect to enjoy the same lifestyle and happiness and imagine that we will be able to go to heaven and they will not.

Advice for all Moslem Commanders:

As a general rule, all Moslem commanders must do everything in their power to instil faith and morality in their men.

To do this, you must build trust and mutual respect amongst yourselves, but being extremely nice to them. Treat your soldiers with decency, and never mistreat them when they are inside the barracks.

Because of the faithlessness and the absence of religion, most Moslem soldiers are depressed and have no families, friends or loyal partners. Everyone is being disloyal to

everyone, and everyone is forced to act civilised because of the pressure of the media, and the fear of the insult from outside people. But their hearts are all dead. They have no more strength and no more endurance to fight for something they don't believe in. They have no more reason to live on or find a reason to live for. They don't love their irreligious governments; they don't understand why they should fight for a government whose laws they despise. They don't have children who like them, because all their children are taken away by their spouses, which never happened in the previous century.

The situation is so economical and so selfish that youngsters do not respect their elder relatives. There is no love between parents and children anymore. In previous centuries, the soldiers used to love their mother, selflessly, and their mothers used to love them, and their wives used to love them, and their children would never leave them, and their wives would never leave them. The situation is completely different now. People feel like a foreigner in their own country. Their government makes the most immoral laws and changes it every day, scaring them beyond imagination. They don't trust their

government because their government has no religion. Moslem armies are looking for a complete assured defeat should this mindset prevail.

How can a country win if its soldiers do not want to die for it?

How can a government win when the people despise their own laws and their own government?

How can a man win when he has no family to go back to no family to live for and die for?

It is very important to give Moslem soldiers a purpose. Once they get enlisted, try to constantly bring back religion or bring back faith or bring back freedom.

Is very important to talk with them every day and give them strength and give them a purpose for fighting, to show them constantly what might happen if they lose and to give them hope that once they win this war, perhaps they can bring back religion into their new world and instil moral values and religious values and family values into the new generation of children.

If Moslem commanders do not instil this mentality into them, every single soldier will secretly want to lose. They won't think that their enemies are any worse than their own

government and so, they will want their enemies to win.

Establish a rapport with your men by being gentle with them. But, once you are outside army barracks, be strict, otherwise, discipline cannot be maintained. However, if you are rude to them inside the barracks, they will never listen to you out side and will seek the first chance to sabotage your mission.

So be kind to your soldiers and teach them the importance of chastity.

Due to the internet, most Moslems have become obsessed with watching and uploading video games and movies, and so, they have forgotten who they are or what their religion is and who they believe in.

Allah is unknown to them.

For those soldiers, you must teach them their own identity.

Tell them about Allah.

it is very important for them to believe in a faith without having doubts. They must know Allah as He ought to be known.

WHO IS ALLAH?

This question is problematic for many people.

Some ignorant ones will say that the word Allah is not monotheistic, but the claim that Allah is the pagan God because pagans of pre-Islamic era used this word for the Supreme Deity of their pantheon is a typical case of non Sequitur, not just this, it's a hilarious one.

The concept of 'Allah':

Allah literally translates as "The God" or "The Deity" "The one worthy of worship" and it is a concept and every theistic worldview will by definition have this concept due to the fact it's a theistic worldview; otherwise, why would you call it a theistic worldview if it doesn't have the concept of God? So, if pagans used this concept for their supreme deity doesn't mean the concept becomes pagan.

Different worldview uses the same concepts for different things.

For example, the concept of God in Islam and Christianity is different but both of these are concepts of God.

They both use the word God even when they mean different things.

• Etymology of the word Allah.

It is the consensus of scholars that word Allah is the contraction of the definite particle “Al” and “Ilah” which becomes Al-Ilah.

It literally means – The God, even though this English translation can’t do justice with its deeper meanings in a fair manner but we get an approximate idea of what does it mean.

It means “The God” not “a god”, the deity, not a deity, and cognates of the name “Allāh” exist in other Semitic languages, including Hebrew and Aramaic. The corresponding Aramaic form is Elah (אלה), but its emphatic state is Elaha (אלהא). It is written as ܐܠܗܐ (’Ēlāhā) in Biblical Aramaic and ܐܠܗܐ (’Alāhâ) in Syriac as used by the Assyrian Church, both meaning simply “God”. Biblical Hebrew mostly uses the plural (but functional singular) form Elohim (אלהים), tub erom ylerar ti osla sesu eht ralugnismrof haolE (אלוה).

How can Allah be a pagan God when this word has cognates in different languages and

has been used by Monotheists even before Islam?

- **Christians of Pre- Islamic Era**

Some archaeological excavation quests have led to the discovery of ancient pre-Islamic inscriptions and tombs made by Arab Christians in the ruins of a church at Umm el-Jimal in Northern Jordan, which contained references to Allah as the proper name of God, and some of the graves contained names such as “Abd Allah” which means “the servant/slave of Allah”.

The name Allah can be found countless times in the reports and the lists of names of Christian martyrs in South Arabia, as reported by antique Syriac documents of the names of those martyrs from the era of the Himyarite and Aksumite kingdoms.

A Christian leader named Abd Allah ibn Abu Bakr ibn Muhammad was martyred in Najran in 523, as he had worn a ring that said “Allah is my lord”.

In an inscription of Christian martyrion dated back to 512, references to Allah can be found

in both Arabic and Aramaic, which called him “Allah” and “Alaha”, and the inscription starts with the statement “By the Help of Allah”.

In pre-Islamic Gospels, the name used for God was “Allah”, as evidenced by some discovered Arabic versions of the New Testament written by Arab Christians during the pre-Islamic era in Northern and Southern Arabia.

Pre-Islamic Arab Christians have been reported to have raised the battle cry “Ya La lbad Allah” (O slaves of Allah) to invoke each other into battle.

“Allah” was also mentioned in pre-Islamic Christian poems by some Ghassanid and Tanukhid poets in Syria and Northern Arabia.

So, if Allah was a pagan God, Christians would have never used it but they did; therefore, one more point against this so called pagan God claim.

- **English word God**

Even the English word God is said to have been originated in ancient pagan Tribes way before this word was ever used by Monotheists.

“A significant number of scholars have connected this root with the names of three related Germanic tribes: the Geats, the Goths and the Gutar. These names may be derived from an eponymous chieftain Gaut, who was subsequently deified.”

But nobody says “God is pagan God” because it’s a Circular sentence; if God is pagan God, then who is God? You can replace the word God with “pagan God” and it will become “pagan God is pagan God” and it’s obvious, but who’s God? You can now insert pagan God inside this sentence and it’ll lead to an Ad Infinitum of Pagan Pagan Pagan Pagan God is Pagan Pagan But it’ll still not answer who is God because the sentence is meaningless.

These are some of the many questions that may plague the mind of Moslem soldiers and could cause them confusion, so it is necessary to clarify this confusion by providing any soldier who is unsure of who

Allah is about the origination of the word ALLAH.

- **What about Zeus?**

Some people imagine that Allah is akin to characters like the myth Zeus. But the word Zeus does not denote the concept of God/Deity, Zeus is a deity, Zeus doesn't mean a deity.

Zeus could be or could not be a deity.

It is possible that Zeus is not God, but God is God is a tautological truth, the negation of which is contradiction.

The difference between Zeus and Allah is that Zeus is a god of Greeks, Allah means The God.

Zeus is a particular identity of a god, Allah is a concept, which means The Deity.

To understand who is Zeus you have to know what is the concept of God itself, because Zeus is a particular identity to the concept of God.

For example, BMW is a particular Car, but Car means Car, every particular car is built upon the concept of Car.

Zeus is a particular, Allah is Universal.

- **How Islam defines this concept?**

How Islam defines this concept is diametrically opposite to how pagans defined this concept of Supreme Deity.

The fundamental doctrine of Islam is Tawheed and it is stated in the Shahada, testification of faith: “There is not god but The God”

Islam denies all particulars that are associated with the concept of God; it says Only The God is God, a tautological truth, not X, Y, Z.

Islam says there’s nothing worthy of worship besides Allah, the God.

Islam says there’s nothing like unto Him, He’s Unique, Transcendental, Absolute, He doesn’t beget nor is He begotten, everything which exists or you can imagine is contingent except Him.

After all this, it is unimaginable how someone can have the audacity to say Allah

is a pagan God. It's like saying "The God is a Pagan God" which is meaningless.

What does the Koran say about the idea of GOD?

The Koran says that Allah or the Islamic God, is the God who created Adam and Eve in heaven. He sent down prophets from time to time to help people or to remind them about worshipping God and following a religion that commands good and promises heaven for eternal life to everyone who does good. (follows Ten Commandments). Islam says that God sent religion every couple of centuries through a prophet appointed by God to talk to people and give them His word (i.e. the Bible, the Koran, the Psalms). But devil worshippers always managed to destroy religion and God sent a prophet again with similar words. Moslems believe that Judaism was sent by the God of Adam (Allah).

Muslims also believe that God sent Jesus to preach His word again.

And finally, Muslims believe that God sent Muhammad with the Koran (last word of God) and that this time, when people destroy God's religion, the world will be

destroyed and judgement day will take place where after everyone dies and God will give bring them back to life again and as immortal this time, and send all the good people to heaven, even the ones who never had a chance to know about God.

Additionally, Islam teaches the idea of free will, so no, this means Allah does not control everything in literal form. He controls all, meaning He made them so He controls the beginning and end of life.

Whenever someone does a lot of good deeds, God makes them go to heaven. But if someone is bad and does evil actions (on his own volition) then even if he believes in Allah, Allah will still punish him in the day of judgment unless his victims forgive him.

Some people confuse idea of good and evil and they believe the devil is powerful. Devil is not God, but a creation, who has no true might.

The devil (a spirit or fallen angel who disobeyed God and rebelled against Him) was cursed to leave heaven and come to this earth. That devil is Satan. He makes people do evil actions or at least, he encourages people to rebel against God. The devil wants all human being to disbelieve in God and do

evil actions because the devil is extremely jealous of people. For those who are confused about the idea of good and evil, reading Rokeya Mir's book, 'Slavery, Violence, Sexuality, Apostasy and Women's Right in Islam & Sharia Law' is helpful. It is available on the internet archives site, and anyone can download it for free and learn more about Islam.

If a soldier wants to know about the prophet Muhammad, reading John Davenport's "An apology for Mohammed" book that was written in the 1800s is very helpful as well.

A Peaceful Message:

True faith never preaches violence, because God created all of mankind, and He hates no one, and He does not want anyone to get hurt. So, if anyone tells you that a certain religion revealed by Allah is promoting violence, that simply cannot be true, and is likely a fabrication.

Islam came a harbinger of peace and love. Moslems are not an enemy to other faiths. Moslems shall never and is never meant to destroy sister-religions like Christianity or Judaism. Indeed, if Christians or Christianity

is ever attacked, it shall be likely carried out by irreligious ex-Christians. Historically, we can see that the Roman emperors who tortured Christian saints and fed priests to lions and burned them in hot oil were all pagans and godless men. Men like the Roman leader Nero was not Moslem, and yet he tormented and framed Christians endlessly. Other non-Moslem leaders like the Roman emperors tortured and killed millions of Jews and Christians. None of those evil men were Moslem, so it is irresponsible for someone to imagine that Islam is an enemy of any other religion on earth. Emperors Julius Severus, Titus or Hadrian were not Moslem, even though they ravaged thousands of villages in Judea and killed and enslaved every single Jew they found. It had always been the atheists and the wiccans that hated the Jews and Jesus. They will be the ones who will eventually attack Christians and ban Christianity. They are the ones who try to demean and destroy religion by bringing forth Bible verses about violence and sex to discourage people from becoming monotheists, and they are the ones who are trying to ban all churches and mosques in the world. Islam never permits anyone to ban or demolish churches, but communist leaders in

China have already demolished tens of thousands of mosques and are now breaking every cross on churches and are forcing Christian priests to hang the pictures of the communist leader on their altar instead of having religious icons and symbols. Islam and Moslems revere the prophet Moses and Jesus, and consider their followers to be brethren. All Moslems respect Jesus and Christians and Christianity. But it is the satanic temples here in the United States, like the ones in Boston and Texas, that are openly burning the Koran and ripping and desecrating Bible pages to hurt the worshippers of God. In a godless and faithless society, children are being forced into sex education and hormonal treatment from the age of three. In Canada, the irreligious leaders are permitting doctors to change the genders of three-year-olds and taking the child away from the parents if they do not allow the child's gender to change. In this madness, the world can find peace and hope in the love which Islam offers, and so, every Moslem commander must teach his soldiers the importance of religion and the greatness of Allah.

Mercy, Morality, Justice and DUTY:

Even if you are a healthy young person, but you decide to eat one kilogram of sugar every day, then you are bound to get ill and suffer from many diseases, although legally, Islam does not have clear legislation forbidding the consumption of raw sugar. However, the basic logic here is any joy and pleasure, if taken or experienced in excess, will have its repercussions.

If you have money, a job, a family such as nieces and nephews, then be grateful for all that Allah gave you and don't want more. If you are emotional and intelligent, then it is better to not take a chance. It is better and safer to stay single and with Faith in Allah and belief in Islam. Please don't use love and marriage as an excuse to be sexually active nor preach or teach others to be lustful, because whoever follows your advice and tries to indulge in sexual acts will die, suffer, be imprisoned, or worse, leave the religion of Islam. Too many Moslems left Islam after getting sexually active in this century, and the ones that were very emotional and soft hearted had to suffer tremendously for that

enjoyment before becoming deserving of paradise.

Unfortunately, the problem is that we think we deserve everything and that somehow we are better or deserve more than the Moslems in war-torn countries whose children are dying in their parents' arms and sometimes, whose dismembered body parts are scattered across the house backyard, and parents walk around for days, collecting the parts and placing their infant's remains in bags to be buried after their whole body was blown into pieces. We think just because we live in the West or have some education, or honed some skills, that we deserve perfect wives or husbands, and get a perfect job and live with perfect parents, and have perfect children and we get angry when we do not get enough. Imagine the Moslem young girls who are your age or your daughter's age, who are getting sexually assaulted multiple times each day when they try to collect aid for their starving and sick family members, and we think we ought to get everything and never suffer even half of what all other Moslems are suffering. Trust me, if God wants paradise for you, then you will suffer in some way.

Most crimes in this world are carried out because some party imagines he or she deserves more than others.

Do not ever think we deserve anything. We have a healthy body and sound mind, and even family members, and this food, family and a job are already much more than any of those refugees girls around the world can dream of. Having a parent or a home is already too much for us to deserve, and if we try to get more than we deserve, then suffering of all kinds may befall us. Pain, heartbreak and sorrow comes through other paths. For example, cancer, poverty, warfare or cheating of spouses or having disobedient children can also cause a lot of mental and physical anguish. Nearly every intelligent person who entered into sexual relations or were married suffered in one way or the other, and the only people, or women I know of who didn't suffer after getting married were those who hated their spouses, or disliked their husbands or were unattracted to them, or merely disliked them insanely and for them, staying married was a sacrifice too tremendous to imagine and so they did not suffer in other ways. But my research demonstrated that every single one of the gentle people who were soft hearted,

merciful, intelligent, or were wealthy and had family and parents who loved them, and when they married attractive, good-hearted men, they enjoyed marital life so much that they ended up in severe suffering depression or bitter heartbreak. Had they sacrificed just their marital happiness and stayed single, then indeed, they would have been successful and no harm or heartbreak or pain or suffering would come unto them. We cannot let ourselves believe we will or should get every happiness in life. This world was not meant to be heaven and we can never think that after enjoying lust, we will not pay a price for faith and heaven. If you don't pay willingly through sacrifice charity and celibacy, then payment shall be taken from you unless God ends up disliking you for your ungratefulness and takes away your faith in Him.

Never surrender:

This is a base line rule every Moslem commander must follow.

In war, giving in to the enemy can be dangerous, especially for Moslem soldiers, who have historically been tortured and tormented in many ways by their captors, so as a general rule, no

matter how many people around you are killed, or how deadly the situation appears to be, or even how many nuclear weapons detonates around you, never try to save yourself by surrendering to the enemy, even if they are Moslems, because it is possible that your captor will sell you or give you up to a group that will keep you in a black site or ghost base forever to be tortured and humiliated, until you lose your sanity and forget your faith and humanity. Try to keep in mind that surrendering is not wise for Moslem soldiers. It is vital that all officers and soldiers remember this rule.

Never surrender or at least, do everything in your power to hide, go to another country and regroup and keep fighting for this freedom.

The reason why is their naïveté: Moslem forces shouldn't believe in the civilisation of the enemies, because this war is nothing like wars of 1920 and 1940 with Germany where American POWs were treated like saints and angels, and German captors often buried deceased prisoners with full military honours including gun salutes. In the fight with the Allies of Japan, once a regiment of American soldiers got surrounded by Burmese soldiers who were acting under Japanese leadership. Since the American didn't want to surrender, they started hunting them down and the Americans retaliated with firepower. The Burmese soldiers took revenge on the Americans for not surrendering by peeling alive each

American soldier they captured as a warning to the rest of the soldiers that this will be their fate if they didn't stop resisting or willingly surrender. The horror which American men at the Pacific front faced was horrifying and unspeakable. Before you plan to surrender, think about all these aspects before giving up. Don't listen to the frightened and screaming soldiers who will insist you surrender immediately.

Never bow down to pressure.

Never ever compromise yourself and your team's safety because some stupid soldiers believe in the goodness of your enemy.

No matter how many proof the enemy gives you by flaunting other captured soldiers to say they are all safe and sound, be critical and alert. The other prisoners may be under threat or duress or simply brain washed with drugs to say what the captors wants them to say.

While it is imperative that you do not surrender, your enemy who may easily be China, will often want to surrender. If you have Chinese army trying to surrender to you, then capture them, and treat them well. Due to your kindness, your enemy will become your friend, and there may be some enemy soldier who will be very happy with your goodness and agree to volunteer information about their bases, and you will need that information in the future and find out answers to questions when entering the enemy

base conduct missions or retrieve medical supplies such as an antidote.

Be always proactive and follow your instinct.

Never stop fighting for your freedom and never give up, no matter how much the media reports that the enemy forces are treating Moslem prisoners and civilians with kindness.

As Moslems officers, you have to be intelligent and know that no matter how much propaganda and goodness you hear from the captured Moslem forces, you will never know what kind of suffering and torment and starvation and torture they are really going through. Undoubtably, Moslem soldiers will be facing what the German soldiers were facing in Allied hands, where they perished in Siberian prisons, and were being tortured by their neighbouring countries, which were under the Allied rule, but Allied commanders somehow decided to look away and let the Europeans take the revenge on the Germans, and every German women and children were facing the most severe starvation, getting assaulted by every single enemy soldiers for one piece of bread, or one cup of milk for their children, and not a single media in the world reported the suffering of Germany, because they were so hated by the world that no one wanted to give them coverage.

Everyone was enjoying their suffering and cursing and enjoying the pain of the master race.

Surrender will rarely bring any goodness to you or your soldiers to try to steer clear from it. But be prepared to survive in the wilderness because you will not find safe food and shelter if you do not surrender, and so, make sure every Moslem soldier carries enough vitamins and immune strengthening tablets and other medical supplies.

Commanders in the Moslem army should be knowledgeable in some herbal treatment as well, because you and your subordinates may be in need of medical assistance at a time when none of you will have any medicine.

So, remember to always feed raw green chilli to anyone who has cold or fever, because the hot pepper will supply the body with enough natural vitamins. Similarly, find garlic, ginger, or other vegetables from the local habitation and treat injuries and other ailments.

During a battle, you may think that the worst thing that could happen to you is being stuck in a trench or coming under enemy fire, but the real horror of war usually begins after a group of soldiers surrenders to the enemy.

From 1940 to 1945, the German soldiers struggled terribly and fought bravely, trying to defeat the world on their own, but they were losing, and decided to surrender to the friendly Americans who promised to be nice to them, but after surrendering, the Germans faced even more suffering in the second world war, and upon

surrendering to the Western Allies, German men and soldiers faced the worst terror of the century. Conditions in the Allied POW camps were so bad, that in the POW camps in the Rhine Valley, millions of German prisoners of war were housed, but they were dying in thousands each day. The three main killers were: diarrhoea, heart disease, and pneumonia. Doctors also recorded deaths from exhaustion and debilitation. But only ten percent of prisoners died from causes purely associated with malnutrition, such as exhaustion and dehydration. The majority of deaths were related to starvations and illnesses directly related to the intolerable conditions, the overcrowding, filth, and lack of any sanitary conditions that were aggravated by starvation. An American medical report noted that confinement, overcrowding in pens, lack of food, and lack of sanitary conditions all contributed to such a high mortality rate. At the end of May 1945, more German prisoners had died in American camps than in the flames of the atomic bombing at Hiroshima.

On June 4, 1945, a telegram signed "Eisenhower" reported to Washington that "there is an urgent need to reduce the number of prisoners at the earliest opportunity by re-sorting all classes of prisoners in a different way than the Allies require."

On April 26, a Joint Command order compelled gave the order not to accept any more POWs after Victory Day, even for work. Nevertheless,

several million additional Germans were classified as enemy combatants or DEF and were brought in after May 8. By this time, Germany was divided into occupation zones Allied sectors completely closed its roads to any humanitarian supplies, and starting in April, the Allied turned over nearly a million German prisoners of war to France to rebuild its infrastructure damaged during the war. Many of the transferees were from the five American camps around Dietersheim, near Mainz, in the part of Germany that had come under French control. On July 10, a French Army unit entered Dietersheim and 17 days later Captain Julien arrived to assume command. His report survives as part of the Army investigation into Captain Julien's discussion with his predecessor. At the first camp he entered, he testified to the presence of muddy ground "inhabited by living skeletons," some of whom were dying before his eyes. Others were bruised beneath pieces of cardboard, though July was not too hot. Women lying in burrows dug in the ground looked on, swollen from hunger, with bellies that parodied pregnancy; old German men locked in camps had long grey hair and looked at him hunched over; children of six or seven with hungry raccoon circles around their eyes looked at him with lifeless gazes. Two German doctors in the Camp "hospital" tried to help the dying on the ground in the open, between the tracks of the tent the Americans had brought with them, but there

were no hope for those men once they had surrendered to the enemy, so it is necessary to remember the past when considering the surrender of your army.

FREEDOM AND RELIGIOUS LAW:

Freedom:

What is freedom?

Sexual activists who act like libertarian mercenaries, claim they want everyone to have freedom, including the freedom to fornicate in public like pigs, freedom to defecate in the street, freedom to engage in 'consensual sexual torture', freedom to sexually pleasure oneself in public, freedom to stay naked like animals, freedom to have sex in groups in the streets, freedom to marry one's own gender whom they were supposed to protect like one's own sibling, eventually freedom to marry one's own parents, freedom to marry one's own children when they reach the legal age for 'love', freedom to become a man like in America where all men freely can go to women's prison and sexually assault women (with all female penitentiaries having numerous dispensers regularly handing out condoms to biologically male prisoners to facilitate this rape) because those men have the freedom to call

themselves women, freedom to teach children sex acts like in the United States, where five year old children must learn sex in schools, or the freedom to castrate one's children after the child is brainwashed by the media.

This is freedom.

And this freedom will destroy the world one day, and this freedom will one day make monsters out of humans.

Humans cannot be 'free' and still be humans; however, animals are all 'free'. Undoubtedly, we can always take moral lessons from animals and become like them.

Moslem commanders should try to understand that one day, without religion, we will become like the Phoenicians and Aztecs who burned and tortured their children to death for their idols, or like the Greeks who often flogged adolescent boys to death in Sparta to please their pagan idols, and the modern sexually free people will have the freedom to kill and torture their children because no God would mean no religious law, and thus, no measure of right or wrong, as man-made laws can suit men and are changed and amended by men and new laws appear every day or every year, until the strong and the sexual exploiters control people's law by brainwashing them into getting themselves sexually used and abused and their children too. They can legalise

incest, baby sexual assault and allow marrying one's child or parents, as these man-made laws can control the age of consent. Man-made irreligious and godless laws can ban women from wearing any clothes by brainwashing women that covering one's breast or private organs are 'oppression'. Man-made laws can force women to have sex in public like pagan Babylon where every woman was forced to prostitute herself, the day she reached the age of puberty or like the Romans, who did not allow women to be chaste, and if they ever found Christian women who were virgin, the heathen leaders would make gladiators rape the girl and then feed her body to the wild boars in the arena. Yes, man-made laws are terrifying and much scarier than Christian, Islamic or Judaic laws, however disagreeable it seems now.

What is Sharia Law, and why is it so controversial?

For many years, the world media has written constantly about an imaginary idea and referred to every negative thing that took place in the world as a part of Sharia law, and as a result, this very word caused fright to both Moslems and non-Moslems alike.

However, when sexual deviation and other misconduct are reported across the world, it is considered the norm or in some cases, a glorious act, such as the prevalence of homosexuality.

Indeed, sexual perversion like homosexuality is so common in America and Germany that 15 year old boys get sexually assaulted by all their high school classmates in their own home in front of their parents but since the little boy is scared of being beaten and bullied in school by those boys, -he does not tell his parents that the sexual attack he experienced from his 18-year-old 12th grade peers, is not consensual and the boy continues to get raped by multiple 17 year old boys and the parents of the boy have to watch it and not say a word, because the godless government have deemed that as long as the child gives consent, he can be sexually molested by anyone under the age of 18, and if parents try to prevent it, the government will give him freedom, and take away their son and put him in a homosexual family to be groomed, brainwashed and possibly violated sexually. This form of oppression is not part of the Sharia laws, but the modern godless governance that is prevalent in our secular world. Similarly, American women who are jailed from petty crimes, from not paying certain grocery bills or parking on the wrong side, could be sent to prison and they are forced to share the same room with men and use the toilet in the same room, because some people who run the government decided that any man can call himself a female by filling out a form and even if he has a beard, and had many wives who bore children from him, the man will be considered a

female and be locked inside women's prison should he commit a crime. The most sad part of this policy is how women suffer, because when a women in sexually assaulted by a male criminal, and by some mistake, she ends up being jailed from some petty crime, the female victim is often horrified to find out that her rapist shares her cell and is free to molest her without restraint.

Thousands do women get sexually assaulted by other prisoners, most of whom are all men and male sex offenders who call themselves women just to be in women's prison and assaults everyone without fear, and the government supplies American women prisoners with condoms and free abortion because they know the male prisoners who pretend to be women will and are raping the females, but they do not remove male prisoners from women's section because those men insist that they are women. This idea may seem shocking to some people, but in the Western world, this is the norm. First, the United States, Canada, England and Germany all legalised homosexuality, and now France and the American state of Ohio legalised incest, meaning two brothers could marry each other, and mothers already started marrying their sons and some married their daughter in huge weddings. In France, a minister was in a relationship with his step son while still being married to his mother because incest was legalised a long time ago. Very soon, entire America will legalise marriage

with mothers and sons and fathers and sons and grandsons. But before they do so, they have to make sure religious nations like Orthodox Christians in Eastern Europe and Russia or Moslems in Iran and Saudi Arabia, do not criticise them, and so, here comes the importance of demonising the religious laws first. The countries that have already legalised homosexuality want Iran to make homosexuality legal, and also make women become naked in the streets, They want Iran to legalise homosexuality, prostitution of all women, nudity and eventually they want all Iranian to leave Islam and legalise incest and become pagan, because most Americans are Buddhists and follow some form of satanism or follow wiccan rituals. Wiccan magic and devil worship is the fastest growing religion in England... So, until Iran allows all their boys and children to be sexually groomed and brainwashed into homosexuality, America, or some group within them, will hate Iran and fund civil uprising in Iran. They may force the government to give more sanctions and starve Iran like they are now starving Russia with sanctions, because Russia is orthodox Christian and had banned homosexuality. NATO plans to destroy Russia and make Ukraine powerful because Ukraine legalised pornography and homosexuality and also allows gay pornography. They want Iran to become like that and until then, the world media will constantly cry about how dangerous Islamic religious laws are, and

how violent the Moslems are, even though it is these non-Moslem groups that are funding a civil war to turn Iran into Yemen and Syria and Afghanistan if Iranians follow Islam. However, even if they let go off Islam like Germany did in World War Two, still they may face unimaginable suffering like the Germans of World War Two whose women were sexually assaulted every day by every American and Russian and French soldier.

Religion must be destroyed for these people to freely become sexually depraved, and so, many news agencies dedicate their entire staff to report about domestic violence cases only if it involves a party that is or was a Moslem. This is how desperate some people are to make the world believe that Islamic religious rules are dangerous and should be banned. Many women in Iran whip themselves and take pictures for the secret group or for the CIA to use so they could incite the whole world's anger to fuel an uprising and civil war like Syria and Yemen. Yes, they want to ensure every woman in the whole world is a sex worker, and they want men to hate women and only love and marry men. To accomplish this, they must do everything in their power to make Moslems believe that Sharia law or the religious laws which Islam calls upon believers to follow, and those who believe in the fake media, are told false stories about Moslems each day. The truth is the Islamic sharia law does

not permit cruelty and violence, and nations like Iran never ever stoned anyone to death, because stoning people to death is not permitted in the Koran, and they also never whipped anyone, but some of these girls are whipped by members of a mercenary organisation which seeks to overthrow the Iranian regime.

They invented sob stories like Mahsa Amin, to make people hate Islam, and anger women so much that every Moslem woman in Iran will become angry enough to whip off their scarf and walk around naked.

The women in Iran will be called oppressed, but what about the sex workers in Europe and America that get whipped to death 'consensually' for their customer's deviant pleasure? Is that oppressive to women? Apparently not, according to non-Moslem's standards. What about China killing millions of Muslims for not converting to atheism? Is that terrorism? What about Myanmar's Buddhist junta who raped half million Moslem women to death and burned their children in front of them? The western media will never give coverage to that because they want all women to be sex workers and strippers and they will tell every woman that to be naked is to real freedom. They want women to have sex openly like pigs and dogs; they want children to watch pornography and disrespect their mothers and sisters. So, if one crime happens in Iran or some other Moslem-majority nation, or by someone else, then 8 billion people will scream and die in

agony, blaming Islam for it. If ONE million women get sex trafficked in Brazil every year and hundreds of thousands of them die, no one will call Spanish people “Christian” sharia terrorists.

A WORLD WITHOUT SHARIA:

What would be the alternate world if Islamic religious laws did not exist?

There are many reasons;

What would the world be without morality or religion? There would be only murder, like the pagan virgin sacrifices in places like the Roman and Persian empires, or the Carthage or the pagan gladiator fighting, or the Romans feeding religious Christian saints to lions for amusement in stadiums where thousands would watch in merriment, or it would be a world where marrying one’s own mother and son would be legal like pagan Egypt and wedding the daughter and grandchildren would be normal, or the Satanists who are sexually assaulting newborn children in their annual rituals in October of May, or the occult groups murdering and torturing babies in satanic rituals like Aztecs, or ignorant pagan culture of inheriting the father’s wife by the

son, or modern godless era of stripping women naked and not allowing them to cover their private parts, or whipping women to death in bondage and torture sexual acts, and so on, and this is what the world is or was without organised religion like Islam or without the beauty of the Sharia law.

And the truth is, there is nothing worse than a world without organised religion.

Many nations in the west are discarding all religious and morality in the name of justice and equality but soon, when all religions are destroyed, they won't have to give women and children any rights at all. They have to give more rights than religion now or else people won't leave Islam. But once all religions will be gone, they will become like old Rome and pagan empires, where the world was their slave, and every little boy served every man sexually, and where every woman was forced to be a whore, and where strong men ruled weak men and the cruellest always won and women had lesser rights than animals, and were forced to marry their dads and sons. Because without religion, women and children weren't even considered human enough to have the right to be chaste. Women simply didn't have any power because they just

couldn't be as cruel as pagan men and emperors. The new world without religion or the Ten Commandments would be devoid of humanity.

Somehow if the world manages to stay away from warfare (although throughout history, only 7% of the worlds wars were done for religion, and the rest 93% were done for godless reasons) then the leftist government will eventually legalise incest, because it is safe to assume that after legalising homosexuality, it won't take too long to normalise incestuous behaviour. Then the 'civilised world' will ban all three Abrahamic religions because of the 'homophobia' in their religious texts and ban all churches and mosques. Soon, the parliament will lower the age of consent (man-made laws makes man-made laws and changes man-made laws) until sexual relationships with children and babies is legalised (maybe even newborns). Wiccan beliefs will become the new national religion of England. Many college girls I interviewed even admitted literally to having pagan altars in their dorm rooms and offer small sacrifices and take power from pagan rituals or the killing of small animals or going to graveyards and carrying out the desecration of the dead, and in this manner, perhaps, eventually all of Europe and England

will become pagan and go under some Roman pagan rule where people will kill virgins and torture Christians and feed people on gladiator shows;

Maybe the parliament will even legalise child sacrifice (as they tried to legalise it in America in post birth “abortion” where the mother could kill a child even 28 days after they were born). You don’t have to worry about sharia law at all. This is the potential life the world will see without any religions, since child sex education already started and soon child sex will be considered a child’s basic human sexual rights.

Once all religions will be gone, the people will become like old Rome where the world was their slave, and every little boy served every man sexually for some education and the parents were happy to provide all little boys to serve rich old men sexually for some education, and where every woman was forced to be a sex worker, and the cruellest always won.

Right now, everyone can be morally objective good, but when religion is gone, no one will have any reason to be good. For example, when a natural disaster takes place and babies are hungry and people have absolutely no food

or drinking water, Moslems or other believers can die believing in heaven while disbelievers who aren't as merciful might just want to live fullest since they have only one life and no afterlife or heaven, and so they will or might become cannibals, due to the absence of the fear of God and with no fear of hell and no predestination and only one life to live or die: and to live, they must kill, like the animal world, where the strong cruel men will only survive. The law of the godless is "a man eats man's world" or 'the strongest deserve to live because of natural selection'...

Right now, godless people have to prove that they are better than religious people and so they are finding faults with religion, completely ignoring all the torture, murder, incest, and rape that happened throughout history before religion came. No, they will only come and preach their imaginary greatness after religion spent 2000 years instilling God's love and fear and His greatness to improve their lives, and to give women honour through the holy virgin. Now, in the secular society, the godless comes and tries to make decent humans behave like animals once again, where men would live like the pagan emperors who married their nieces and daughters, and man-made laws allowed men to enjoy and torture and abuse and justify

with their own laws which change every minute. Before Islam, and before religion came, Aztecs tortured their children for tears, and Phoenicians sacrificed thousands upon thousands of babies in fire, and it stopped only after the God of Abraham sent prophets to ban it.

Men are evil, God is not. Men are cruel. Men are killers, God is not, men are rapists, men are the ones responsible for pregnancy and birth of more children, God is not, and God's laws are not violent or dangerous.

Allah made for us heaven and so we must try to become deserving of it.

Moslem soldiers must never steal!

**“Knowing others is intelligence;
knowing yourself is true wisdom.
Mastering others is strength;
mastering yourself is true power.”**

- Lao Tzu, Tao Te Ching

Moslem commanders must remember to make this rule as clear as possible to their subordinates.

The Cardinal Rule of War:

Although Moslem soldiers should be encouraged to be chaste, faithful and pure, they should never be punished for petty reasons or just because they made a commander angry or questioned a command, but there are some ground rules that must be maintained such as never to steal.

Seizing away other people's property, or even stealing from prisoners of war is the most harmful type of action soldiers could ever do, because stealing never lets you win or survive a war. Your soldiers may steal bread, egg or cheese from supermarkets or private residences, but that stolen food will not be blessed with life or sustenance. The people you or your men stole from will be upset and their prayers of grief will ultimately cause the death and destruction of not only the army but also the country you belong to.

A Moslem leader or commander should take special care to ensure that no soldier under his command ever tortures anyone or assaults

anyone or insults anyone, even if they are an enemy combatant.

Usually, those soldiers who go around assaulting civilians, or enemy combatants or prisoners of war, are usually all originally from extremely broken families, and grew up with severe abuse and sexual abuse. They may not have any human heart or feelings in them. Some are mentally deranged and extremely hateful and violent and angry. So, do not verbally abuse anyone, but to stop them from torturing people and defaming your entire platoon, and your entire country and losing the entire war.

Moslem commanders must never ever allow subordinates to forcefully take food from civilians no matter how severe the pain and starvation.

Sometimes after staying for months on the battle front and fighting endlessly, killing and dying and starving in the front lines, a soldier becomes absolutely mentally and emotionally broken down, they become half mad and insane with hate and rage and passion and an animalistic rage takes over them. They suddenly become wild, everyone for himself

and whoever kills, survives, and whoever steals and eats, gets fed, whenever an army becomes like that, they immediately lose the war. This battle fatigue took over many soldiers in the Eastern front and every last one of them suffered the most horrifying deaths. This is the moment when soldiers start indiscriminately killing and assaulting every man and woman and become literal monsters and selfish blinded animals, and that is the defining moment that proves a country will for sure lose and will be destroyed completely.

In addition to being chaste, Moslems soldiers and their commanders must maintain the most exemplary lifestyle, and refrain from all sinful activities or even lustful thoughts, which technically may not be a sin. While looking at strange men and women with desire is not permissible, some may argue that engaging in lustful activities with one's spouse is okay, but for the soldiers, it is not alright.

I know marriage is an integral part of life for many, but for Moslem soldiers, being lustful in any way is not only damaging to the soul but deadly to the physical and mental safety of the entire army. In this century, we do not have the luxury to be obsessed with sex and desires. For the people of previous times, marriage and lust

were not as dangerous as it is now, with modern appliances in every household, and technology and modernity available to everyone, we cannot try to enjoy life's amenities too much, otherwise, we are doomed to suffer bitter trials and most certain to lose all battles. Many people advocate marriage by invoking Koran and hadith, but in reality, the real duty of a Moslem soldier is to defend the weak and save the helpless. It is not to marry and enjoy life. If all Moslem men and women constantly fought hundreds of wars every year and got severely injured and serve in hard labour battalion and had no food for months at a time, and they and their families starved like our predecessors, then marriage would have been justified, but with the comfort offered to us by the modern era, we have no excuse to use religion to indulge in more lust and luxury. To do so would be a little hypocritical. For example, if someone eating sweets after every meal claimed religion allows it or that eating sugary foods may be a virtuous act, then they go on eating cups of sugar, even though they have diabetes, then obviously, they are going to die. Using religious laws as an excuse of choosing only one act like marriage, is lame in this century of comfort and ease. And besides, virtue and chastity has been

glorified in the Koran as well, where the only woman Allah mentions in the Koran is a chaste single woman, Mariam. Allah mentions in the Koran how He gave Virgin Mary food from Himself, meaning those women who are in straitened situation do not have to marry for financial freedom. Allah will provide for them from unexpected sources. So, marriage and lust should not be entertained, for any reason, especially by the soldiers of the Moslem army. Even if someone marries for achieving an improved financial situation, they could easily become poor should a war take place or should their husbands divorce or cheat on them or die. So, it is definitely safer to stay chaste, single and be thankful for whatever we already have. We must pray a lot to Allah to have the courage, perseverance and wisdom to be chaste and stay pure, or else we cannot stay chaste or remain inside the religion Islam with God's mercy. Oftentimes, when someone loves and worships someone sexually, even if he or she is a legal spouse, then Allah doesn't want that person to worship Him any longer; thus, God turns their hearts away from Him. May Allah protect us from leaving His religion! If chastity is the key to this generation's success and if it can save this technologically advanced era's population with success, then it is

apparent that the only way to stay in faith and comfort is being pure.

May Allah allow us to be chaste and abstinent and pious and pure.

Special verses of protection and safety from affliction:

قُلْ لَّنْ يُصِيبُنَا إِلَّا مَا كَتَبَ اللَّهُ لَنَا هُوَ مَوْلَانَا وَعَلَى اللَّهِ فَلْيَتَوَكَّلِ
الْمُؤْمِنُونَ ﴿٥١﴾

Say, "Nothing will ever befall us except what Allah has destined for us. He is our Protector." So, in Allah let the believers put their trust. (Koran, 9:51)

Surah At-Tawbah, Ayah 51

وَإِنْ يَمْسَسْكَ اللَّهُ بِضُرٍّ فَلَا كَاشِفَ لَهُ إِلَّا هُوَ وَإِنْ يُرِدْكَ بِخَيْرٍ فَلَا
رَادَّ لِفَضْلِهِ يُصِيبُ بِهِ مَن يَشَاءُ مِنْ عِبَادِهِ وَهُوَ الْغَفُورُ الرَّحِيمُ ﴿١٠٧﴾

If Allah afflicteth thee with some hurt, there is none who can remove it save Him; and if He desireth good for thee, there is none who can repel His bounty. He striketh with it whom He will of his bondmen. He is the Forgiving, the Merciful. (Koran, 10:107)

Surah Yūnus, Ayah 107

﴿ وَمَا مِنْ دَابَّةٍ فِي الْأَرْضِ إِلَّا عَلَى اللَّهِ رِزْقُهَا وَيَعْلَمُ مُسْتَقَرَّهَا
وَمُسْتَوْدَعَهَا كُلٌّ فِي كِتَابٍ مُبِينٍ ﴾ ٦

There is no moving creature on earth whose provision is not guaranteed by Allah. He knoweth its habitation and its repository. All is in a clear Record. (Koran, 11:6)
Surah Hūd, Ayah 6

﴿ إِنِّي تَوَكَّلْتُ عَلَى اللَّهِ رَبِّي وَرَبِّكُمْ مَا مِنْ دَابَّةٍ إِلَّا هُوَ آخِذٌ بِنَاصِيَتِهَا
إِنَّ رَبِّي عَلَى صِرَاطٍ مُسْتَقِيمٍ ﴾ ٥٦

I have put my trust in Allah—my Lord and your Lord. There is no living creature that is not completely under His control. Lo! my Lord is on a straight path. (Koran, 11:56)
Surah Hūd, Ayah 56

﴿ وَكَأَيِّنْ مِنْ دَابَّةٍ لَا تَحْمِلُ رِزْقَهَا اللَّهُ يَرْزُقُهَا وَإِيَّاكُمْ وَهُوَ السَّمِيعُ
الْعَلِيمُ ﴾ ٦٠

And how many an animal there is that beareth not its own provision! Allah provideth for it and for you. He is the Hearer, the Knower. (Koran, 29:60)
Surah Al-'Ankabūt, Ayah 60

مَا يَفْتَحُ اللَّهُ لِلنَّاسِ مِنْ رَحْمَةٍ فَلَا مُمْسِكَ لَهَا وَمَا يُمْسِكُ فَلَا مُرْسِلَ لَهُ مِنْ بَعْدِهِ وَهُوَ الْعَزِيزُ الْحَكِيمُ ﴿٢﴾

That which Allah openeth unto mankind of mercy none can withhold it; and that which He withholdeth none can release thereafter. He is the Mighty, the Wise. (Koran, 35:2)
Surah Fāṭir, Ayah 2

وَلَمَّا سَأَلْتَهُمْ مَنْ خَلَقَ السَّمَوَاتِ وَالْأَرْضَ لَيَقُولَنَّ اللَّهُ قُلْ أَفَرَأَيْتُمْ مَا تَدْعُونَ مِنْ دُونِ اللَّهِ إِنْ أَرَادَنِيَ اللَّهُ بِضُرٍّ هَلْ هُنَّ كَاشِفَاتُ ضُرِّهِ أَوْ أَرَادَنِيَ بِرَحْمَةٍ هَلْ هُنَّ مُمْسِكَتُ رَحْمَتِهِ قُلْ حَسْبِيَ اللَّهُ عَلَيْهِ يَتَوَكَّلُ الْمُتَوَكِّلُونَ ﴿٣٨﴾

And verily, if thou shouldst ask them: Who created the heavens and the earth? they will say: Allah. Say: Bethink you then of those ye worship beside Allah, can they, if Allah wills some Penalty for me, remove His Penalty? or if He willed some mercy for me, could they restrain His mercy? Say: Allah is my all. In Him do (all) the trusting put their trust. (Koran, 39:38)
Az-Zumar, Ayah 38

Praying for Forgiveness:

When we talk about prayers, we sometimes think it means chanting a few lines, or reading a few verses of the holy book, but in reality,

the only prayer that is mandatory for every mortal is to pray to Allah for forgiveness.

Every Moslem commander, every Moslem soldier, and every human on earth must and should pray to God to forgive him and the entire humanity.

Modesty and Veils:

One of the main reasons why modesty is so

important is that those who are chaste, modest and wear veils never get sexually assaulted. Historically, it has been proven that every time the women of a country became sexually active, or discarded their veils, they were invaded by a foreign force, and were soon horribly assaulted.

Moslem leaders and commanders must try to make their wives and sisters wear full body covering, the way the United States government implemented the American Plan during the 1900s, and applied morality laws using purity squads and banned women from wearing revealing bathing suits in public beaches. It was in those era that America was great and victorious, but now, the government of the United States and Europe have given up Christianity and sexual impurity in the high-speed internet is deviating the mind of every adult and child in the world, by convincing them that to be incestuous is a basic human right as well. American and European toddlers and adolescents are forced to participate in homosexual sex lessons and read books celebrating child sex scenes and incest descriptions. How did a nation like America which once used morality police to uphold purity laws become so morally corrupt that they encourage their adolescent school

children to read incestuous graphic material? It is because the people in America and Europe have been woefully manipulated by this single pro-homosexual organisation that has brainwashed them with false sob stories and convinced them that the only way to prove that they have humanity in their hearts is by legalising every perverted method of sexual pleasure.

Eventually, when women give up veils, and become naked, the nation cannot stay religious, and people are no longer safe. The worst suffering befalls the women of Moslem nations when they give up the veil and adopts revealing clothes. History tells us how during the 1960s, Queen Humaira of Afghanistan desperately wore small skirts in public to encourage the entire Afghan female population to become semi-naked, and as a result, women became irreligious and the government of the People's Democratic Party conducted some progressive reforms specifically aimed at women such as a ban on bride price discouraging veils, and their use of force in implementing these policies, as well as the dictatorship they imposed, and the severe restrictions they placed on any intellectual and dissident who dared to speak against the veil

ban, led to deep dissatisfaction with this party and the rise and growth of political Islam.

Remember, every time the women of a nation shed their clothes, they were attacked.

Look into the history of Moslem countries like Iran, Iraq and Afghanistan. When the Shah of Iran prohibited religious practices, and ordered all Persian women to wear short skirts like his own wives, the female population of Iran soon fell under brutal attacks from neighbouring countries. Iraq was forced to invade them, and many Christian battalions and Armenian divisions hired by Saddam Hussein wreaked havoc in Iranian cities, and sexually assaulted tens of thousands of women, who got used to wearing skirts and other modern revealing clothes. As a result, millions of children in Persia were born from violent sexual offenders and occupying soldiers for the next decade, until finally, the Iranian women were able to go under the leadership of a religious government and began to wear veils again.

History proves that no women who wears face coverings or veils ever get raped.

Every country which wears skirt and become impious, like Iran which gave up religion under their Shah, is bound to suffer horribly, the way Afghanistan suffered after all the women in the nation began to wear short skirts after being influenced by their Queen Humaira, who publicly discarded her veil and wore short skirts to encourage all Afghan girls to become naked and promiscuous, and as a result, withing one year, the communist forces from the USSR entered Afghanistan and millions of women suffered sexual assaults and were raped.

Even non-Moslems suffer a lot when they become lustful. Look at history in places like the USSR, and Germany. Every time, a communist leadership took over a government, and they banned religion and allowed free sexual relationships, and ordered women to wear short skirts, the nation got invaded and all women got sexually assaulted and killed.

Every soldier, who is sexually active, or were involved in lustful sin, always suffer and get

tortured and die like the Germans of World War Two. Keep in mind that for every person you kill, one person in your family will be killed. For every woman you sexually violate, one woman in your family will be raped. There is no exception to this rule in the world.

FASTING IS IMPORTANT:

All Moslem soldiers, commanders, and leaders should fast every day, even if it is not the month of Ramadhan.

Start fasting today. Every leader of Arab and Moslem world should adopt prayers and fasting, because when China and US eventually attack from two sides, Chinese communist army will shut down all mosques, and burn all Koran copies the way they are doing in their Xinjiang province, and only Allah will be able to save you from the half billion men in the Chinese army, which will become the husbands of your wives, because if you are defeated, the wives you married will become wives of Chinese, and Islam as a religion will be banned.

All the pretty girls you are dreaming to marry will be forced to entertain the non-Moslem

enemy and their will have to serve the occupying soldiers to gain food to feed their kids.

Eating all day, and being lustful is not worth it, so you may as well begin fasting while you still have faith and belief in your heart.

Fasting is an act which teaches you self-control.

It allows you to be calm, passionless and open minded. It is necessary for all soldiers and military men to be especially calm and collected in face of rumours about the enemies. You will hear terrible news about a group of people and the media will tell you that a particular race or religion is violently. In fact, you personally may even witness people from a particular race or religion torturing your friends and killing your men, but keep your senses in those situations and think objectively. Fasting will help you remain in control of your mind.

Why should Moslem soldiers be critical of what they see?

Think about a scenario: For example, if someone is wearing a Moslem nation's uniform, and raping the naked body of women in the streets and parading corpses in trucks, and all the while, they are singing Arabic national anthem aloud, then you should deduce that they are probably not Arabs or Moslems, just because they brandish a huge flag with 'Islam' written over their uniforms, and Arabic signs on their armbands means nothing. So, never become passionate and take revenge over what you see or hear, and never start torturing people you think are bad, because it could be that those people who attacked your nation were actually trying to save Moslems, and it was the other non-Moslem nation who wore Islamic clothes and uniforms to carry out the war crimes. Do not believe what you directly see, because there will be Iranians who will apparently attack you with brute force, but they won't really be Iranians, although they will speak fluent Persian, but those mercenaries will be from some nation who hates Iranians.

In this war, there will be Russians capturing you and torturing you with old KGB style gadgets and speak in brutally callous accent and curse in the Russian language, but in truth, they may be Chinese who are wearing Russian

uniforms, the way Mongol regiments wore Soviet uniforms in WW2.

Events like these already happened in the Middle East, as recently as October 2023, when men screamed god is great and paraded naked women and raped their bodies in public, but all those crimes were done by men who were never Moslems, and were from a neighbouring country which hated Islam, but those mercenaries knew how to speak Arabic and so they decided to frame the people of that religion in order to turn global sympathy against them. Don't ever believe in what you see either. For example, Israel is apparently attacking Palestinian civilians and bombing thousands of children, but in reality, they are also victim of this high-tech mercenary group, which is hacking Israeli drones and often giving them false readings, and making them think that trucks carrying aid and foreign charity worker are actually transporting explosives, and this makes the Israeli military retaliate, inadvertently killing Palestinian civilians, and this cycle goes on, and each country hates the other even more, and the violence continues. They are making Israelis kill Palestinian civilians to destroy both religion or use Israel against Iran.

Rule of War:

Be extremely chaste!

As soon as the war starts, Moslem soldiers and their commanders must stop all sexual relationships with even wives.

Many men think that it is their duty to have sexual relationships before leaving for war. But women will not be pleased by lust. Their happiness is controlled by God. The moment the war starts, stop every kind of sexual relationship; stop every kind of sexual actions, stop every kind of sexual thoughts, stop and delete every single sexually provocative images and videos from your phone. Never ever allow a single sexual thought to come to your mind and avoid all kinds of sexual relationship with your partners, be it married or unmarried.

Remember one thing, woman never love men because of sexual relationships. They love men because they believe that their husbands are their lovers, and love them. A letter of poetry to tell her that you are thinking of her is 100 times more effective than having a sexual relationship with her before leaving.

How can you keep your soldiers chaste?

Constantly teach them self-control and force them into religion and familiarise them with Islamic values because there is no way to control men except for using religion and put some fear of God in their hearts when they are in a country where the civilians are vulnerable, and at their mercy. Do not let the actions and the torture and the cruelty and the killing of your soldiers destroy your entire nation's winning agenda. The entire world, democracy, freedom and justice is dependent upon you and your soldiers and their behaviour towards the enemy. Each Moslem soldier holds the honour of the entire country and the freedom of the entire universe and their hands. You cannot possibly hand over the entire world's security, and every single human being's future in the hands of the communist Chinese, so they could torture and put all Christians Jews and Moslems into concentration camps and destroy religious freedom and all kinds of civilised freedom by putting people into slave labour camps, and taking their children away for not following a rule or a regulation.

If you are not chaste, you will not be able to defend yourself from the godless forces in the

Buddhist Burmese army that are currently oppressing its Moslem Rakhine population. If Moslems are not chaste, they will become heartless, and will only care about their own lust and desires, and if they see mothers weeping and crying for their children who are buried under the rubble for days with the bodies of their other siblings, those men will not feel anything. They will feel sorry only for themselves. They will feel pain for themselves because they could not use the body of another person sexually. Because they could not consensually molest a woman or another youngster. They will begin to imagine that no one in the world is more of a victim than they are. What about the children of places in Asia like the Indian border with Myanmar where there are millions of women refugees whose children were burnt in front of them whose children were assaulted in front of them and torn to pieces by the Buddhist junta? Lust and sex blinds men and make them such cruel animals and beasts that they have no feelings for those women, for those mothers and those children. Lust makes them the most cruel animals because even animals don't spend their entire life making films about their sexual relationships and their private parts and fulfilling their desires.

Do Not Be Enemy to the WEST:

While most of the wars in today's world are being indirectly funded by Western nations, Moslem commanders should keep in mind that no matter how angry they feel, they should not choose communist China or Buddhist Burma as their allies.

If China takes over countries like India, or Pakistan, then there will be no one left in the Indian subcontinent with a human heart or mind, because every decent person will be executed, and all Indian women will be violently assaulted and sexually humiliated, the way we have read UN reports on the treatments of the Chinese Moslems in Xinjiang. Since 2014, the Chinese communist government has committed a series of ongoing human rights abuses against Uyghurs and other Turkic Moslem minorities in Xinjiang in organised persecution and genocide. The United Nations have reported how the CCP conducted mass arbitrary arrests and detention, torture, mass surveillance, cultural and religious persecution, family separation, forced labour, sexual violence, and violations of reproductive rights on Moslems who

refused to give up their faith. On 2014, the Chinese Communist Party launched a brutal campaign against all Moslems which involved surveillance and restrictions in Xinjiang, and by 2017, millions were enslaved in labour camps and were being tortured, and Moslems were forced to eat pork and banned from praying or fasting under the leader ship of Xinjiang Chinese Communist Party Secretary. In addition to mass detention of Moslems, the Chinese government policies have included forced labour and factory work, suppression of Uyghur religious practices, political indoctrination, forced sterilisation, forced contraception, and forced abortion of Moslem women. Nearly twenty thousand mosques have been razed or damaged, and hundreds of thousands of Moslem children were forcibly separated from their parents and sent to communist boarding schools where they were taught to hate their parents.

This is a sample of what will happen to countries that are bordering China, such as India, if the Chinese army ever gets a chance to invade and occupy the Indian cities. It will be a global catastrophe, as no Indian honourable women will be spared from the torment, and hundreds of millions of half-Chinese children will be born from the sexual assaults, and this

will create a violent generation of dangerous citizens, who will one day destroy the Indian civilisation.

Moslems must uphold morality and chastity to ensure that they remain on the winning side, so that they never have to become enslaved to godless nations like Chinese and Myanmar.

RULE OF KINDNESS:

TREAT prisoners extremely well.

Even if Moslem soldiers have to starve themselves and remain without food, they should never let their prisoners stay hungry.

If necessary, starve yourself but give them food, as that is the spirit of Islam, and the commandment of Allah.

Do not let Moslem soldiers indulge in sinful acts, and never let them talk about their sex, or their sexual orientation or their sexual identity. Ban it and severely scold them for any mention of sexual activities. Tell them that nothing sexual is allowed in your regiment. And that you will not tolerate anything remotely related to the sexual subject. Scold them severely and insult them in front of

everyone, telling them that they're not a patriot, but if they are sex addicts, then to leave the army.

The young men that are being conscripted in non-Moslem nations like England and America, and other Western countries are mostly lustful and of the most violent kind, because due to widespread internet, this generation is filled with men who have forgotten religion, and the people in England and the United States who were once very pious Christians, now are selfish, who hates their country, who are sex addicted, porn-addict, cruel, obsessed over food, and their own survival and selfish beyond human imagination. If only the people of the West became religious again, they would be upholders of morality and peace in the world and would never have targeted harmless Moslem nations to sow discord and division.

Moslems now must bear the responsibility to be chaste and remain pure, and they must work hard on teaching purity to the West as well, or else they will not only destroy their country, but will eventually destroy others too. They will torture every civilian whenever they go and find someone alone, turning countries

and nations against you and your whole country, and your entire army.

During the 1900s, American people were pious and religious and they practised Christianity very honestly, and at that time, they even made their women dress modestly, and never became obsessed with forcing Moslem women to become naked, nor did they ever encourage the world to promote homosexual relationships in films and television.

It was during that time that America had a morality police, similar to the religious police forces in some Moslem-majority nations today, and they worked tirelessly to ensure all women in their states wore long dresses and veils, and women who wore revealing bathing suits were arrested.

Now, however, America is not the same country it was a hundred years ago, because the majority of the people there are immigrants from Spanish countries or Asian nations, and now, they banned the public display of religion from many places and made sex education mandatory for children, and even force parents to allow their teenagers to be castrated and undergo sex change surgeries. After becoming sexually promiscuous, the United States media decided that they wanted

to make the whole world like them, so now, in every Hollywood blockbuster film, they display the most filthy sexual scenes, and even began to normalise incest, by making television shows displaying graphic scenes of sexual acts between mother and son, so that this form of sickness and incest becomes a norm in the world. The reason Americans are doing this is because they are foolish.

The world media is now influenced by this sexual propaganda. This happened because countries like United States are generous and kind, but they are also very gullible and foolish and dumb in the sense that they are easily swayed and easily persuaded to change their minds over any little small things.

So, once America was a defender for liberty and upheld morality and chastity in its cities and towns and the American Plan which was implemented in 1900, consisted of a group of morality police and purity squads in every single beach city, in every single town to make sure that no American citizen ever engaged in illicit sexual activities or relationships. Why were the Americans so strict in their chastity? Because the US government at that time was naturally inclined to prevent evil as they were practising Christians. However, all good

hearted and kind Americans are also extremely foolish and very dumb, so when immigrants came into this country with their passionate rage, they convinced the Americans that it is their right to have a lot of sex and it is their right to dress as they pleased, so the Americans in their foolishness and passion went ahead and supported those immigrants and as they still are doing today, by bringing in millions and millions of people and illegal immigrants from South America and other Spanish countries and filling their own continent with immigrants. Now, foreigners and Hispanic immigrants are also a very sweet and kind race, and there is no doubt that most Spanish people are also generous and kind but the problem with the Spaniards is that there are also extremely unpredictable and passionate, When they stay within their own country, they are able to remain religious and pious, because their religious clerics and clergy are very strict and they also have a cohesive family to influence them positively, but when they come to a modern first-world country like United States, they experience all the comfort and all the luxuries of the first world country. Then they become self-entitled, and they begin to demand more and more and more until the Americans who have lived here with morality

and upheld freedom and democracy for 300 years begin to lose their own grasp their own morality and begin to change their own laws in favour of those sexual laws which the new comers are demanding.

It is worth remembering that prior to the arrival of millions of immigrants, the United States was a singularly Christian country which appealed to high moral values and respected its clergy, but after the increase in immigration, and after millions of people from South America and other places arrived in the United States, they changed the demographics so much that eventually, the Americans stopped being good Christians and eventually they began to give molesting and abuse cases against the priest. There are many books that prove that the majority of the sexual abuse cases against the Catholic clergy were false, and one of the books was written by Kristin Coman and it is clearly evident from those reports that the majority of the cases given against the Catholic clergy were completely fabricated, but the Americans are dumb and very passionate, so when they were told that some clergy may have been abusing their parishioners, Americans became so enraged and furious that they began to write thousands and thousands of books and articles against

the priests. Most people, in their rage and pain, became atheist and also became devil worshipers. You will notice that if you ever upload a single video praising the Catholic clergy or any priest for that matter, you will find Americans in thousands commenting in the most cruel and vicious way, and cursing and damning the priest as child molesters although in the United States, currently there are tens of thousands of homosexual couples who regularly abuse their adopted children and many have been convicted of paedophilia and other sexual crimes but because the Americans are stupid, they are senselessly emotional and only become angry at a group which the media convinced them to hate. It is for this reason that the American media will never report on those crimes of gay couple or homosexual criminals, but they will spend years of their lives framing and reporting negative stories about the priest, or about Moslems, or about the Russians, or about the Arabs and now about the Hamas and about the ISIS and all the terrorist organizations that exist or which were created by their own mercenary operatives. In their foolishness, the Americans were made to believe that Arabs are their enemies, although you will never find a nation more soft-hearted than the Arabs because they

are extremely compassionate and often cry and weep and try to help desperately to help others, and it is significant to see that there is not a single mafia and a single gang and a single drug cartel or a single drug lord or war leader in the Middle East, while in countries within South America, hundreds of gang members roam every street, and shoot down civilians in broad daylight, and still, Americans love the Spanish nations and blindly think that Arabs are dangerous. They do not realise that because the Arabs or Moslems are emotional, they are driven by love and mercy, and so, they can never be persuaded to join criminal organisations for money or for power. Yes, some may argue that there are some terrorist organisations today but we have to ask ourselves: where did these terrorists come from? Had all these terrorists existed in Arabia before the arrival of the US and coalition forces and had they been violent before the Americans invaded?

Even though they were not Moslems, in World War I and II, the United States Army commanders used sexually transmitted diseases and syphilis as an excuse to completely forbid and stop every single soldier

from having sexual relationship with anyone. They kept them locked in the barracks for six months to one year at a time (even when they were stationed in friendly territory), and if anyone of them left, they would have them thoroughly checked and their whole body, checked and humiliated in front of all other soldiers, so that they do not go the next time.

As commanders of the Moslem army, you have to become even more strict in upholding morality and chastity in your people.

DO NOT FIGHT Moslems:

Moslem commanders should remind their leaders to be united, and never fight too fiercely against fellow Moslems.

Don't ever take help from disbelievers. No Moslem should destroy other Moslem races and nations in order to hand over the mantle of power to those who do not believe in Islam, because without the merciful guidance of Allah, humans will not be able to stay humane.

Even if you see obvious evidence that a Moslem is attacking you, know that it could be a farce or a cover up. I can give a list of nearly fifty wars and conflicts that have been directly orchestrated by a non-Moslem mercenary group that had wanted to pitch Moslems against one another. What if I said, that the Iran Iraq war of 1979, the Iraq Saudi war and the Iraq Kuwait war of the 1980s, the Bosnian Serbian war of the 1990s, the Chechen Russian war of the 1990s, the Afghan American war of the 2000s, the Iraq American war of the 2000s, the Burmese civil war and their oppression of their Moslem minority, the Chinese oppression of their Muslim minority, the Syrian civil war, the Yemeni and Saudi civil war, the Palestinian and Israeli war, the Ukrainian and Russian war, and nearly every single of those wars, every single of those terrorist attacks that happened before the war, every single of those civil wars and unrest and uprising and political movement was given and controlled by mad irreligious men who wanted to destroy religion

because religion like Islam stood against their romantic ideals and made them feel inferior, and in order to destabilise the country to take over the government and pass laws that will make their sexual identity honourable, they started the wars, the framing and the rape and the murders were all been given.

In every single of those wars, Moslems or Arabs were framed and not a single of those wars were given by religious men, not a single of those civil unrests and terrorist organizations was created by religious men. Every single of those wars was given by angry faithless men who were addicted to sexual acts.

In 1978, a communist politician launched the Saur Revolution and co-founded the Democratic Republic of Afghanistan, and this caused more women to wear short skirts and join communist parties, and unsurprisingly, on December 1979, the Soviet Union invaded Afghanistan and the Russian imperialist military occupation lasted from 1979 to 1989, a period when Afghanistan became the scene of a bloody civil war and a proxy war between the United States and Pakistan on the one hand, and the Soviet Union on the other hand. This is the direct result of what happened when

Afghan girls under the influence of Queen Humaira wanted to wear short skirts and the government called in Soviets to come and save them from mujahideen Taliban, and then every woman in the nation got sexually assaulted and suffered so much pain for the next thirty years, that even today, the nation is scarred.

Moslems must realise that no matter how many times other Moslem-majority nations try to invade or harass them, they must never call in the non-Moslems to help them fight fellow brothers in Islam.

Yes, you may suffer from starvation and famine, but never take help from disbelievers, even if it means your nation will suffer millions of sexual assaults and deaths. Begging disbelievers or communist for assistance will not save your life, faith or soul, as Afghanistan had seen when they first begged the Soviets for help, and when the Soviet communist invaded them, they begged the Americans for help, and then the US military decided to occupy them from 2000 to 2020 and created bizarre facilities like the Bagram Base.

Never call them for help, even if you starve to death. Never utilise the help of non-Moslems against your Moslems brothers. Instead of turning to others for help, work on improving

the faith of your own people and teach Moslems chastity and religion, because if they give up faith, they will become sinful, and when they become sinful, they will naturally become hateful, angry and proud, and as a result, Allah will remove Islam from their hearts.

Today, some people in Iran are once again falling victims to the same faithless mindset, and like the women under Shah's rule, they once more want to wear short skirts, and are hoping to destroy the religious people in their own country and bring in non-Moslem soldiers from Europe and America, so they can become free, naked and promiscuous.

They were told that the West wants to free them, and grant them the freedom to fornicate and defecate in public. So, now, they will become Zoroastrian once again, and practice pagan rituals in order to become free of Islam, because some media outlets convinced them that being godless is honourable when it was Allah who granted mankind mercy, dignity and justice. Islam gave people honour, but ignorant people in Persia think that returning to their fire-worshipping customs of the past is better, even though the Zoroastrians did not bury their loved ones, but instead, gave their dead

to vultures, and bathed body in urine and practices necromancy, and burned humans in pagan sacrifices and practiced other filths which Islam freed them from and offered them a pure way of life, but now, just because they want more sex, they are trying to say that they want west to come to their country and free them, but it will never work this way.

Now they want to go back to the pagan past only to appease their own desires and lust, but history has shown that seeking help from disbelievers can never save a nation from peril. It only makes their lives worse.

A SCOURGED NATION:

Today, while many Moslems are stubbornly refusing to give up life's pleasures, and are refraining from being celibate and chaste, there are 8 billion people around the world that curse Islam, and Moslems are the most defamed and dishonoured group in the world, but still, we cannot find tears to shed, so busy we are in trying to live up to life's comforts.

On October 2023, a group of Christian Arab and ex-Moslem mercenaries carried out an incident by cutting off women's bodies, and doing other crimes in order to make the world

believe Islam is violent, and thus, as Moslems become more lustful, the enemies of Islam will make all Moslem children hate their own religion, and make them godless, and eventually, they will all be brainwashed to become gays and homosexuals, or they will become ex-Moslems and constantly defame Islam online to teach 8 billion people to hate them even more.

Moslems toady sit on the internet and do sin, and as a result of their indulgence, their defamation reached 8 billion people. Before they began sinning, Islam was honoured, and only about ten million people in the world had access to computers or radios and no one ever heard about the fake news about Moslems. In previous eras, Moslem had feelings for their religion, but now, they lost their humanity and do not even want the defamation to stop.

Eight billion people consider them to be terrorists.

Eight billion people erroneously think that Moslems are evil.

Eight billion people hate Muslims.

Now that everyone has smartphones, the hate and dishonour of Moslems had reached every corner of the globe, and no Moslem dares to

say a word against it, or even tries to claim they are innocent of the vile crimes they were framed for by non-Moslem mercenaries.

Everyone who carried out crimes in recent terror attack was ex-Moslem and Christian, but the Jews and Christian girls who were being assaulted actually thought Moslem men did it, and they still think all Moslems will rape them again. Every time Moslems will be indulged in lust, they should remember that ten years later, your women will become wife of a Chinese or Burmese Buddhist soldier, because the Communist China and Burmese junta are very strict with their men, and they force their soldiers to remain chaste, so naturally, they will win the war, and could even take over countries like India, Pakistan or Bangladesh, and enslave all the Indians in their re-education concentration camps.

EVEN non-Muslims, when they give up lust away, get rewarded for their self-control, whereas, when Moslem men are lustful, they not only suffer pain in this life, but also face humiliation around the world, in an internet age, where eight billion people watch the livestream videos of how all Moslem men are rapists, and that they sexually assault their women, and beat their children. Yes, may cruel

attacks take place around the world every day, and many of the perpetrators claim to be Moslems, but they are not followers of Islam. They are imposters trying to distort the image of Islam, while some are actual Moslems who are threatened to pose in gruesome videos and chant some Arabic lines. On 2023, after an attack on Jews, Moslem groups in the Middle East were defamed beyond reasonable limits.

How can Moslem leaders and commanders prevent such destruction and defamation?

From today, begin preaching actively, by starting with your own family. Sit with your wife and kids and read Koran and listen to sermons and other religious speeches, and learn about Allah, and listen to the verses of the Koran.

HAVE FAITH: LOGIC WILL NOT WORK

Some non-Moslem media outlets will announce that all Moslem men beat their wives, when in reality, in every city in Europe and America, there are centres to beat women, and each month, hundreds of young and old women are whipped to death by men for

sexual gratification, but every human rights specialist in the West will insist that that they are exercising basic sexual rights and are very humane and kind, because the destitute sex worker and other unfortunate women working in brothels had signed contracts giving consent to getting whipped by men who are much stronger than them. But of course, they will say only Islam is violent and Moslem men beat women. Tens of thousands of non-Moslem men and women participate in bondage and discipline, dominance and submission, and sadism and masochism as this is a widespread and highly prevalent practice of sexuality. Hundreds of BDSM practitioners in North America and Europe die from their torture, while Europeans and Americans will never call those men abusers or women, although the women die from the beating and flogging in those perverted sex centres. They will only criticise Moslems and never mention their own crimes.

It is only the Moslem men who are accused of raping women. No one in the world will dare talk about how in every two second, one woman in getting raped and sexually assaulted in Europe and North America, even though

they claim to have total freedom. Sex and torture are considered freedom when they take place in the West, such as the 2015 survey studying thousands of American adults who admitted that they practice spanking, restraint and flogging during sexual acts. Those are ever going to be reported as sexual violence.

Moslems are often considered killers and violent, but media outlets will seldom report on the atrocities of the previous empires, such as the infamous Genghis Khan who slaughtered millions of people.

WHY? What was the real reason for the suffering of Moslems during the crusades?

**What is the actual reason for Moslems being portrayed as violent and dangerous?
It is because of lust and carnal desires which too many Moslems are busily engrossed in.**

It is worth recalling that the brutal force of Genghis Khan did not torture or hurt the Christians, but rather, they had signed a peace pact with them, which ensured that only Moslems would be attacked and die. The Mongols did not touch Christians, and told them everyone inside churches will be safe, and so, it was a pact, but this was chiefly

because the Christians of that time were chaste, and Moslems were having sexual relations with the wives and slave girls, and so, they lost the battle, and every Moslem officer, king and general were squashed to death under heavy boards, and thousands of Mongol soldiers feasted over the boards and suffocated them to death. People waded in waist deep blood in Baghdad, and women suffered unimaginably.

WHY? Because the Moslems were indulgent as they are now today.

The modern Iranians think that the non-Moslems are going to be good friends to them, but they do not realise that as soon as they overthrow their own government, and all the disbelievers move in to Persia, they will not be able to survive. Every child will abandon religion and give up faith in Allah, and every woman will be forced to become unchaste for a piece of bread, and like Germany of World War Two, where every mother had to sexually serve the occupying soldier to feed her children, women from eight to eighty will have to humiliate themselves for one morsel of food. Like the women in World War Two Germany, the Moslems will become as disgraced and destitute like that if you don't

stop sex today. They passionate Persians of today do not have any idea how horribly they will be sexually assaulted if non-Moslems ever enter their country.

Moslem soldiers must keep in mind that if they become too engrossed in lust, then they will not be able to win this war, and the communist and godless forces like the Buddhist Myanmar's army or the Chinese soldiers will become successful and take over the world, and enslave all the Moslems in the universe.

If Moslems disappear from the face of earth, there will be no one left to teach people chastity, faith and honour, and there will be no force to maintain charity, freedom, faith, love and humanity in the whole world. With Islamic justice and charity, the world still enjoys freedom and humanity can exist in this universe.

At this point, here I want to address the Moslem soldiers and remind them that if they do not win, then the world will not survive. Should a godless nation like China become powerful, then Islam as a religion will be their target. Remember what the Chinese did to their Moslem minorities by killing several million of them starting from 2018? Watch the pictures of their torture and read the

testimony of the victims. Remember how Myanmar, who is a strong ally of China and is being their puppet and using funding and their military, planned an attack on India, and remember what they did to their Moslem minorities in Rakhine by killing almost 1,000,000 of them and sexually assaulting hundreds of thousands of Moslem chaste women and burning their children in the most horrific way in front of their mothers. Remember how China, from 1965, tested dozens of nuclear weapons on their Moslem population, making their entire Moslem community susceptible to diseases and have the highest rate of cancer. Remember, how communist Stalin killed millions of Moslems and shut down thousands of mosques (which the Christian Germans helped rebuild later) and how Stalin's forces froze thousands of religious scholars by sending them on trains and buses to Siberia and leaving them in the ice to die. Should another non-Moslem leader like that come to power, then Moslems will be defamed and insulted, and the media will call you rapists and terrorists. You and your entire religion will just be annihilated. It is in the best interest for all Moslems to become chaste and do everything in their power to become

celibate, so they do not have to become victims like the people of Baghdad.

Remember, how the Mongolian Chinese forces came and turned Baghdad and Iran into a river of blood and killing millions of them?

If China and their communism takes over the world, then no woman will even have the right to speak, and every single woman will be forced into slave labour without any exception. No feminists can control them, or have any say because they will all be in a slave labour camp working 16 hours a day for one cent.

Moslems must stay chaste, and Moslem commanders must teach their men the importance of purity, otherwise, the non-Moslem forces from Europe and America will take over all political powers in the world and they will make homosexuality and fornication mandatory and is now, already making incest legal in their countries, by producing Hollywood films promoting incestuous relationships. Entire Europe and North America is homosexual now, and they teach their children to glorify sexual perversion, and makes toddlers watch gay films and even arrest parents who refuse to let their little children become homosexual. So, it is doubly important for all Moslems to fight for Islam, and not let

the evil and lustful forces to take over your people, and corrupt your children. Whatever happens in your life, do not take help from them, even if you suffer from nuclear fallout, or bombs, because once you take help from them, they will make you live a lifestyle akin to them.

The only way you can survive this world is by being chaste, and seeking forgiveness from Allah on behalf of yourself and all the Moslems.

Sometimes, you may feel angry at other Moslems, who you will imagine is attacking you, but keep in mind that if small groups like Houthi, or Hezbollah, or some other group attacks you, such as ISIS, then it is not the Moslems who are behind it, but rather a group of mercenary criminals who hate Islam, and who want to defame all Moslems by making Moslem nations fight against one another.

Remember that ISIS was created in non-Moslem US camp, where their supreme leader is non-Moslem as well, but who wore a turban and called himself Abu Bakr, or some other Arabic name, to confuse people. So, everything you will see around you is false. The ISIS terrorist group claimed they were Moslems and they executed hundreds of hostages,

mostly fellow Moslem, on air with much shouting and flair, and even sported Islamic symbols on their banners and wore Arabic outfit and even had names which were identical to all the Moslem prophets, saints and ancient scholars. However, when some independent special forces infiltrated the group, they found out that most of the ISIS members were mercenaries who were neither Arab nor Moslems. While most of the terrorist leaders were either French free-lance operative, or former Israeli intelligence officers, a handful of Moslem peasants were employed to pose as terrorists in the frontlines and on cameras, but in many cases, these men were either coerced or threatened with death if they did not act like terrorists, or some acted under monetary incentives and joined this terror network.

Recent investigations carried out by numerous reporters and former intelligence officers found that the group that calls itself an Islamic terror state was created by a stealthy team of mercenaries who were not even adherents of Islam, nor did they believe in Moslem Koran or its prophet. One of the main leaders of ISIS was believed to have been a man by the name of Abu Bakr al-Baghdad, but whoever the man had been was likely deceased a few years prior

to the creation of ISIS, according to different sources. The person who posed in terror videos as a Moslem named Abu Bakr was not only an intelligence asset working for a tri-national espionage network, but he was also a Masonic member. A plethora of evidence from trusted source recently confirmed Abu Bakr al-Baghdad's membership in the infamous Hathor Pentalpha Ur-Lodge. Gioele Magaldi was one of the persons who deposited the evidence of al-Baghdad's Masonic connection to trusted lawyers in London, Paris and New York for security reasons. Despite thousands of evidences that the Syrian terror network was made by former intelligence operatives, the usual false media propaganda however insisted that ISIS was a Moslem group when all its creators, leaders, and fighters were non-Moslem mercenaries who sought to profit from internal civil wars in the Middle East. Interestingly enough, ISIS leaders decided to raise the concept of a Caliphate in order to beguile real Moslem into working for them, so they took particular care to make sure their leader was named after actual Moslem saints like prophet's friend Abu Bakr, who died in the seventh century. This was not the first time in the Moslem world that non-Moslem terror group posed as Moslems and carried out

massive crimes and murders. SO, Do NOT get angry at Moslems if you see they are attacking you, and don't become too busy killing Moslems. There is NO USE killing Moslems because they are likely bring used and framed to you by others. So, don't waste time on fighting back against Moslems who allegedly attack you, because they are possibly framed.

In Europe, most of those who were once Christians have become pagan, and many people officially follow satanism, and they are being influenced by the homosexual and incestuous Hollywood films, that only show sexual content, and are desperate to make everyone in the world equally debaucherous, and so, the media will never stop screaming about the horrors of Moslem nations, like highlighting one small fictional incident, where a young woman was forced to wear a scarf on her head, while there are thousands of sex workers in Europe whose pimps do not allow them to wear jackets in the freezing winter, because customers would not be able to see their bodies if they are covered.

Is it due to love that every western media is only crying about the rights of Persian women to remove their headscarf or become naked,

when in their own countries, millions of women die from consensual whipping, flogging and drowning each year?

They scream about women like Mahsa Amini, because they want to convince every young Moslem boy and girl to become naked and accept homosexuality, and eventually normalise incest, because it is their nature that when they do some act, they want everyone else in the world to do it, so that it will not seem as though it is a criminal act.

Every time you feel like indulging in lust acts, remember, how the disbelievers will rape and make your women prostitute if they ever enter your nation and defeat your army, and they will corrupt their daughter, the way most men in Europe and America allow their teenage girls to send naked pictures to people online.

Oftentimes, the Western media will claim that Moslem men beat their women and force their teenage daughters to marry, but in reality, it is the non-Moslem men who regularly pimp out their own daughters due to online presence. For example, research have shown that internet sites like only fans are often managed by the fathers of teenage girls who take naked pictures of their daughters and upload it for other men to see and pay them money.

However, no one in the world will call those fathers criminals for forcing their daughters to prostitute themselves, but if any Moslem father in the world dares advise his daughter to wear a veil, then every single media outlet in the universe will call the man the most cruel and vile human being for letting his daughter or wife cover her body and remain chaste or honourable.

*Instead of fighting the world, kill
your ego.*

RUMI

You cannot win against them if you are not chaste.

The communist Chinese soldiers do not have free access to the internet, and so they do not watch Instagram, Facebook, or other social media, and thus, they will be able to rule the world, and once they take over the planet, they will not let anyone stay Moslem in the world, so to prevent that, become active in practising your religion.

Give sermons to your people each day, and deliver lectures on the Koran, and preach to your soldiers every day to keep them chaste, and do not let them have anything in their hands which could make them lustful. Do not let your men have access to phones or social media, and teach them the importance of being pure.

If you let your soldiers become lustful, they will die, and if you don't want your friends to perish, then try to be chaste and keep them single as well. If China takes over, they will stop you from all kinds of religious practice, and even ban crosses from churches, and will not allow anyone read Koran, and pray or fast, and like the Chinese cities near Xinjiang, where anyone whose light is on during the pre-dawn Sehri meal in Ramadhan, gets arrested, for daring to observe fast, every Moslem nation that becomes a subject to the communists will suffer this fate.

Your only weapon is chastity, because if you are not chaste, you cannot remain in Islam, and will be defeated by the enemy, who will kidnap all Moslem women, the way millions of Moslem women are locked away in Chinese concentration camps, and Moslem nations will fail economically should they suffer defeat in

war, and as a result, their entire population will starve, and they will be forced to engage in civil wars, kill each other and sell their humanity, their chastity, their religion and hereafter for some food.
